Babies Of The Pond Baby Animals At Play:

Young Children and the Environment Julie M. Davis, 2015 This is an essential text for students teachers and practitioners in a range of early childhood education and care settings Children at Play Arietta Slade, Dennie Wolf, 1994 As they play children do more than imagine they also invent life long approaches to thinking feeling and relating to other people For nearly a century clinical psychologists have been concerned with the content and interpersonal meaning of play More recently developmental psychologists have concentrated on the links between the emergence of symbolic play and evolving thought and language At last this volume bridges the gap between the two disciplines by defining their common interests and by developing areas of interface and interrelatedness The editors have brought together original chapters by distinguished psychoanalysts clinical psychologists social workers and developmental psychologists who shed light on topics outside the traditional confines of their respective domains Thus the book features clinicians exploring subjects such as play representation narrative metaphor and symbolization and developmentalists examining questions regarding affect social development conflict and psychopathology Taken together the contributors offer a rich integrative view of the many dimensions of early play as it occurs among peers between parent and child and in the context of therapy **Bowker's**
