studious young man growing up who was constantly reading and searching for answers He possessed a high intellect and a profound curiosity He attended college in Chicago but soon after the Pearl Harbor attack enlisted in the Army At some point in time his Company was sent to serve in Panama Central America where he became ill from the effects of the jungle He received a medical discharge in 1943 and returned home to convalesce On August 5th 1945 he married my mother Hildegard H Bergt When I was young my father worked as an insurance underwriter for George F Brown Insurance and LLOYDs of London In 1960 after sitting for a civil service exam he changed careers and became a Postal Carrier My parents divorced in 1968 and dad later remarried in 1971 to Lorraine R Lawler In 1982 he retired from the downtown Chicago Post Office as supervisor My father's lifetime passion and hobby was researching for this manuscript and he dedicated his retirement years to writing this book His wife Lorraine was his source of encouragement He finally completed his book only a few months before his death February 10th 1998 I am very proud to be his daughter yours truly Janice Gold Orland *Bacon and*

Stanley Melsome, 1945 **Who Wrote Bacon?** Richard Ramsbotham, 2004 For years a popular debate has been raging about whether Shakespeare was really the author of the many plays and poems published under his name Doubters argue that Shakespeare could not have accomplished such a great feat pointing instead to other well known figures Richard Ramsbotham offers a completely different perspective by reexamining the available evidence and by introducing unexplored aspects of Rudolf Steiner's spiritual scientific research The author discusses Shakespeare's life as an actor mysteries of the debate such as the enigmatic Psalm 46 and the persistent question of Francis Bacon's connection with Shakespeare Recently a movement has been gaining ground that sees Bacon himself as the covert writer of the great works attributed to Shakespeare Not content with this radical claim that movement also wishes to place Bacon on the primary pedestal of British civilization as a kind of patron saint of the modern scientific age The author provides substantial confirmation of a definite connection between Shakespeare and Bacon but one that radically challenges the conclusions of the Baconian movement The author also opens remarkable new perspectives on King James I and his connections not only with Shakespeare and Bacon but also with Jakob Böhme Rudolf II Rosicrucianism Freemasonry and the original Globe Theatre Published 400 years after the Hampton Court Conference of 1604 Who Wrote Bacon offers a timely contribution to these themes and shows how they remain critically important to our understanding of the twenty first century Includes eight pages of B W plates **Bacon**

Shakespeare Bacon and the Great Unknown is a classic Shakespeare studies text by Andrew Lang The theory that Francis Bacon was in the main the author of Shakespeare's plays has now been for fifty years before the learned world Its advocates

have met with less support than they had reason to expect Their methods their logic and their hypotheses closely resemble those applied by many British and foreign scholars to Homer and by critics of the very Highest School to Holy Writ Yet the Baconian theory is universally rejected in England by the professors and historians of English literature **Shakespeare, Bacon, and the Great Unknown** Andrew Lang, 2023-02-03 Reproduction of the original
