Scott,2010-10 Enjoy your childhood Have fun while you can That s what parents tell their children Jane Adleyne Geiger did enjoy her childhood immensely Her blessings in life include a Christian upbringing two wonderful most of the time sisters loving parents and a middle class economic privilege Her story begins with a recreation of her grandparents and parents courtship and marriage Her parents were married just a few days before the Stock Market crashed in 1929 and they suffered many hardships of life over the next few years Adleyne grew up during the 1950 s and has written this stimulating account of her childhood her school years and her musical journey A teen pregnancy and her subsequent marriage changed the focus of her life from high school friends And The possibility of a music conservatory experience to that of family survival She has included stories of her family friends and teachers who helped her succeed along the way Often hilarious this nostalgic retelling of her childhood is a universal project of many adults though many do not have the nerve to put it in writing Included in the book is a personal letter to each of her children telling about the special memories that make each one so unique Adleyne s fascination with shoes the way they look The way they feel And The way the smell when they re new has given her a theme For The entire story During many of the pivotal junctions in her life her shoes of the times were an integral part of the major events New shoes became a Rite of Passage to new places in life s journey Imagine wearing a comfortable pair of Mary Janes while you read this story of courage perseverance and determination *Writing Lives in China,*

1600-2010 Marjorie Dryburgh,Sarah Dauncey,2013-10-31 This innovative collection explores the life stories of Chinese women and men between the seventeenth and twenty first centuries It draws on both biographical and autobiographical narratives and on perspectives taken from life writing theory to ask how lives were lived and written within and against the rules of the auto biographical game Precocious Children and Childish Adults Claudia Nelson,2012-07-02 Especially evident in Victorian era writings is a rhetorical tendency to liken adults to children and children to adults Claudia Nelson examines this literary phenomenon and explores the ways in which writers discussed the child adult relationship during this period Though far from ubiquitous the terms child woman child man and old fashioned child appear often enough in Victorian writings to prompt critical questions about the motivations and meanings of such generational border crossings Nelson carefully considers the use of these terms and connects invocations of age inversion to developments in post Darwinian scientific thinking and attitudes about gender roles social class sexuality power and economic mobility She brilliantly analyzes canonical works of Charles Dickens Charlotte Bront William Makepeace Thackeray Bram Stoker and Robert Louis Stevenson alongside lesser known writings to demonstrate the diversity of literary age inversion and its profound influence

on Victorian culture By considering the full context of Victorian age inversion Precocious Children and Childish Adults illuminates the complicated pattern of anxiety and desire that creates such ambiguity in the writings of the time Scholars of Victorian literature and culture as well as readers interested in children s literature childhood studies and gender studies will welcome this excellent work from a major figure in the field **The Mother Who Stayed** Laura Furman,2011-02-01 In nine strikingly perceptive stories set miles and decades apart Laura Furman mines the intricate elusive lives of mothers and daughters and of women who long for someone to nurture Meet Rachel a young girl desperate for her mother s unbridled attention knowing that soon she ll have to face the world alone Marian a celebrated novelist who betrays the one person willing to take care of her as she is dying her unclaimed daughter and Dinah a childless widow uplifted by the abandoned century old diaries of Mary Ann a mother of eleven The Mother Who Stayed is an homage to the timeless primal bond between mother and child and a testament that the relationships we can t define can be just as poignant memorable and inspiring as those determined by blood Tender and insightful Furman s stories also bravely confront darker realities of separation and regret death and infidelity even murder Her vividly imagined characters and chiseled prose close the gap between generations of women as they share their wisdom almost in chorus Although our lives will end we must cherish the sanctity of each day and say as did Mary Ann ages ago I done what I could Families and their Relatives Hubert Firth,Forge Firth,2006-05-10 As increased access to employment and educational opportunities brought dramatic changes to women s lives sociologists began to look at the effect of women s changing roles on their children and families Based on empirical investigations and personal experience the studies included in the volumes of The Sociology of Gender and the Family set of The International Library of Sociology set out to establish patterns and regularities in social behaviour and to understand the social roles of kinship groups mothers wives children and the elderly Hari Mohan Jha Shailendra Mohan Jha,1994 On the works of Harimohan Jha 1908 1984 Maithili author **Light Without Heat** Matthew Kirkpatrick,2012-03-07 Matthew Kirkpatrick s debut Light without Heat is an inventive surprising collection of short stories full of odd marginal characters rendered with surreal humor and lyrical often beautiful language Formally playful these stories take the shape of biographies instructions glossaries and diagrams all ultimately in the service of depicting characters with emotional intensity Stories in the collection explore the flawed nature of memory workplace malaise the isolation of home and the last throes of ending love No two stories in Light without Heat are the same yet all of them work toward sharing human experience in new innovative ways
