## Risk Assessment: Animals in Schools

This template provides examples of possible content for assessing the risks of having animals in schools. It is important that you edit the content to reflect your context as the risks will vary according to the setting and the individual animals. You will also need to determine the risk rating for each hazard and associated risk.

Please note that your setting might have a separate template for risk assessments. If this is the case you should add your content to your school's chosen template.

**Disclaimer:** This resource is provided for informational and educational purposes only. It is for use primarily by members of the education profession or professional research as if they think it is suitable after general observation and should not be taken as advice for individual use or action. No disclaimer is given as to the accuracy for your school and the individual use. It is not a legal document. It is your responsibility to ensure that you meet the relevant requirements for your setting. It is up to you to ensure a suitable qualified professional has been consulted about the content before use.
