so much more to the man who revolutionized the writing not just of detective fiction but also of the genre of horror the supernatural and even influenced history itself This two volume anthology s point is to put Doyle back on the pedestal he so rightly deserves Its aim is twofold First to introduce readers to Doyle s lesser known yet no less important works These works speak for themselves in showing a master writer at his craft The stories are timeless enjoyable and hopefully will lead to new fans embracing a great author s somewhat forgotten tales The second aim is to show the relevance of Doyle s works Through a collection of articles written by current scholars and experts readers can see just how revolutionary Doyle s writings remain even today
