**Annual Index to Motion Picture Credits**, 1983 Byerly Woodward, 1987-04  
**Annual Index to Motion Picture Credits**, 1986 Byerly Woodward, 1987-04  
**On Hollywood** Allen J. Scott, 2018-06-05 Why is the U S motion picture industry concentrated in Hollywood and why does it remain there in the age of globalization Allen Scott uses the tools of economic geography to explore these questions and to provide a number of highly original answers The conceptual roots of his analysis go back to Alfred Marshall s theory of industrial districts and pick up on modern ideas about business clusters as sites of efficient and innovative production On Hollywood builds on this work by adding major new empirical elements By examining the history of motion picture production from the early twentieth century to the present through this analytic lens Scott is able to show why the industry which was initially focused on New York had shifted the majority of its production to Southern California by 1919 He also addresses in detail the bases of Hollywood s long standing creative energies and competitive advantages At the same time the book explores the steady globalization of Hollywood s market reach as well as the cultural and political dilemmas posed by this phenomenon On Hollywood will appeal not only to general readers with an interest in the motion picture industry but also to economic geographers business professionals regional development practitioners and cultural theorists as well  
**1997 Annual Index to Motion Picture Credits** Byerly Woodward, 1998-06-01

**Motion Picture Production in California** Martha Jones, 2002  
*An Economic History of Film* Michael Pokorny, John Sedgwick, 2004-09-09 The economics of the movie industry has been curiously neglected by scholars especially given the material circumstances in which film has been produced distributed and exhibited in capitalist economies and its central importance in the lives of the huge numbers attracted to it as a commodity This book provides an economic framework for understanding developments in film history Film is a peculiar commodity with a unique set of characteristics The topic hence is interesting and covered with aplomb by the contributors to the volume The book includes sections on long term trends in the film industry the transformation of film from a primitive commodity to a heavily branded product the operation of the studio system the end of the studio system in post war America the role and payment of stars Hollywood s approach to risk during the 1990s Experts from the UK and North America have come together in these pages and the result is a readable insightful and enlightening book that will gain many fans amongst those with an interest in the economics of film economic historians film historians and aficionados of the movie industry generally
