Rylkova,2007-12-09 The Silver Age c 1890 1917 has been one of the most intensely studied topics in Russian literary studies and for years scholars have been struggling with its precise definition Firmly established in the Russian cultural psyche it continues to influence both literature and mass media The Archaeology of Anxiety is the first extended analysis of why the Silver Age occupies such prominence in Russian collective consciousness Galina Rylkova examines the Silver Age as a cultural construct the byproduct of an anxiety that permeated society in reaction to the social political and cultural upheavals brought on by the Bolshevik Revolution the fall of the Romanovs the Civil War and Stalin s Great Terror Rylkova s astute analysis of writings by Anna Akhmatova Vladimir Nabokov Boris Pasternak and Victor Erofeev reveals how the construct of the Silver Age was perpetuated and ingrained Rylkova explores not only the Silver Age s importance to Russia s cultural identity but also the sustainability of this phenomenon In so doing she positions the Silver Age as an essential element to Russian cultural survival

**Literature, 1980-2024** Otto Boele,Dorine Schellens,2024-10-09 This edited collection focuses on the nexus between literary consumption memory and collective identity formation in Russia from the 1980s until today It challenges perceived notions about the reduced social significance and identity building potential of contemporary Russian literature Drawing on a diverse set of primary source materials ranging from memoirs diaries and essays to fan art and BookToks the collection seeks to do justice to the diversity of an enormous reading public that is often routinely referred to as the Russian reader The case studies explore the reading habits and self understanding of very different audiences that are dispersed along regional

gender generational and technological divides In doing so this collection examines both the continuities and shifts in the multifaceted relationship between literary consumption memory and identity during the profound and ongoing transformations in Russian society and its literary landscape *Russian Women Writers* Christine D. Tomei,1999 *The Pearl* Douglas Smith,2008-01-01 Set against the backdrop of imperial Russia this tale of forbidden romance is the stuff of a great historical novel It presents the account of the love between Count Nicholas Sheremetev Russia s richest aristocrat and Praskovia Kovalyova his serf and the greatest opera diva of her time **Poetics, Self, Place** Anna Lisa Crone,2007

*Beethoven in Russia* Frederick W. Skinner,2022-11-01 How did Ludwig van Beethoven help overthrow a tsarist regime With the establishment of the Russian Musical Society and its affiliated branches throughout the empire Beethoven s music reached substantially larger audiences at a time of increasing political instability In addition leading music critics of the regime began hearing Beethoven s dramatic works as nothing less than a call to revolution Beethoven in Russia deftly explores the interface between music and politics in Russia by examining the reception of Beethoven s works from the late 18th century to the present In part 1 Frederick W Skinner s clear and sweeping review examines the role of Beethoven s more dramatic works in the revolutionary struggle that culminated in the Revolution of 1917 In part 2 Skinner reveals how this same power was again harnessed to promote Stalin s campaign of rapid industrialization The appropriation of Beethoven and his music to serve the interests of the state remained the hallmark of Soviet Beethoven reception until the end of communist rule With interdisciplinary appeal in the areas of history music literature and political thought Beethoven in Russia shows how Beethoven s music served as a call to action for citizens and weaponized state propaganda in the great political struggles that shaped modern Russian history **St Petersburg** Catriona Kelly,2014-02-28 DIVFragile gritty and vital to an extraordinary degree St Petersburg is one of the world s most alluring cities a place in which the past is at once ubiquitous and inescapably controversial Yet outsiders are far more familiar with the city s pre 1917 and Second World War history than with its recent past divDIV divDIVIn this beautifully illustrated and highly original book Catriona Kelly shows how creative engagement with the past has always been fundamental to St Petersburg s residents Weaving together oral history personal observation literary and artistic texts journalism and archival materials she traces the at times paradoxical feelings of anxiety and pride that were inspired by living in the city both when it was socialist Leningrad and now Ranging from rubbish dumps to promenades from the city s glamorous center to its grimy outskirts this ambitious book offers a compelling and always unexpected panorama of an extraordinary and elusive place div The Poetry of Anna Akhmatova Alexandra Harrington,2006 This book outlines a fresh and coherent framework for the apprehension of Akhmatova s oeuvre in its totality seeing her as a poet who moves beyond modernism in her later period The appeal to postmodernism which is in itself innovatory with regard to Akhmatova studies also allows exploration of a second problematic issue how to account for the shift in self presentation in the later verse and the different concept of poetic self which it advances This new account of

Akhmatova's path to maturity challenges the conventional view of the early Akhmatova as poet in the classical Russian tradition and of the later Akhmatova as paradigmatically modernist

**Unsilencing Gaza** Sara Roy, 2021-06-20 Palestine Book Awards Lifetime Achievement Winner 2022 Roy is humanely and professionally committed in ways that are unmatched by any other non-Palestinian scholar Edward W Said Gaza the centre of Palestinian nationalism and resistance to the occupation is the linchpin of the Israeli-Palestinian conflict and the key to its resolution Since 2005 Israel has deepened the isolation of the territory severing it almost completely from its most vital connections to the West Bank Israel and beyond and has deliberately shattered its economy transforming Palestinians from a people with political rights into a humanitarian problem Sara Roy unpacks this process looking at US foreign policy towards the Palestinians as well as analysing the trajectory of Israeli policy toward Gaza which became a series of punitive approaches meant not only to contain the Hamas regime but weaken Gazan society Roy also reflects on Gaza's ruination from a Jewish perspective and discusses the connections between Gaza's history and her own as a child of Holocaust survivors This book a follow up from the renowned *Failing Peace* comes from one of the world's most acclaimed writers on the region

*Russian Writers of the Silver Age, 1890-1925* Judith E. Kalb, J. Alexander Ogden, I. G. Vishnevetskiĭ, 2004 The questing, experimenting and overstepping of stylistic, moral and narrowly rational boundaries that characterized Russian modernist writing were frowned upon during most of the seven decades of Soviet rule Only since the late 1980s have readers had easy access to the literature, memoirs and critical writings of the immediately pre-Soviet period

*Twentieth-Century Russian Poetry* Katharine Hodgson, Joanne Shelton, Alexandra Smith, 2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi-authored study of changing cultural memory and identity this revisionary work charts Russia's shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation's culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth-century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin's second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth-century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandelstam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non-official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period Contributions to this volume explore the multiple factors involved in reshaping the canon understood as a body of literary texts given exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions, competing views of scholars and critics including figures outside Russia and the self-canonising activity of poets themselves Canon

revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground Required reading for students teachers and lovers of Russian literature Twentieth Century Russian Poetry brings our understanding of post Soviet Russia up to date Bibliographic Guide to Slavic, Baltic, and Eurasian Studies ,2000
