Bad Day For Christopher Bear:

Bad Day for Christopher Bear Jeffs, 2002-03 **A Bad Day for Christopher Bear** Stephanie Jeffs, 2002 After Joe wakes up feeling cross and takes it out on Christopher Bear and his nursery school classmates his teacher and mother help him feel better apologize and realize that God forgives and loves him *It's Mine, Christopher Bear!* Stephanie Jeffs, 2002 Joe's kindergarten teacher helps the children in his class learn to share their toys **I Love You, Christopher Bear** Stephanie Jeffs, 2002 Joe's mother tells him that God loves people as much as Joe loves his teddy bear *Christopher Bear Makes Friends* Stephanie Jeffs, 2002 Joe takes his teddy bear with him to the first day of preschool where they make new friends *Raising Unselfish Children in a Self-Absorbed World* Jill Rigby, 2008-04-01 Child expert Jill Rigby reveals the dangers of the self-esteem parenting philosophy and offers an alternative approach that teaches children to respect both themselves and others After decades of experimenting with child-focused parenting parents are beginning to realize that the result is often self-centered children who tend toward narcissism selfishness mediocrity and dysfunction Rigby espouses a new goal of parenting gently bumping children off self-center and teaching them to be unselfish givers instead Raising Unselfish Children in a Self-Absorbed World dares to revisit the values of compassion forgiveness thanksgiving and unselfishness and insists that we can instill these values in our children With her encouraging approach Rigby helps parents realize it's never too late to change their children's point of view and equip them to interact with kindness and respect in a world outside themselves Teaching concepts such as developing a passion for compassion learning to give by forgiving and filling every day with thanksgiving Raising Unselfish Children in a Self-Absorbed World offers a new paradigm for parenting one that educates the heart and teaches moms and dads how to parent with a new end in mind **Children's Books in Print, 2007**, 2006 **Christopher's Story** John C. Rubisch, Ph.D., 2015-07-23 Part biography part social commentary and part cold case a compelling tale of the author's descent into his son's problems and the madness of the perpetual dysfunction of the country's mental health system There is an astonishing level of detail taken from reports evaluations and the author's own journal entries as he records his frustration heartbreak as well as a fair amount of humor The MH system appears as bureaucratic maze of incompetence and callousness more interested in collecting insurance payments and protecting itself from liability than in assisting others The failure of the system in the case of the author's son has disastrous results Physically abused at the age of one and a half by his own biological father the subject of this book commits physical abuse to an infant twenty-one years later with fatal consequences And just when readers have thought it couldn't get any worse there is a twist at the end that is beyond belief Staring when the boy was four the author writes of his efforts to raise his son by himself It is clear from the beginning that Christopher has emotional problems and the author seeks help However the boy is continuously misdiagnosed as ADHD with the solution being to try another medication Indications that the boy is brain damaged are ignored for many years In school learning takes a back seat to behavior management Adolescence brings

violence substance abuse inappropriate sexual advances and turns in and out of placements At a crucial stage where both father and son are pleading for help the MH system does not even return phone calls Throughout the emphasis is on the failure of the MH system rather than the possible shortcomings of individuals Pseudonyms are used to maintain the focus on the system The author concludes by citing crucial points in his son s life where opportunities for interventions were missed He also cites long standard practices in the MH field that deflect accountability and keep the system inefficient

Recommendations for changes in the system are made In the book s final passage the author citing a case of a student in the last year in which the recommendations by the MH system are totally inappropriate for the student Keywords Mental Health Medication Counseling Brain Damage Special Education ADHD Psychological Evaluation Bender Gestalt Rubisch MRI
