Animals in Staffordshire Pottery Bernard Rackham, 1953 **Animals in Staffordshire Pottery, by Bernard Rackham, ... Plates by Peggy Jeremy** Bernard Rackham, 1953 *Animals in Staffordshire Pottery ... With Sixteen Plates by Peggy Jeremy* Bernard Rackham, 1953 **Animals in Pottery and Porcelain** John Patrick Cushion, 1974 **Animals and Nature** Rod Preece, 1999 In this book Rod Preece takes issue with the popular but simplistic view that the Western cultural tradition has encouraged attitudes of domination and exploitation toward the natural world particularly animals he contends that the much maligned Western tradition has far more to commend it than is customarily recognized and the much vaunted Oriental and Aboriginal orientations to animals and nature have habitually been described in a misleadingly rosy hue According to Preece the West has often been misread frequently for ideological reasons He argues that Western conceptions of objectivity and individuality have in fact resulted in a readier appreciation of the worth of animals than in some other cultures Moreover the Western anti rationalist tradition has often treated animals and nature with a healthy respect There is a continuing disjunction between theory and practice in the non Western world as well as in the West where all too often only one side of the Aboriginal and Oriental myth and literature is reported Preece concludes that while the West has much to learn from Oriental and Aboriginal traditions so also have the Oriental and Aboriginal worlds much to learn from the West
