Babyboomer Memoirs:

Memoirs of a Baby Boomer in Poetry-From the Plow to the Computer Jerry Yates,2006-08 Post War Boy:
Memoirs of a Baby Boomer Trevor Cherrett,2017-09-26 They say if you can remember the Sixties you could not have been there Well post war baby boomer Trevor Cherrett was there and he can remember them But his memories are more about what it was really like to grow up in one of the most rapidly changing periods in Britain s history as the country emerged from the destruction of the Second World War to a new world of peace prosperity and the Welfare State Born almost in sight of the red funnelled Cunarders in the port of Southampton and on the edge of the Luftwaffe s bombing run just a few years before the author evokes his early years of national health orange juice cod liver oil and school milk discovering the joys of exploring the then sleepy country town of Ringwood where you could get away with tri cycling halfway to Bournemouth and growing up by the harbours and beaches of Mudeford and the South Coast In frank detail he explores how he experienced the trials and tribulations of family life and girlfriends in a period which invented the teenager and witnessed the passing of much of the old order how school shaped his life in the days of the 11 Plus and the great divide between Grammar schools and Secondary Moderns and the new opportunities to go to University and how growing up on the South Coast and the New Forest opened the door to his passions for fishing boating and football Like many baby boomers Trevor acknowledges that they were and are a fortunate generation But he argues it wasn t just good luck or worse some kind of inter generational conspiracy Much of their good fortune was the result of far sighted post war policies aimed at creating a fairer as well as a more prosperous society And he believes those policies have lessons for us today This is not the autobiography of a Celebrity Rather it is the story of an Everyman living through an extraordinary period of history and making the links between his personal endeavours and the social economic and cultural changes that affected his life and the different places in which they were played out **BOOM! - a baby boomer memoir, 1947-2022** Ted Polhemus,2012-01-04 Sex Drugs and Rock n Roll Straight from the fridge I Love Lucy meets The Sopranos in The Twilight Zone From Elvis to Johnny Rotten Neptune New Jersey with Greetings from Asbury Park to Swinging London Some say it all happened in the 60s but in BOOM anthropologist and social historian Ted Polhemus shows how the roots of our post modern age go back to the heady years just after WWII If you like Mad Men Blade Runner American Graffiti Blow up The Wild One wish you d caught Monk at Minton s Playhouse in 1947 Springsteen at The Stone Pony or The Pistols in London in 1976 or not Ted Polhemus other works include Streetstyle Fashion Anti fashion Style Surfing and Body Styles **Autobiography of a Baby Boomer** Robert Schultz,2013-05-28 In Autobiography of a Baby Boomer you ll follow the journey of a post modernist baby boomer from Father Knows Best middle class Fair Lawn New Jersey to the hippy trail through Europe North Africa the Middle East and Asia The overland journey in search of something more than he could find at Cornell University Medical College covers four years during a time when dropping out turning on and free love were the gospel Through his travels drugs s ances very far

out Road People and his parents unremitting love author Robert Schultz comes to truly appreciate the American way of life In an admittedly unconventional way Schultz discovers the rather conventional joy of having a family and the awesome responsibility that comes with it Recollections: A Baby Boomer's Memories of the Fabulous Fifties Jim Chambers,2009 As one of the first post WWII Baby Boomers Jim Chambers childhood and early teenage years were in the 1950s a remarkable decade for the United States that saw enormous political technological and cultural changes Although many books have covered the headline making events of the era in great detail few of these books give the reader a real feel for what daily life was like for Americans living in that decade especially for kids growing up then The author remembers the little nuts and bolts things of daily life for families during the fascinating decade known as the Fabulous Fifties Recollections perfectly blends paying homage to the little day to day rituals with a larger scale examination of social issues and mores of the times and it s equally entertaining on either level Recollections is a warm lovingly honest and fascinating portrait of America in the mid 20th Century **Memoirs of a BabyBoomer** Rudolph Frazier,2012-08-15 This has been a book long in the making for well over 10 years or more It s about the life of a black babyboomer growing up in the city of Charleston South Carolina amid revolutionary and significant social changes of the 50 s 60 s and 70 s In addition it offers a commentary on life in the palmetto state and on some of the memorable events and personalities as seen through the eyes of this babyboomer You may have noticed inside the cover that the author mentions being the son of Mary Frazier phrased as Mary sic son as opposed to the correct phraseology Mary s son As indicated by the sic erat scriptum the author has done this with the intention of conveying to the reading audience the flavor and character of the speaking dialect consistent with the people indigenous to Charleston proper I thank you for buying my book and sincerely hope you enjoy the read **Musings of a Baby Boomer** Kay Hoflander,2022-04-26 An honest humorous and refreshing look back on the experiences of a unique generation and the challenges of growing older in the digital age Musings of a Baby Boomer Life Before X Y and Z is a collection of selected shorts from Hoflander s weekly newspaper column Full Circle featuring sometimes funny and sometimes philosophical stories with a continuous theme the reluctant but generally happy aging of the Baby Boomer generation In this collection Hoflander tells stories about everything from yard flamingos and college move in day to battling internet bots She reflects on the simpler times of her childhood and addresses present day changes to which as a baby boomer she adapts memory loss evolving technology and politics Through it all she uses humor and wit to remind readers not to take life too seriously and to focus on the things that really matter This book entails family friends and wisdom from the perspective of the baby boomer generation A great read for all Delightful Teresa Parson First Lady of Missouri America needs healing and instead of destroying our history perhaps musings from those who have been part of history can provide a way forward That is what Kay Hoflander s book offers Lieutenant Colonel Allen B West US Army Retired Member 112th U S Congress Former Chairman Republican Party of Texas Hoflander has the magical skills to hit upon daily life with humor and understanding For

younger readers this book just may help you better understand your parents or grandparents It is a book for all generations to enjoy Suzanne Skelly University of Missouri Graduate Educator Realtor Genealogist and life long Bibliophile
