Bad News Religion:

Bad News Religion Greg Albrecht, 2004-07-10 From any non Christian point of view the gospel does not make sense Grace doesn't make sense Grace doesn't add up Why would Jesus come to be one of us to pay a debt He did not owe because we owed a debt we could not pay Why would He do that Free No strings What was in it for Him Since the church first began Christians have had trouble accepting God's grace We have substituted holiness discipleship order regulation and a long list of things to avoid in place of God's free gift The result is a Bad News Religion that drains the joy and life out of believers Bad News Religion is a convicting liberating exploration of how we in the name of religion have shifted the focus from the work of God to our ability to become worthy of salvation The result is bondage and defeat The key to success in the Christian life is not what we do but who we know Knowing God and knowing the fullness of His grace is a liberating experience Most of us don't realize how we have robbed ourselves of experiencing the richness of God's grace The Good News is the Bad News is Wrong Ben J. Ramey, 2015-07-30 Writing Religion The Case for the Critical Study of Religion is a collection of outstanding essays on wide ranging aspects of religious studies by well known scholars delivered as part of the University of Alabama's annual Aronov Lectures Religion and the New Atheism Amarnath Amarasingam, 2010 The term new atheism has been given to the recent barrage of bestselling books written by Richard Dawkins Sam Harris Daniel Dennett Christopher Hitchens and others These books and their authors have had a significant media presence and have only grown in popularity over the years This book brings together scholars from religious studies science sociology of science philosophy and theology to engage the new atheism and place it in the context of broader scholarly discourses This volume will serve to contextualize and critically examine the claims arguments and goals of the new atheism so that readers can become more informed of some of the debates with which the new atheists inevitably and at times unknowingly engage This

collection will prove to be most valuable to readers who wish to understand the implications and phenomenal success of the new atheism from a multidisciplinary perspective The editor is to be congratulated for assembling such an impressive list of contributions John F Haught Senior Fellow Science Religion Woodstock Theological Center George town University The new atheism a species of secular fundamentalism has excited a great deal of comment and controversy in recent years Religion and the New Atheism raises the discourse to a new level Randall Balmer Episcopal Priest and author of The Making of Evangelicalism Amarasingam s collection of original essays dealing with various aspects of the recent work of new atheists is a most engaging read The chapters included offer a wide array of perspectives touching on numerous aspects and angles of New Atheism and its relationship to contemporary religion While I most definitely did not agree with all of the contributions in the volume and while I am generally more supportive of the new atheists than I am of their detractors I found this volume over all to be a compelling engrossing and provocative contribution Phil Zuckerman Associate Professor of Sociology Pitzer College Author of Society Without God

A New Religion Tim Schumacher, 2013-04-29 This book contains information that can help you make decisions about what and who to believe or not believe and why Religions which are human inventions ultimately fail to deliver what they most claim to seek universal peace and harmony Instead they always seem to become instruments of conflict and engines of war It must surely be possible to embrace the spirituality in us all while avoiding those things that divide us We've found the cosmos to be a pretty roomy place filled with wonders discovered and yet to be discovered Filled with infinite space Our expanding universe inspires an expanding consciousness which gives us welcome alternatives to territorial ferocity on this tiny turquoise jewel of a planet A New Religion traces the roads from the past that brought us to where we find our world today

Religious Outsiders and the Making of Americans R. Laurence Moore,1987-12-03 In light of the curious compulsion to stress Protestant dominance in America s past this book takes an unorthodox look at religious history in America Rather than focusing on the usual mainstream Protestant churches Episcopal Congregationalist Methodist Baptist and Lutheran Moore instead turns his attention to the equally important outsiders in the American religious experience and tests the realities of American religious pluralism against their history in America Through separate but interrelated chapters on seven influential groups of outsiders the Mormons Catholics Jews Christian Scientists Millennialists 20th century Protestant Fundamentalists and the African American churches Moore shows that what was going on in mainstream churches may not have been the normal religious experience at all and that many of these outside groups embodied values that were in fact quintessentially American **Freedom From Religious Abuse** Barry Laney,2011-04-07 Has your religious experience been abusive Don t know where to turn Think God is angry with you Are you angry and hurt at your religious experience Freedom From Religious Abuse will free your mind will and emotions You see religion is not God and God is not religion He is not
