Anne Frank And Etty Hillesum Inscribing Spirituality And Sexuality:

Anne Frank and Etty Hillesum Denise de Costa, 1998 Studies of Nazi persecution and destruction of Jews have to date largely been based on the accounts of men And yet gender difference in Western society is so profound that women and men seem to have divergent experiences speak different languages and see and hear in dissimilar ways Denise de Costa's book explores the significance of sex and gender differences in the construction of history and society specifically the Nazi genocide of Jews in World War II by focusing on the writing of two Jewish women Anne Frank and Etty Hillesum De Costa argues that although both of these writers have received much attention little has been done to understand how the significant difference occasioned by both gender and Jewishness helps to define cultural or personal identity in relation to the Holocaust De Costa uses a variety of psychoanalytic and feminist theories to approach the writing of Frank and Hillesum Critiquing as well as employing the concepts of Julia Kristeva Hélène Cixous Luce Irigaray and Simone de Beauvoir among others she presents a detailed and rich discussion of each writer De Costa approaches Anne Frank largely from a psychoanalytical perspective that emphasizes the function of writing itself in the development of self identity For Etty Hillesum she is more concerned with how writing establishes a philosophy and a faith that can entertain and is indeed based in doubleness and paradox Her assessment of these two writers makes a significant contribution to our understanding of the Holocaust as a cultural and historical phenomenon of the role of writing in the production and expression of gendered identity and of the complex relation between women writing and culture Spirituality in the Writings of Etty Hillesum

Klaas Smelik, Ria van den Brandt, Meins G. S. Coetsier, 2010-10-25 Much of the previous scholarship on Etty Hillesum 1914-1943 was done by individual scholars within the analyses of their fields After the proceedings of the international Etty Hillesum Congress at Ghent University in November 2008 this Congress volume is the first joined effort by more than twenty Hillesum experts worldwide It is an absorbing account of international scholarship on the life works and vision of the Dutch Jewish writer Etty Hillesum whose life was shaped by the totalitarian Nazi regime Hillesum's diaries and letters illustrate her heroic struggle to come to terms with her personal life in the context of World War II Building on new interest in theology philosophy and psychology this book revives Hillesum research with a comprehensive rereading of both her published works and lesser known secondary discourses on her life The result is fascinating With the current explosion of interest in inter religious dialogue peace studies Judaism the Holocaust gender studies and mysticism it is clear that this Congress volume will be invaluable to students and scholars in various disciplines **The Ethics and Religious Philosophy of Etty Hillesum**

with her personal life in the context of the Holocaust This volume revives Hillesum research with a comprehensive rereading of her texts With the current rise of interest in peace studies Judaism the Holocaust inter religious dialogue gender studies and mysticism it is evident that this book will be invaluable to students and scholars in various disciplines **Etty Hillesum** Ria van den Brandt,2014 The diaries and letters of the Dutch Jewish Etty Hillesum Middelburg 1914 Auschwitz 1943 have received worldwide attention and have inspired many readers This book offers a transparent and concise introduction to the thought and life of Etty Hillesum It succeeds in evoking Hillesum s testimony of life through the reflection on her crucial themes and the use of many impressive citations from her diaries and letters Series Adjustment Self Assertion Resistance Anpassung Selbstbehauptung Widerstand Vol 36 **The Existential Philosophy of Etty Hillesum** Meins G. S.

Coetsier,2014-01-09 In The Existential Philosophy of Etty Hillesum Meins G S Coetsier breaks new ground by demonstrating the Jewish existential nature of Etty Hillesum s spiritual and cultural life in light of the writings of Martin Buber Emmanuel Levinas and Dietrich Bonhoeffer Hillesum s diaries and letters written between 1941 and 1943 illustrate her struggle to come to terms with her personal life in the context of the Second World War and the Shoah By finding God under the rubble of the horrors she rediscovers the divine presence between humankind while taking up responsibility for the Other as a way to embrace justice and compassion In a fascinating accessible and thorough study Coetsier dispels much of the confusion that assails readers when they are exposed to the bewildering range of Christian and Jewish influences and other cultural interpretations of her writings The result is a convincing and profound picture of Etty Hillesum s path to spiritual freedom

The Jungian Inspired Holocaust Writings of Etty Hillesum Barbara Morrill,2024-09-20 Within this fascinating new book Barbara Morrill analyses the journal writings of Etty Hillesum a young Jewish woman in the 1940s as she began analysis with a Jungian oriented practitioner in 1941 While Anne Frank is an inspirational figure little is known about Etty Hillesum also from Amsterdam who kept a diary recounting her life and experiences during early World War II This book is a compelling example of how we can use Etty Hillesum s writings in the present to stand firm against the problems we re currently facing globally Being a Jungian oriented Integral psychologist and professor the author examines what Hillesum recorded in her time as well as employing Etty s ideas to illuminate the chaos in our time She explores Hillesum s own process of individuation and realization encouraging others to develop yourselves This will be a unique volume of interest to Jungian analysts analysts in training as well as readers with an interest in the time period and concern about democracy and our times Etty Hillesum and the Flow of Presence Meins G. S. Coetsier,2008 Although she died cruelly at Auschwitz at the age of twenty nine Etty Hillesum left a lasting legacy of mystical thought in her letters and diaries Hillesum was a complex and powerful witness to the openness of the human spirit to the call of God even under the most harrowing circumstances Her life was as much shaped by Hitler s regime as was that of philosopher Eric Voegelin and as Meins Coetsier reveals her thought lends itself to interpretation from a uniquely Voegelinian perspective Etty Hillesum and the

Flow of Presence analyzes the life and writings of Hillesum from the standpoint of Voegelin's views on consciousness especially his philosophy of luminous participation in the transcendent ground of being Through a careful reading of her letters and diaries Coetsier reveals the inner development of Hillesum's mystically grounded resistance to Nazism as he guides readers through the symbolism of her spiritual journey making effective use of Voegelin's analytics of experience and symbolization to trace her path to spiritual truth Intertwining the lives works and visions of these two mystical thinkers Coetsier demonstrates his mastery of both Voegelin's philosophy and Hillesum's Dutch language materials He shows how mystical attunement to the flow of presence Voegelin's designation for human responsiveness to the divine is the key to the development of Hillesum's life and writings He displays a special affinity for the suffering and grace filled transformation that she underwent as she approached the end of her life and gained insight into the ultimate purpose of each individual's contribution to the well being and maintenance of the human spirit Retrieving one of the lesser known but most compelling figures of the Holocaust Etty Hillesum and the Flow of Presence is an original contribution to both Voegelin and Hillesum scholarship that reflects these writers strong valuation of the human person It presents Hillesum's life and work in an original and provocative context shedding new light on her experiences and their symbolizations while further broadening the application of Voegelin's thought

Representations of Anne Frank in American Literature Rachael McLennan, 2016-08-05 This book explores portrayals of Anne Frank in American literature where she is often invoked if problematically as a means of encouraging readers to think widely about persecution genocide and victimisation often in relation to gender ethnicity and race It shows how literary representations of Anne Frank in America over the past 50 years reflect the continued dominance of the American dramatic adaptations of Frank's Diary in the 1950s and argues that authors feel compelled to engage with the problematic elements of these adaptations and their iconic power

At the same time though literary representations of Frank are associated with the adaptations critics often assume that these texts unquestioningly perpetuate the problems with the adaptations This is not true This book examines how American authors represent Frank in order to negotiate difficult questions relating to representation of the Holocaust in America and in order to consider gender coming of age and forms of inequality in American culture in various historical moments and of course to consider the ways Frank herself is represented in America This book argues that the most compelling representations of Frank in American literature are alert to their own limitations and may caution against making Frank a universal symbol of goodness or setting up too easy identifications with her It will be of great interest to researchers and students of Frank the Holocaust in American fiction and culture gender studies life writing young adult fiction and ethics

Etty Etty Hillesum, 2002 In the midst of the horrors of the Nazi Holocaust Etty's writings reveal a young Jewish woman who celebrated life and remained an undaunted example of courage sympathy and compassion Through this splendid translation by Arnold J Pomerans commissioned by the Etty Hillesum Foundation readers everywhere will resonate with the spirit of this amazing young woman

Smelik, Gerrit Oord, Jurjen Wiersma, 2025-10-01 The diaries and letters of Etty Hillesum 1914-1943 have a special place among the Jewish Dutch testimonies of the Shoah so much so that Etty Hillesum studies has become its own field This book offers the most important contributions from the past fifteen years of international research into Hillesum's work and life studying her ethical philosophical spiritual and literary existential search

The Phenomenon of Anne Frank David Barnouw, 2018-11-01 Everything you want to know about the Anne Frank phenomenon about the perception and the effect of the text whose writer became an icon is said within these pages Wolfgang Benz author of A Concise History of the Third Reich While Anne Frank was in hiding during the German Occupation of the Netherlands she wrote what has become the world's most famous diary But how could an unknown Jewish girl from Amsterdam be transformed into an international icon Renowned Dutch scholar David Barnouw investigates the facts and controversies that surround the global phenomenon of Anne Frank Barnouw highlights the ways in which Frank's life and ultimate fate have been represented interpreted and exploited He follows the evolution of her diary into a book with translations into nearly 60 languages and editions that added previously unknown material an American play and a movie As he asks Who owns Anne Frank Barnouw follows her emergence as a global phenomenon and what this means for her historical persona as well as for her legacy as a symbol of the Holocaust

Reasonable elegant sometimes provocative essential Ian Buruma author of Year Zero A History of 1945 **Divine Flesh, Embodied Word** Anne-Claire Mulder, 2025-10-01 What has Luce Irigaray's statement that women need a God to do with her thoughts on the relation between body and mind or the sensible and the intelligible Using the theological notion incarnation as a hermeneutical key Anne Claire Mulder brings together and illuminates the interrelations between these different themes in Luce Irigaray's work Seesawing between Luce Irigaray's critique of philosophical discourse and her constructive

philosophy Mulder elucidates Irigaray's thoughts on the relations between becoming woman and becoming divine. She shows that Luce Irigaray's restaging of the relation between the sensible and the intelligible between flesh and Word is key to her reinterpretation of the relation between woman and God. In and through her interpretation of Luce Irigaray's thoughts on the flesh, she argues that the relation between flesh and Word must be seen as a dialectical one instead of as a dualistic relation. This means that incarnation is no longer seen as a one-way process of Word becoming flesh but as a continuing process of flesh becoming word and word becoming flesh. For all images and thoughts including those of God are produced by the flesh; divine in its creativity, inexhaustibility in response to the touch of the other. And these images, thoughts, words in turn become embodied by touching and moving the flesh of the subject.

Beyond Anne Frank Diane L. Wolf, 2007-01-16 The image of the Jewish child hiding from the Nazis was shaped by Anne Frank whose house the most visited site in the Netherlands has become a shrine to the Holocaust. Yet while Anne Frank's story continues to be discussed and analyzed, her experience as a hidden child in wartime Holland is anomalous as this book brilliantly demonstrates. Drawing on interviews with seventy Jewish men and women who as children were placed in non-Jewish families during the Nazi occupation of Holland, Diane L. Wolf paints a compelling portrait of Holocaust survivors whose experiences were often diametrically opposed to the experiences of those who suffered in concentration camps. Although the war years were tolerable for most of these children, it was the end of the war that marked the beginning of a traumatic time leading many of those interviewed here to remark, "My war began after the war." This first in-depth examination of hidden children vividly brings to life their experiences before, during, and after hiding and analyzes the shifting identities, memories, and family dynamics that marked their lives from childhood through advanced age. Wolf also uncovers anti-Semitism in the policies and practices of the Dutch state and the general population which historically have been portrayed as relatively benevolent toward Jewish residents. The poignant family histories in *Beyond Anne Frank* demonstrate that we can understand the Holocaust more deeply by focusing on postwar lives.

Holocaust Mothers and Daughters Federica K. Clementi, 2013-12-03 In this brave and original work, Federica Clementi focuses on the mother-daughter bond as depicted in six works by women who experienced the Holocaust, sometimes with their mothers, sometimes not. The daughters' memoirs, which record the all-too-human qualities of those who were persecuted and murdered by the Nazis, show that the Holocaust cannot be used to neatly segregate lives into the categories of before and after. Clementi's discussions of differences in social status along with the persistence of antisemitism and patriarchal structures support this point strongly, demonstrating the tenacity of trauma, individual, familial, and collective among Jews in twentieth-century Europe.

Theology in a Suffering World Christopher Southgate, 2018-08-30 The book proposes a new way of understanding the glory of God in Christian theology based on glory as sign.

Beyond Theodicy Sarah K. Pinnock, 2012-02-01 *Beyond Theodicy* analyzes the rising tide of objections to explanations and justifications for why God permits evil and suffering in the world. In response to the Holocaust, striking parallels have emerged between major

Jewish and Christian thinkers centering on practical faith approaches that offer meaning within suffering Author Sarah K Pinnock focuses on Jewish thinkers Martin Buber and Ernst Bloch and Christian thinkers Gabriel Marcel and Johann Baptist Metz to present two diverse rejections of theodicy one existential represented by Buber and Marcel and one political represented by Bloch and Metz Pinnock interweaves the disciplines of philosophy of religion post Holocaust thought and liberation theology to formulate a dynamic vision of religious hope and resistance **In God's Name** Omer Bartov, Phyllis Mack, 2001 Despite the widespread trends of secularization in the 20th century religion has played an important role in several outbreaks of genocide since the First World War And yet not many scholars have looked either at the religious aspects of modern genocide or at the manner in which religion has taken a position on mass killing This collection of essays addresses this hiatus by examining the intersection between religion and state organized murder in the cases of the Armenian Jewish Rwandan and Bosnian genocides Rather than a comprehensive overview it offers a series of discrete yet closely related case studies that shed light on three fundamental aspects of this issue the use of religion to legitimize and motivate genocide the potential of religious faith to encourage physical and spiritual resistance to mass murder and finally the role of religion in coming to terms with the legacy of atrocity *The Oxford Handbook of Holocaust Studies* Peter Hayes, John K. Roth, 2012-11-22 Few scholarly fields have developed in recent decades as rapidly and vigorously as Holocaust Studies At the start of the twenty first century the persecution and murder perpetrated by the Nazi regime have become the subjects of an enormous literature in multiple academic disciplines and a touchstone of public and intellectual discourse in such diverse fields as politics ethics and religion Forward looking and multi disciplinary this handbook draws on the work of an international team of forty seven outstanding scholars The handbook is thematically divided into five broad sections Part One Enablers concentrates on the broad and necessary contextual conditions for the Holocaust Part Two Protagonists concentrates on the principal persons and groups involved in the Holocaust and attempts to disaggregate the conventional interpretive categories of perpetrator victim and bystander It examines the agency of the Nazi leaders and killers and of those involved in resisting and surviving the assault Part Three Settings concentrates on the particular places sites and physical circumstances where the actions of the Holocaust's protagonists and the forms of persecution were literally grounded Part Four Representations engages complex questions about how the Holocaust can and should be grasped and what meaning or lack of meaning might be attributed to events through historical analysis interpretation of texts artistic creation and criticism and philosophical and religious reflection Part Five Aftereffects explores the Holocaust's impact on politics and ethics education and religion national identities and international relations the prospects for genocide prevention and the defense of human rights
