The Animal Story Book Andrew Lang, 2016-08-20 Children who have read our Fairy Books may have noticed that there are not so very many fairies in the stories after all The most common characters are birds beasts and fishes who talk and act like Christians The reason of this is that the first people who told the stories were not very clever or if they were clever they had never been taught to read and write or to distinguish between Vegetable Animal and Mineral They took it that all things were much of a muchness they were not proud and held that beast and bird could talk like themselves only of course in a different language After offering then so many Fairy Books though the stories are not all told yet we now present you in return for a coin or two with a book about the friends of children and of fairies the beasts The stories are all true more or less but it is possible that Monsieur Dumas and Monsieur Thophile Gautier rather improved upon their tales I own that I have my doubts about the bears and serpents in the tales by the Baron Wogan This gentleman's ancestors were famous Irish people One of them viii held Cromwell's soldiers back when they were pursuing Charles II after Worcester fight He also led a troop of horse from Dover to the Highlands where he died of a wound after fighting for the King The next Wogan was a friend of Pope and Swift he escaped from prison after Preston fight in 1715 and later rescued Prince Charlie's mother from confinement in Austria and took her to marry King James He next became Governor of Don Quixote's province La Mancha in Spain and was still alive and merry in 1752 Baron Wogan descended from these heroes saw no longer any king to fight for so he went to America and fought bears No doubt he was as brave as his ancestors but whether all his stories of serpents are absolutely correct I am not so certain People have also been heard to express doubts about Mr Waterton and the Cayman The terrible tale of Mr
