new person What constitutes such a transformation merits attention compassion and truth It is a handbook as well as a lodestar It combines research informed guidance and the emotional candor that too many parenting books seem to skip over It s here to accompany you during growth spurts sleep regressions identity shifts and a love that is meant to change you The Journey You Are About to Go on Getting through that first year is not a straight line It is chaotic and shining and fatiguing and beautiful You will get to know your baby s rhythms and your own strength You will mourn what had been and rejoice in what is You will find strength in the smallest of victories from a clipped little pinky nail to the end of a cluster feed Not only is this the year your baby turns one It s yours too The Fallacy of the Parent Who Seems to Naturally Know How to Parent If this feels like it s not natural you are not failing You re learning Bonding doesn t always come instantly Confidence grows through practice You don t need to be perfect All that you have to do is keep showing up And this book will remind no hammer that point home to you Who This Book Is For For every parent who feels uncertain and overwhelmed for every parent who feels filled with joy and all of the above To moms dads partners grandparents and all entering the holy work of carrying a baby This one is for the 3 a m you the weary struggling soft centered you You are seen here How to Use This Book You can read it straight through or one chapter at a time Return to it when you are feeling lost or tired Dogear it highlight it cry on the pages of it Abandon yourself to make way for your progress and your elegance Not just to be telling you this though but to be with you Before We Begin By simply picking up this book you have already accomplished something incredible You re reaching learning choosing presence That s the start of everything May this year be gentle yet strong Allow it to re make you in a positive way And so begins a story that will never leave you Let s begin
