Baby Mozart™ Music Is Everywhere!

baby
einstein.

Great Minds Start Little.™

At Baby Einstein, we know that babies are passionately curious. They are fascinated by the sights and sounds around them, and every moment of every day is an opportunity for discovery. Created by a mom and designed specifically for babies and toddlers, our products provide fun and stimulating ways for parents and caregivers to interact with their children.

Information and ideas for parents:

- As you read each page, point to the animals and other objects in nature that are presented in the photos. Talk with your child about where these things might have been seen before.
- After reading the book, go through the text again and explore with your child the different musical sounds. Clap hands, sing, and whistle to resemble the musical sounds described in the text. Listen to different kinds of music together and help your youngster recognize the instruments that were introduced in the book.
- Children ages 3 and 4 can recognize words that rhyme. Take turns naming the rhyming words on the pages.
