B. Gilmour, 1998 How many brains does it take to mess up a bud s budding romance That s the question when Murray becomes Sean s love instructor His advice Macho rules You gotta get down and dumb if you wanna make friends and influence the chronic new babe at Bronson Alcott High So at the urging of his best friend Sean s joining A A as in Airheads Anonymous But Sean s airhead act goes over like a lead balloon and Cher s all Are you whack or what Brains she says are the credit cards of love And if you re shopping for romance don t like leave home without them Can Cher knock some sense into the boy or has the brain damage already been done *Fairy Tales Reimagined* Susan Redington Bobby, 2014-01-10 Although readers and filmgoers are strongly familiar with Disney s sanitized child centric fairy tales they are quick to catch on to reworkings of classic tales into a contemporary context The rise in such retellings seems to indicate that readers are hungry for a new narrative one that hearkens back to the old yet moves the storyline forward to reflect conditions of the modern world No mere escapist fantasies the reimagined fairy tales of the late 20th and early 21st centuries reflect social political and cultural truths Sixteen essays consider fairy tales recreated through short stories novels poetry and the graphic novel from both best selling and lesser known writers applying a variety of perspectives including postmodernism psychoanalysis Marxism feminism queer theory and gender studies Along with the classic fairy tales fiction from writers such as Neil Gaiman Stardust and Gregory Macquire Wicked is covered

resistance As one alumnus put it in a letter to his alma mater Keep the damned women out Focusing on the complexities of institutional decision making this book tells the story of this momentous era in higher education revealing how coeducation was achieved not by organized efforts of women activists but through strategic decisions made by powerful men In America Ivy League schools like Harvard Yale Princeton and Dartmouth began to admit women in Britain several of the men s colleges at Cambridge and Oxford did the same What prompted such fundamental change How was coeducation accomplished in the face of such strong opposition How well was it implemented Nancy Weiss Malkiel explains that elite institutions embarked on coeducation not as a moral imperative but as a self interested means of maintaining a first rate applicant pool She explores the challenges of planning for the academic and non academic lives of newly admitted women and shows how with the exception of Mary Ingraham Bunting at Radcliffe every decision maker leading the charge for coeducation was male Drawing on unprecedented archival research Keep the Damned Women Out is a breathtaking work of scholarship that is certain to be the definitive book on the subject

Becoming Sexual R. Danielle Egan,2013-05-13 The sexualization of girls has captured the attention of the media advocacy groups and politicians in recent years This prolific discourse sets alarm bells ringing sexualization is said to lead to depression promiscuity and compassion deficit disorder and rob young girls of their childhood However measuring such claims against a wide range of data sources reveals a far more complicated picture Becoming Sexual begins with a simple question why does this discourse feel so natural Analyzing potent cultural and historical assumptions and subjecting them to measured investigation R Danielle Egan illuminates the implications of dominant thinking on sexualization The sexualized girl functions as a metaphor for cultural decay and as a common enemy through which adult rage discontent and anxiety regarding class gender sexuality race and the future can be expressed Egan argues that ultimately the popular literature on sexualization is more reflective of adult disquiet than it is about the lives and practices of girls Becoming Sexual will be a welcome intervention into these fraught polemics for anyone interested in engaging with a high profile contemporary debate and will be particularly useful for students of sociology cultural studies childhood studies gender studies and media studies
