Horst,Meghan A. Kessler,2024-09-01 Teaching and learning through Hollywood or commercial film and television
productions is anything but a new approach and has been something of a mainstay in the classroom for nearly a century
However purposeful and effective instruction through film is not problem free and there are many challenges that accompany
classroom applications of Hollywood motion pictures In response to the problems and possibilities associated with teaching
through film we are developing a collection of practical classroom ready lesson ideas that might bridge gaps between theory
and practice and assist teachers endeavoring to make effective use of film in their classrooms We believe that film can serve
as a powerful tool in the social studies classroom and where appropriately utilized foster critical thinking and civic
mindedness The NCSS College Career and Civic Life C3 framework represents a renewed and formalized emphasis on the
perennial social studies goals of deep thinking reading and writing We believe that as teachers endeavor to digest and
implement the platform in schools and classrooms across the country the desire for access to structured strategies that lead
to more active and rigorous investigation in the social studies classroom will grow increasingly acute Our hope is that this
edited book might play a small role in the larger project of supporting practitioners specifically K 6 teachers of social studies
