Bad Desire:

The Epistemology of Desire and the Problem of Nihilism Allan Hazlett, 2024-07-12 Most people have wondered whether anything really matters some have temporarily thought that nothing really matters and some philosophers have defended the view that nothing really matters However if someone thinks that nothing matters if they are a nihilist about value then it seems that it is irrational for them to care about anything It seems that nihilism about value mandates total indifference This is the problem of nihilism Allan Hazlett addresses in *The Epistemology of Desire and the Problem of Nihilism* Hazlett argues that the problem of nihilism arises because desire and thus caring is a species of evaluation that admits of irrationality This contradicts the influential Humean view that desire does not admit of irrationality which has a ready solution to the problem of nihilism since desire does not admit of irrationality it cannot be irrational to care about something that you believe does not matter However following G E Anscombe Hazlett argues that desire has the same relationship to goodness as belief has to truth just as truth is the accuracy condition for belief goodness is the accuracy condition for desire This reveals desire as an appropriate target of epistemological inquiry in the same way that belief is an appropriate target of epistemological inquiry Desires can amount to knowledge in the same way that beliefs can amount to knowledge and crucially for the problem of nihilism desire admits of irrationality in the same way that belief admits of irrationality Nevertheless although it is obviously irrational to believe something that you believe is not true Hazlett argues that it is not irrational to desire something you believe is not good despite the fact that goodness is the accuracy condition for desire This provides a solution to the problem of nihilism and shows that nihilism about value can coherently be combined with the anti Humean view that desire is a species of evaluation

Desire to Be Satisfied D.N. Greenwald, 2014-08-23 There are over 7 billion people on this planet earth of which there are no two that are exactly alike from positive to negative from good to bad from a perfect ten down to a one in every way and every degree in between and yet in spite of all of their differences in thought they all want to be satisfied It started with the desires of Adam and Eve it continues today and there always will be for all of us Desire to be Satisfied

Trials of Reason David Wolfsdorf, 2008-01-22 Scholarship on Plato's dialogues persistently divides its focus between the dramatic or literary and the philosophical or argumentative dimensions of the texts But this hermeneutic division of labor is naive for Plato's arguments are embedded in dramatic dialogues and developed through complex largely informal exchanges between literary characters Consequently it is questionable how readers can even attribute arguments and theses to the author himself The answer to this question lies in transcending the scholarly divide and integrating the literary and philosophical dimensions of the texts This is the task of *Trials of Reason* The study focuses on a set of fourteen so called early dialogues beginning with a methodological framework that explains how to integrate the argumentation and the drama in these texts Unlike most canonical philosophical works the early dialogues do not merely express the results of the practice of philosophy Rather they dramatize philosophy as a kind of motivation the desire for knowledge of goodness They

dramatize philosophy as a discursive practice motivated by this desire and ideally governed by reason And they dramatize the trials to which desire and reason are subject that is the difficulties of realizing philosophy as a form of motivation a practice and an epistemic achievement In short Trials of Reason argues that Plato s early dialogues are as much works of meta philosophy as philosophy itself What Is Good and Why Richard Kraut,2007-04-30 What is good how do we know and how important is it In this book one of our most respected analytical philosophers reorients these questions around the notion of what causes human beings to flourish Observing that we can sensibly address what is good for plants and animals no less than what is good for people Kraut applies a general principle to the entire living world what is good for complex organisms consists in the exercise of their natural powers **Between Desire and Pleasure** Frida Beckman,2013-05-31 Intervening into fields including posthumanist disability animal and feminist studies and current critiques of capitalism and consumerism Frida Beckman recovers a theory of sexuality from Deleuze s work **A Female Poetics of Empire** Julia Kuehn,2013-10-30 Many well known male writers produced fictions about colonial spaces and discussed the advantages of realism over romance and vice versa in the art of fiction debate of the 1880s but how did female writers contribute to colonial fiction This volume links fictional non fictional and pictorial representations of a colonial otherness with the late nineteenth century artistic concerns about representational conventions and possibilities The author explores these texts and images through the postcolonial framework of exoticism arguing that the epistemological dilemma of a self encountering an other results in the interrelated predicament to find poetic modalities mimetic realistic and documentary on the one hand romantic fantastic and picturesque on the other that befit an exotic representation Thus women writers did not only participate in the making of colonial fictions but also in the late nineteenth century artistic debate about the nature of fiction This book maps the epistemological concerns of exoticism and of difference self and other home and away familiarity and strangeness onto the representational modes of realism and romance The author focuses exclusively on female novelists travel writers and painters of the turn of the century exotic and especially on neglected authors of academically under researched genres such as the bestselling novel and the travelogue **Christian Ethics, Volume 1** Karl-Heinz Peschke,2012-08-21 This recent edition of Christian Ethics Volume I is a thoroughly revised and updated version of fundamental moral theology As in the previous editions the author makes himself an interpreter of the demands of Vatican Council II and its request that moral theology be rooted more fully in Holy Scripture At the same time account is taken of the new developments in the field of ethics New issues of actual concern are taken up such as the deontological and teleological conditions of moral norms the confrontation between conscience and civil or ecclesiastical law the communal roots of Christian identity the requirement of liberty and the ethical compromise The book addresses itself to all who are interested in the moral teaching of the Christian faith and endeavors to be a helpful instrument to this end *Lectures on Ethics, 1900 - 1901* Donald F Koch,2008-06-30 In Lectures on Ethics 1900 1901 Donald F Koch supplies the only extant complete transcription of the annual three course

sequence on ethics John Dewey gave at the University of Chicago In his introduction Koch argues that these lectures offer the best systematic overall introduction to Dewey s approach to moral philosophy and are the only account showing the unity of his views in nearly all phases of ethical inquiry These lectures are the only work by Dewey to set forth a complete theory of moral language They offer a clear illustration of the central methodological questions in the development of a pragmatic instrumentalist ethic and the actual working out of the instrumentalist approach as distinct from simply presenting it as a conclusion

The Bible and Homosexual Practice Robert A. J. Gagnon,2010-10-01 Gagnon offers the most thorough analysis to date of the biblical texts relating to homosexuality He demonstrates why attempts to classify the Bible s rejection of same sex intercourse as irrelevant for our contemporary context fail to do justice to the biblical texts and to current scientific data

Gagnon's book powerfully challenges attempts to identify love and inclusivity with affirmation of homosexual practice the most sophisticated and convincing examination of the biblical data for our time Jrgen Becker Professor of New Testament Christian Albrechts University [An Inquiry](#) Inquiry,1823 **Bible Wonders** Richard NEWTON (D.D., Rector of St. Paul's Church, Philadelphia.),1869 *Form and Reason* Edward C. Halper,1993-01-01 This book uses the study of philosophical texts to raise and explore metaphysical issues On one level each essay addresses a scholarly issue in a classical text often a text of Aristotle's On a deeper level the issues Halper considers are metaphysical However unlike thinkers who have brought linguistic analysis and contemporary metaphysical notions to these texts Halper approaches them to find their formulations of issues and their strategies of pursuit Halper is not concerned with the defense of metaphysical commitments but with finding and exploring paths of metaphysical inquiry The essays in this volume are exploratory and exegetical rather than decisive Their contribution to metaphysics lies in the issues they raise the methods they explore and their conception of metaphysics as a discipline rooted in philosophical problems **Removing Rebellion's Roots** Olan Stubbs,2025-04-18 All people deal with intrusive thoughts at times All of us have some practices in our lives we are not proud of Many would call these struggles sins Why are there thoughts and deeds we hate yet that recur so often in our lives The Bible teaches there is a real supernatural source behind these thoughts and deeds Satan is real but so is God God's word has all the truth and power we need to set us free from the influence of sin and Satan Satan will use the events of our personal lives to convince us that lies are true He is very convincing He will lie to us about God about ourselves about the gospel and about all of life He roots his lies in enough truth to make them very believable Discerning them is not always easy Satan is very crafty shrewd and subtle God's word and Spirit are able to give us all that we need to take each sinful thought captive Further God supplies the truth that must replace Satan's lies God's truth is the foundation for a holy life God's truth is the pure substance we need to replace the roots of our sinful practices **Free Will: Free agency, moral responsibility, and skepticism** John Martin Fischer,2005 **Punishment** Eve Tushnet,2019-11-30 A lesbian parolee re integrates into life in DC in a dark comedy about the dangers and delights of humiliation Desiree Schulman is home from federal prison almost When Des returns to Washington DC under conditional release she wants three things to repair her relationships to practice humility and to stay out of prison So she reconnects with her local sadomasochists group and pursues an elusive ex She takes a state mandated job cleaning and judging other people's houses flings a few prayers at whatever Higher Power might be listening and spends her group therapy trying to justify her happy childhood to the women of her halfway house But Des's downwardly mobile skid through the gentrifying city is more dangerous than she realizes Behind a high fence in wealthy Upper Northwest a cult is preying on vulnerable women And when Des discovers their secret she'll have to find out whether she's willing to risk her own freedom for somebody else's Set in the shadow of the 2016 election Punishment is a story about all the ways we surrender the ridiculous ways and the sublime ways and the sad sordid ways the ways which damage us and the ways which
