Geisha pokes fun it s satirical there s an underlying delicious irony to it and the telling parts are the ones where Dalton coins names cuts down trees with her paragraphs gives us just a touch of the absurd Dalton s skill as a writer and above all her expertise in choosing words that play into a darker cultural picture an offsetting of America s natural high are not to be missed here Fanzine Baby Geisha is a collection of thirteen sexually charged stories that roam from the Coney Island Ferris wheel to the Greek Isles True to Trinie Dalton s form the stories in Baby Geisha are distinctly imagined while also representing a more grounded approach in the author s style There s the Joan Didion obsessed starving journalist of Pura Vida struggling to maintain a relationship with her performance artist sisters or anyone for that matter on assignment in Costa Rica to write an article on sloth hugging Millennium Chill is about a woman who discovers that her body heat is mysteriously linked to that of an elderly beggar Baby Geisha serves to support Dalton s reputation as a remarkable stylist and a very original artist
