Anne Frank And After Dutch Holocaust Literature In A Historical Perspective:

Anne Frank and After D. van Galen Last, Rolf Wolfswinkel, 1996 The text considers two questions what happened to the Jews of Holland during the war and how has Dutch literature come to terms with the enormity of the event The authors trace the destruction of Dutch Jewry and analyse the relation between history and the literature of the Holocaust **Anne Frank and After** D. van Galen Last, Rolf Wolfswinkel, 1996 Between 1940 and 1945 110 000 of the 140 000 Dutch Jews were deported to the death camps in Eastern Europe 80% never returned In *Anne Frank and After* the authors focus on two main questions how exactly did this happen and how has Dutch literature come to terms with this appalling event In the book's final chapter they analyze the relationship between history and the literature of the Holocaust Does literature add to what we know or does it actually distort historical evidence Based on the work of leading historians of the period the book examines literary works from Gerard Durlacher Anne Frank W F Hermans Harry Mulisch Gerard Reve and many others With its well chosen quotations many appearing for the first time in print presented in a clear and illuminating historical setting *Anne Frank and After* is must reading for all who want to go beyond *Anne Frank* for a more rounded picture of wartime Holland and its Jews Holocaust and Genocide Studies January 1998 *Dutch Jewry: Its History and Secular Culture (1500-2000)* Israel, Reinier Salverda, 2021-10-11 This volume consisting of seventeen studies by leading experts in the field takes stock of recent work on the history and literary culture of the Jews in the Netherlands and Antwerp from before the revolt until the present Important new discoveries are included here for the first time **A Literary History of the Low Countries** Theo Hermans, 2009 What was the written culture behind visual artists like Vermeer Rembrandt and Rubens What made the historical novel in nineteenth century Flanders so different from its counterpart in Holland What was the literary impact of the huge colonial empires run by the Netherlands and Belgium What role did Latin French and Frisian play in the literary culture of the Low Countries through the ages Why is experimental writing so prevalent in modern Dutch literature What has made Cees Nooteboom an internationally acclaimed author And how does Flemish relate to Dutch anyway This first literary history of the Netherlands and Flanders in English since the 1970s answers these and many other questions Written by a team of Dutch and Flemish subject specialists it offers a comprehensive and authoritative account of the literature of the Dutch speaking area from the medieval period up to the present day While it focuses on literature written in Dutch it also assesses the significance of writings in French Latin and Frisian *The Persecution of the Jews in the Netherlands, 1940-1945* Peter Romijn, 2025-10-01 These five articles first presented at the conference The Holocaust and other Genocides The Uses Misuses and Abuses of the Holocaust Paradigm in 2011 reflect the current Dutch research on the persecution of the Jews in the Netherlands during the Second World War and recent developments in the historiography concerning this topic To a certain extent the work being done in the Netherlands has reflected the international historiography in that it addresses the political and public responses to National Socialism and occupation the nature of the persecution and the

regime in the concentration camps The perspectives of the general population of the victims and of the perpetrators are all examined but above all those of bystanders In this selection of the most recent research there is a particular emphasis on the nature of the persecution and the general public's reaction to it

Dutch Neorealism, Cinema, and the Politics of Painting, 1927-1945 Stephanie Lebas Huber, 2024-08-12 This study offers a radically new perspective on Dutch Neorealism one that emphasizes the role of film as an apparatus the effects of which when emulated in painting can reproduce the affective experience of film watching More of a tendency than a tightly defined style or ism Neorealism is the Dutch variant of Magic Realism an uncanny mode of figurative painting identified with Neue Sachlichkeit in Germany and Novecento in Italy Best represented by the Dutch artists Pyke Koch Carel Willink Charley Toorop Raoul Hynckes Dick Ket and Wim Schuhmacher Neorealism as demonstrated in this book depicted societal disintegration and allegories of looming disaster in reaction to the rise of totalitarian regimes and eventually the Nazi Occupation of The Netherlands The degree to which these artists exhibited either revolutionary or reactionary sentiments usually corresponding with their political affiliation is one of the central problematics explored in this text The book will be of interest to scholars working in art history World War II history and film studies The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Beyond Anne Frank Diane L. Wolf, 2007-01-16 The image of the Jewish child hiding from the Nazis was shaped by Anne Frank whose house the most visited site in the Netherlands has become a shrine to the Holocaust Yet while Anne Frank's story continues to be discussed and analyzed her experience as a hidden child in wartime Holland is anomalous as this book brilliantly demonstrates Drawing on interviews with seventy Jewish men and women who as children were placed in non Jewish families during the Nazi occupation of Holland Diane L. Wolf paints a compelling portrait of Holocaust survivors whose experiences were often diametrically opposed to the experiences of those who suffered in concentration camps Although the war years were tolerable for most of these children it was the end of the war that marked the beginning of a traumatic time leading many of those interviewed here to remark My war began after the war This first in depth examination of hidden children vividly brings to life their experiences before during and after hiding and analyzes the shifting identities memories and family dynamics that marked their lives from childhood through advanced age Wolf also uncovers anti-Semitism in the policies and practices of the Dutch state and the general population which historically have been portrayed as relatively benevolent toward Jewish residents The poignant family histories in Beyond Anne Frank demonstrate that we can understand the Holocaust more deeply by focusing on postwar lives

Anne Frank in the World Carol Ann Rittner, 2016-06-16 Scholars clergy teachers and writers present stimulating essays on the theme that Anne Frank's Diary movingly symbolizes the triumph of childhood innocence over totalitarian brutality This may be of value for classes and study groups with interests in religion and religious ethics the Holocaust ethnic cleansing discrimination the role of the individual in society and the daunting moral dilemmas posed by emerging nationalisms all over the world

Spirit of Resistance Jeroen Dewulf, 2010 The first book to offer a complete story of the extraordinary proliferation of Dutch clandestine literature under the Nazi occupation Clandestine literature was published in all countries under Nazi occupation but nowhere else did it flourish as it did in the Netherlands This raises important questions What was the content of this literature What were the risks of writing printing selling and buying it And why the Netherlands Traditionally the combative Dutch spirit of resistance has been cited a reaction not only to German oppression but to German propaganda while the Germans hoped to build bonds with their Germanic Dutch brothers clandestine literature insisted on their incompatibility However when reading clandestine literature one should not forget that this spirit of resistance came rather late and did not prevent the transportation of seventy three percent of the Netherlands Jewish population to Nazi death camps the largest percentage in Western Europe The Dutch case is complex while the country proved to be remarkably resistant to Nazi propaganda little was done to prevent the actual execution of Nazi policies The complete story of Dutch clandestine literature therefore combines resistance and complicity victory and defeat pride and shame Jeroen Dewulf is Queen Beatrix Professor of Dutch Studies in the Department of German at the University of California Berkeley

Darkest Christmas Peter Harmsen,2022-10-21 This book is of interest to any scholar of World War II particularly those focused on bridging culture and war Highly readable this text is suitable for undergraduate and popular audiences as well Many should find its analysis to be a refreshing take on the well trodden field of World War II histories Journal of Military History December 1942 saw the bloodiest Christmas in the history of mankind From the islands in the Pacific to the China front from the trenches in Russia to the battle lines in North Africa in the skies over Europe and in the depths of the Atlantic men were killing each other in greater numbers than ever before The Holocaust continued and innocent civilians were murdered by the thousands throughout the evil Nazi empire even as the perpetrators celebrated the birth of Christ Millions stationed in far off lands amid the greatest conflict in human history feared this was their last Christmas in freedom or their last Christmas alive At the same time as the slaughter continued unabated throughout the world there were random acts of kindness born out of an instinctive feeling of the essential brotherhood of man These gestures also straddled religious barriers and sometimes included those of non Christian faiths Even some Japanese otherwise embarked on a self declared

crusade against the West relented for a few precious hours in acknowledgment of the holiday At the same time Christmas 1942 saw the injunction of good will to man distorted in ugly and callous ways At Auschwitz SS guards played cruel games with their prisoners In Berlin the German heart of darkness Propaganda Minister Joseph Goebbels spent time with his family while still buried in feverish fantasies about the Jewish world conspiracy Christmas 1942 saw the entire range of man s conduct towards his fellow man reflecting the extremes of behavior good and bad that World War II gave rise to The way the holiday was marked around the world tells a deeper and more universal story of the human condition in extraordinary times

Index to Jewish Periodicals ,2005 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests **The Ethics and Religious Philosophy of Etty Hillesum** Klaas A.D. Smelik,Meins G.S. Coetsier,Jurjen Wiersma,2017-02-06 The Ethics and Religious Philosophy of Etty Hillesum contains the proceedings of the second international Etty Hillesum Congress at Ghent University in January 2014 and is a joint effort by fifteen Hillesum experts to shed new light on the life works and vision of the Dutch Jewish writer Etty Hillesum 1914 1943 one of the victims of the Nazi regime Hillesum s diaries and letters illustrate her heroic struggle to come to terms with her personal life in the context of the Holocaust This volume revives Hillesum research with a comprehensive rereading of her texts With the current rise of interest in peace studies Judaism the Holocaust inter religious dialogue gender studies and mysticism it is evident that this book will be invaluable to students and scholars in various disciplines Lard, Lice and Longevity Ralf Futselaar,2008 Lard Lice and Longevity reconstructs economic policies implemented in Denmark and the Netherlands during the German occupation It clearly shows that the experiences of both these countries during World War I and during the 1930s equipped them to introduce extensive and intrusive economic controls to ward off a subsistence crisis In spite of the strong similarities between the two countries in terms of policies and economic order there remains a glaring difference between the two Throughout the occupation years the Netherlands suffered a markedly higher level of child mortality than before or after the war caused by an upsurge of infectious diseases Child health in Denmark on the other hand declined during the occupation years and infectious diseases rose only marginally there In spite of similar policies hence the outcome in terms of the biological standard of living was dissimilar By closely investigating the impact of various policies on everyday life and the amounts of goods available to different groups of consumers this study identifies the causes of this remarkable divergence

Escapees Tanja von Fransecky,2019-08-01 Of the countless stories of resistance ingenuity and personal risk to emerge in the years following the Holocaust among the most remarkable yet largely overlooked are those of the hundreds of Jewish deportees who escaped from moving trains bound for the extermination camps In France Belgium and the Netherlands alone over 750 men women and children undertook such dramatic escape attempts despite the extraordinary uncertainty and physical danger they often faced Drawing upon extensive interviews and a wealth of new historical evidence Escapees gives a fascinating collective account of this hitherto neglected form of resistance to Nazi persecution *World War II in*

Contemporary German and Dutch Fiction Jan Lensen, 2021-03-04 World War II in Contemporary German and Dutch Fiction
The Generation of Meta Memory offers a comparative study of the construction of World War II memory in contemporary German Flemish and Dutch literature More specifically it investigates in what ways the large temporal distance to the historical events has impacted how literary writers from these three literatures have negotiated its meaning and form during the last decades To that end this book offers analyses of nine novels that demonstrate a pronounced reflexivity on the conditions of contemporary remembering Rather than a dig for historical truth or a struggle with historical trauma these novels reflect on the transmission the narrative shapes the formation processes and the functions of World War II memory today while asserting a self conscious and often irreverent approach toward established mnemonic routines practices and rules As the analyses show this approach is equally articulated through the novels poetics which are marked by a large formal diversity and a playfulness that highlights mnemonic agency a posttraumatic positioning and the ascendancy of the literary over the historiographical Based on these findings this book proposes the emergence of a new paradigm within the postwar cultural assessment of World War II the generation of meta memory
