America gears up for war she enters into a hasty marriage with David Levinson only ten days before he goes overseas When he returns they are strangers David loves Annie deeply but he realizes that she cannot live in the present until she has made peace with her past When he urges her to find Albert Rycroft s shining star she insists that Bobbie is dead But David knows that Bobbie is very much alive and that his own tangled connection to her past could put Annie in danger of losing her life

The Commission Bob Blackman,2004-09 If a group of Christians were the only settlers of an unoccupied planet in a remote solar system what would their society be like sixty seventy or eighty years later Would their faith flourish through unity or falter through complacency The Commission begins with all the nations of earth united into one nation Terrapax and the establishment of a state religion that unites all of earth s religions into a single faith One group the Messianists refused to be absorbed and spent five years in a reeducation camp before being exiled to a newly discovered planet The Commission follows a single Messianist family from the founding of Terrapax through the first eighty years on Eden their new planet Although it s classified as science fiction because it involves space travel to an unknown planet it s a story of how the same faith that prospers in oppression develops into heresy when seasoned with spiritual laxity It s a story about how even in the worst unorthodoxy God always preserves a remnant of true believers It s a story of hope generated by one man who remains faithful to the true gospel **School Library Journal** ,1997 **Open the Books and See All the People** ,2000
