Baby Blizzard:

Trailing the Schoolchildren's Blizzard B. Lois Thieszen Preheim, 2021-03-18 This is a story of the January 12 1888 blizzard as experienced by families living in ten locations along the storm's route The storm struck suddenly and caught people off guard as it trailed through the Great Plains of Canada the United States and Territories Many found ingenious ways to reach safety and or pass the time while waiting for the storm to subside Family stories are capsulized in a poem preceding the ten stand alone chapters Tying the chapters together is the common thread of experiencing the storm's fury People of all ages will identify with elements of decision making Amazing Tales Volume 129 Robert Zacks, 2022-10-13 Dive into the enchanting worlds of Amazing Tales Volume 129 where each story transports you to realms both familiar and fantastical This anthology weaves together narratives of adventure mystery and cosmic wonder inviting readers to explore the vast expanse of human imagination In *From Outer Space* by Robert Zacks a seasoned spacefarer mesmerizes a group of young listeners with stories of Earth a distant world they can only dream of Through his vivid tales of love labor and the enigmatic fate of their ancestral home the old storyteller becomes a vital link to a forgotten past sparking a longing for a world unseen Transitioning to Joseph Samachson's *Forgotten Danger* the atmosphere shifts to a shadowy swamp where Crusoe awakens haunted by an undefined threat Surrounded by strangers with cryptic intentions he uncovers a miraculous power within himself transforming the eerie landscape into a playground of suspense and wonder Next journey to a bygone England with *Mistake Inside* by James Blish where the allure of coffee houses eclipses the charm of pubs Amidst the swirling smoke and lively conversations a mysterious visitor from the future disrupts the ordinary rhythm casting a spell of intrigue and altering the course of a seemingly mundane evening Finally venture into the cosmos with Frank Belknap Long's *And We Sailed the Mighty Dark* Follow Jim Sanders and Pete as they explore abandoned starships in the graveyard of space legends Their journey through tales of luck and redemption on the system's edge delves into the profound depths of friendship and the irresistible pull of a second chance Amazing Tales Volume 129 offers an unforgettable voyage through stories that challenge the boundaries of reality leaving readers both captivated and contemplative **Schopenhauer's Telescope** Gerard Donovan, 2014-02-27 In an unnamed European village in the middle of a civil war one man digs while another watches over him Gradually they begin to talk Over the course of the afternoon as the snow falls and truck loads of villagers are corralled in the next field we discover why they are there not just who they are and how specific sinister events in their country have led them to be separated by a deepening grave but why the history of civilization is inseparable from the history of mass violence Beautifully written with a poet's eye for detail coupled with a chilling narrative drive Gerard Donovan's first novel has been compared with Franz Kafka and Bernhard Schlink *SCHOPENHAUER'S TELESCOPE* is current in the best sense not merely about Bosnia or Kosovo but in attempting to make art out of brutal life *The Complete Works of William Dean Howells: 27 Novels & 40+ Short Stories, Including Plays, Poems, Travel Sketches, Historical Works & Autobiography*
