**Beyond Explicit** Helen Hester,2014-02-01 Develops a novel characterization of the pornographic as a cultural concept This original contribution to porn studies aims to interrogate previously untheorized changes in contemporary understandings of the pornographic Helen Hester argues that the words porn and pornographic are currently being applied to an ever expanding range of material and that this change in language usage reflects a wider shift in perception She suggests that we are witnessing a seemingly paradoxical move away from sex within contemporary understandings of porn as a range of other factors come to influence the concept Using examples from media literature and culture and discussing the rise of notions such as torture porn and misery porn Hester s argument ranges from sexually explicit German novels and British policy documents to a discussion of the differences between European and American editions of pornographic films She concludes that four factors in particular transgression intensity prurience and authenticity can be seen to influence the way that we think about porn

with their innate plurality offer the most substance for concentrated cultural analysis of how movies reflect and shape American culture Analyzing the archetypes that recur in this culture reveals how movies are an increasingly dangerous surrogate for the actual Close readings are presented of such works as popular favorites as Cronenberg's Crash Disney's The Parent Trap Ferrara's Bad Lieutenant Hitchcock's Psycho Kubrick's A Clockwork Orange Lynch's Twin Peaks the film and Welles The Magnificent Ambersons while unearthing pictures ripe for rediscovery such as One More Tomorrow Strange Illusion and Andy Warhol's Vinyl Instructors considering this book for use in a course may request an examination copy here

Pay for Your Pleasures Cary Levine, 2013-06-11 Mike Kelley Paul McCarthy and Raymond Pettibon these Southern California artists formed a bad boy trifecta Early purveyors of abject art the trio produced work ranging from sculptures of feces to copulating stuffed animals and gained notoriety from being perverse Showing how their work rethinks transgressive art practices in the wake of the 1960s Pay for Your Pleasures argues that their collaborations as well as their individual enterprises make them among the most compelling artists in the Los Angeles area in recent years Cary Levine focuses on Kelley's McCarthy's and Pettibon's work from the 1970s through the 1990s plotting the circuitous routes they took in their artistic development Drawing on extensive interviews with each artist he identifies the diverse forces that had a crucial bearing on their development such as McCarthy's experiences at the University of Utah Kelley's interest in the Detroit based White Panther movement Pettibon's study of economics and how all three participated in burgeoning subcultural music scenes Levine discovers a common political strategy underlying their art that critiques both nostalgia for the 1960s counterculture and Reagan era conservatism He shows how this strategy led each artist to create strange and unseemly images that test the limits of not only art but also gender roles sex acceptable behavior poor taste and even the gag reflex that separates pleasure from disgust As a result their work places viewers in uncomfortable situations that challenge them to reassess their own values The first substantial analysis of Kelley McCarthy and Pettibon Pay for Your Pleasures shines new light on three artists whose work continues to resonate in the world of art and politics

*Epistolary Histories* Amanda Gilroy, W. M. Verhoeven, 2000 This innovative collection of essays participates in the ongoing debate about the epistolary form challenging readers to rethink the traditional association between the letter and the private sphere It also pushes the boundaries of that debate by having the contributors respond to each other within the volume thus creating a critical community between covers that replicates the dialogic nature of epistolarity itself with all its dissonances and differences as well as its connections Focusing mainly on Anglo American texts from the seventeenth century to the present day these nine essays and their postscripts engage the relationship between epistolary texts and discourses of gender class politics and commodification Ranging from epistolary histories of Mary Queen of Scots to Turkish travelogues from the making of the modern middle class and the correspondence of Melville and Hawthorne to new epistolary innovators such as Kathy Acker and Orlan the contributions are divided into three parts part 1 addresses the feminocentric focus of the letter part 2 the

boundaries between the fictional and the real and part 3 the ways in which the epistolary genre may help us think more clearly about questions of critical address and discourse that have preoccupied theorists in recent years In sum Epistolary Histories is a defining contribution to epistolary studies Contributors Nancy Armstrong Brown University Anne L Bower Ohio State University Marion Clare Brant King's College London Amanda Gilroy University of Groningen Richard Hardack Haverford and Bryn Mawr Colleges Linda S Kauffman University of Maryland College Park Donna Landry Wayne State University Gerald MacLean Wayne State University Martha Nell Smith University of Maryland College Park W M Verhoeven University of Groningen

*Agnolo Bronzino* Andrea M. Gáldy, 2014-08-26 The Florentine artist Agnolo Bronzino 1503-1572 has long been celebrated as the consummate court painter and his sumptuous portrayals of Duke Cosimo de Medici and Duchess Eleonora de Toledo have become icons of Italian Renaissance art In this volume an international assembly of scholars advances modern perceptions of Bronzino's art by applying fresh research paradigms not only to the well known portraits but also to other painted subjects frescoes and tapestries within the context of ancient Roman precedents Renaissance European court culture and postmodernist theory The seven essays supplement two recent Bronzino exhibitions in New York and Florence 2010 by addressing Bronzino's portraiture creative process and tapestry production as well as past and present attitudes towards nudity sexuality landscapes and poetic satire in Bronzino's imagery

*Thinking the Limits of the Body* Jeffrey Jerome Cohen, Gail Weiss, 2012-02-01 This collection maps the very best efforts to think the body at its limits Because the body encompasses communities social and political bodies territories geographical bodies and historical texts and ideas a body of literature a body of work Cohen and Weiss seek trans disciplinary points of resonance and divergence to examine how disciplinary metaphors materialize specific bodies and where these bodies break down and or refuse prescribed paths Whereas postmodern theorizations of the body often neglect its corporeality in favor of its cultural construction this book demonstrates the inseparability of textuality materiality and history in any discussion of the body

*A History of Evil in Popular Culture* Sharon Packer MD, Jody Pennington, 2014-07-15 Evil isn't simply an abstract theological or philosophical talking point In our society the idea of evil feeds entertainment manifests in all sorts of media and is a root concept in our collective psyche This accessible and appealing book examines what evil means to us Evil has been with us since the Garden of Eden when Eve unleashed evil by biting the apple Outside of theology evil remains a highly relevant concept in contemporary times evil villains in films and literature make these stories entertaining our criminal justice system decides the fate of convicted criminals based on the determination of their status as evil or insane This book examines the many manifestations of evil in modern media making it clear how this idea pervades nearly all aspects of life and helping us to reconsider some of the notions about evil that pop culture perpetuates and promotes Covering screen media such as film television and video games print media that include novels and poetry visual media like

art and comics music and political polemics the essays in this book address an eclectic range of topics The diverse authors include Americans who left the United States during the Vietnam War era conservative Christian political pundits rock musicians classical linguists Disney fans scholars of American slavery and experts on Holocaust literature and films From portrayals of evil in the television shows *The Wire* and *24* to the violent lyrics of the rap duo Insane Clown Posse to the storylines of the *Lord of the Rings* and *Harry Potter* books readers will find themselves rethinking what evil is and how they came to hold their beliefs

**Aggressive Fictions** Kathryn Hume, 2012-01-15 A frequent complaint against contemporary American fiction is that too often it puts off readers in ways they find difficult to fathom Books such as Bret Easton Ellis's *American Psycho* Katherine Dunn's *Geek Love* and Don DeLillo's *Underworld* seem determined to upset disgust or annoy their readers or to disorient them by shunning traditional plot patterns and character development Kathryn Hume calls such works aggressive fiction Why would authors risk alienating their readers and why should readers persevere Looking beyond the theory based justifications that critics often provide for such fiction Hume offers a commonsense guide for the average reader who wants to better understand and appreciate books that might otherwise seem difficult to enjoy In her reliable and sympathetic guide Hume considers roughly forty works of recent American fiction including books by William Burroughs Kathy Acker Chuck Palahniuk and Cormac McCarthy Hume gathers attacks on the reader into categories based on narrative structure and content Writers of some aggressive fictions may wish to frustrate easy interpretation or criticism Others may try to induce certain responses in readers Extreme content deployed as a tactic for distancing and alienating can actually produce a contradictory effect for readers who learn to relax and go with the flow the result may well be exhilaration rather than revulsion

**Psycho-Sexual** David Greven, 2013-01-02 Bridging landmark territory in film studies *Psycho Sexual* is the first book to apply Alfred Hitchcock's legacy to three key directors of 1970s Hollywood Brian De Palma Martin Scorsese and William Friedkin whose work suggests the pornographic male gaze that emerged in Hitchcock's depiction of the voyeuristic homoerotically inclined American man Combining queer theory with a psychoanalytic perspective David Greven begins with a reconsideration of *Psycho* and the 1956 remake of *The Man Who Knew Too Much* to introduce the filmmaker's evolutionary development of American masculinity *Psycho Sexual* probes De Palma's early Vietnam War draft dodger comedies as well as his film *Dressed to Kill* along with Scorsese's *Taxi Driver* and Friedkin's *Cruising* as reactions to and inventive elaborations upon Hitchcock's gendered themes and aesthetic approaches Greven demonstrates how the significant political achievement of these films arises from a deeply disturbing violent even sorrowful psychological and social context Engaging with contemporary theories of pornography while establishing pornography's emergence during the classical Hollywood era Greven argues that New Hollywood filmmakers seized upon Hitchcock's radical decentering of heterosexual male dominance The resulting images of heterosexual male ambivalence allowed for an investment in same sex desire an aura of homophobia became informed by a fascination with the homoerotic *Psycho Sexual* also explores the broader gender crisis and

disorganization that permeated the Cold War and New Hollywood eras reimagining the defining premises of Hitchcock criticism     *Iconography Beyond the Crossroads* Pamela A. Patton, Catherine A. Fernandez, 2023-03-23 This volume assesses how current approaches to iconology and iconography break new ground in understanding the signification and reception of medieval images both in their own time and in the modern world Framed by critical essays that apply explicitly historiographical and sociopolitical perspectives to key moments in the evolution of the field the volume's case studies focus on how iconographic meaning is shaped by factors such as medieval modes of dialectical thought the problem of representing time the movement of the viewer in space the fragmentation and injury of both image and subject and the complex strategy of comparing distant cultural paradigms The contributions are linked by a commitment to understanding how medieval images made meaning to highlighting the heuristic value of new perspectives and methods in exploring the work of the image in both the Middle Ages and our own time and to recognizing how subtle entanglements between scholarship and society can provoke mutual and unexpected transformations in both Collectively the essays demonstrate the expansiveness flexibility and dynamism of iconographic studies as a scholarly field that is still heartily engaged in the challenge of its own remaking Along with the volume editors the contributors include Madeline H Caviness Beatrice Kitzinger Aden Kumler Christopher R Lakey Glenn Peers Jennifer Purtle and Elizabeth Sears     **October** ,1998     **Playing with the Guys** Marc A.

Ouellette, 2021-06-08 A lot of work has been done talking about what masculinity is and what it does within video games but less has been given to considering how and why this happens and the processes involved This book considers the array of daily relationships involved in producing masculinity and how those actions and relationships translate to video games Moreover it examines the ways the actual play of the games maps onto the stories to create contradictory moments that show that while toxic masculinity certainly exists it is far from inevitable Topics covered include the nature of masculine apprenticeship and nurturing labor fatherhood the scapegoating of women and reckoning with mortality among many others

**Beyond Postmodernism** Klaus Stierstorfer, 2003 After the veritable hype concerning postmodernism in the 1980s and early 1990s when questions about when it began what it means and which texts it comprises were apt to trigger heated discussions the excitement has notably cooled down at the turn of the century Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts theoretical premises and authorial practices Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm but deal with them in ways that promise new openings or a new Zeitgeist     The Public Intellectual Helen Small, 2008-04-15 New essays by prestigious thinkers such as Edward Said Bruce Robbins Jacqueline Rose and Stefan Collini on the public role of writers and intellectuals
