Bad Blood The Marin County Murders:

Bad Blood Richard M. Levine,1982 **The Education of a Coroner** John Bateson,2017-08-15 In the vein of Dr Judy Melinek s Working Stiff an account of the hair raising and heartbreaking cases handled by the coroner of Marin County California throughout his four decades on the job from high profile deaths to serial killers to Golden Gate Bridge suicides Marin County California is a study in contradictions Its natural beauty attracts thousands of visitors every year yet the county also is home to San Quentin Prison one of the oldest and largest penitentiaries in the country Marin ranks in the top one percent of counties nationwide in terms of affluence and overall health yet it is far above the norm in drug overdoses and alcoholism and comprises a large percentage of suicides from the Golden Gate Bridge Ken Holmes worked in the Marin County Coroner s Office for thirty six years starting as a death investigator and ending as the three term elected coroner As he grew into the job which is different from what is depicted on television Holmes learned a variety of skills from finding hidden clues at death scenes interviewing witnesses effectively managing bystanders and reporters preparing testimony for court to notifying families of a death with sensitivity and compassion He also learned about different kinds of firearms all types of drugs prescription and illegal and about certain unexpected and potentially fatal phenomena such as autoeroticism Complete with poignant anecdotes The Education of a Coroner provides a firsthand and fascinating glimpse into the daily life of a public servant whose work is dark and mysterious yet necessary for society to function The Fate of Borderline Patients Michael H. Stone,1990-05-04 Providing a cost effective treatment model that is respectful of patients needs their strengths and their limitations this book presents the first dynamic and coherent approach to group treatment for the chronically mentally ill By structuring members variable attendance the flexibly bound model which utilizes group dynamic principles to maximize therapeutic opportunities respects the actual behavior of many chronically ill persons making this treatment format available to a broad portion of this population Illustrated with numerous case vignettes the book outlines the elements of supportive treatment and therapeutic goals and then describes in detail specific strategies and interventions
