Women's History, 1996 This is one of a series of bibliographical guides designed to meet the needs of undergraduates postgraduates and their teachers in universities and colleges of further education All volumes in the series share a number of common characteristics They are selective manageable in size and include those books and articles which are considered most important and useful All are edited by practising teachers of the subject in question and are based on their experience of the needs of students The arrangement combines chronological with thematic divisions Most of the items listed receive some descriptive comment The Biographical Dictionary of Women in Science Marilyn Ogilvie, Joy Harvey, 2003-12-16 Volume 2 of 2 **Women of the Middle Ages** Ruth Dean, Heidi Hurst, Melissa Thomson, 2002-10 Explores the many and diversified roles of women during the Middle Ages **Feminist Approaches to Early Medieval English Studies** Robin Norris, Rebecca Stephenson, Renee Trilling, 2025-10-01 Scholarship on early medieval England has seen an exponential increase in scholarly work by and about women over the past twenty years but the field has remained peculiarly resistant to the transformative potential of feminist critique Since 2016 Medieval Studies has been rocked by conversations about the state of the field shifting from MeToo to WhiteFeminism to the purposeful rethinking of the label Anglo Saxonist This volume takes a step toward decentering the traditional scholarly conversation with thirteen new essays by American Canadian European and UK professors along with independent scholars and early career researchers from a range of disciplinary perspectives Topics range from virginity women's literacy and medical discourse to affect medievalism and masculinity The theoretical and political commitments of this volume comprise one strand of a multivalent effort to rethink the parameters of the discipline and to create a scholarly community that is innovative inclusive and diverse **Those Good Gertrudes** Geraldine J. Clifford, 2016-03 This book explores the professional civic and personal roles of women teachers throughout American history Its themes and findings build from the mostly unpublished writings of many women Clifford studied personal history manuscripts in archives and consulted printed autobiographies diaries correspondence oral histories interviews to probe the multifaceted imagery that has surrounded teaching This work surveys a long past where schoolteaching was essentially men's work with women relegated to restricted niches such as teaching rudiments of the vernacular language to young children and socializing girls for traditional gender roles *Roland's Labyrinth* Anne Echols, 2025-09-02 For fans of Geraldine Brooks's *Year of Wonders* a story set in 1400s Provence about a young passionate doctor who falls in love with a mentally ill young woman and soon finds himself immersed in a web of danger deceit and mystery Roland a young man from Barcelona who inherited a passion for healing others from his deceased mother has rebelled against his family's wishes and chosen to attend medical school in France The university in Montpellier is the most prestigious medical school in all of Europe and yet Roland is quickly disillusioned by his professors' false teachings Seeking more accurate knowledge of the body he leaves Montpellier and apprentices himself to a surgeon in nearby Arles for the summer Roland soon finds himself with two mentors in Arles Hubert a master surgeon and Isaac a Jewish doctor who

advocates searching for remedies in ancient texts and testing them on patients both of whose lessons he absorbs readily But when he falls in love with Magali a young woman suffering from a mental illness he extends his quest for the truth about the body to include the truth about the mind Readers who loved Rachel Kadish's *The Weight of Ink* will be drawn to Roland's story as he follows the woman he loves into her labyrinth of the spirit one filled with wonder mystery betrayal and love and find themselves enthralled by this finely wrought depiction of the beauty and danger of life in early Renaissance Provence

All the Abbé's Women Bernard J. Bourque, 2015-05-27 One of the most striking aspects of abbé Aubignac's fictional output is that the principal focus of his work is women D Aubignac's attempt to articulate his philosophy about the female sex is very much an intricate balancing act While he is clearly interested in women placing them on a pedestal in many of his writings the abbé imposes limitations on their perceived innate qualities and often embraces the notion of the female as a societal scapegoat *All the Abbé's Women* explores how these ideas were influenced by the socio-political conditions of d Aubignac's time resulting in a complex inter-relationship between the notions of power and misogyny in the author's fictional and critical works The study also aims to contribute to the scholarship on d Aubignac painting a portrait of the abbé that has not been the focus of previous books The work will appeal to students of French literature gender studies and the cultural history of Early Modern France Back cover

Declamation on the Nobility and Preeminence of the Female Sex Henricus Cornelius Agrippa, 2007-11-01 Originally published in 1529 the *Declamation on the Preeminence and Nobility of the Female Sex* argues that women are more than equal to men in all things that really matter including the public spheres from which they had long been excluded Rather than directly refuting prevailing wisdom Agrippa uses women's superiority as a rhetorical device and overturns the misogynistic interpretations of the female body in Greek medicine in the Bible in Roman and canon law in theology and moral philosophy and in politics He raised the question of why women were excluded and provided answers based not on sex but on social conditioning education and the prejudices of their more powerful oppressors His declamation disseminated through the printing press illustrated the power of that new medium soon to be used to generate a larger reformation of religion
