**The Europa Conspiracy** Tim LaHaye, Tim F. LaHaye, Bob Phillips, 2005 Biblical archaeologist Michael Murphy embarks on a quest to uncover one of the Bible's most significant artifacts a search that forces him to match wits with the evil Talon a mysterious opponent with dire plans for all humankind *Babylon Rising: The Europa Conspiracy* Tim LaHaye, 2009-10-14 Tim LaHaye creator of the Left Behind series blends suspense and Biblical prophecy in a new series of thrillers with a chilling relevance to the events of our time Here are ancient secrets never before revealed dire warnings and a man who must rise to face the greatest evil of all Michael Murphy is a hero for our troubled times He's an archaeologist and a scholar of Biblical prophecy He's also a man of action hunting ancient artifacts at the risk of his life And this time he's onto a find that will send him toward a confrontation with an evil of unimaginable power For Murphy has unlocked secrets that were never meant to be revealed secrets challenging everything Murphy's ever believed and jeopardizing everyone he's ever loved But that's not all that's at stake For what Murphy has discovered is that the countdown to the end time of all humankind has already begun It's later than anyone thinks And if Murphy fails we all fail *Books Out Loud*, 2007 **Bowker's Guide to Characters in Fiction 2007**, 2008-02 **Library Journal** Melvil Dewey, Richard Rogers Bowker, L. that by 2018 the nation of China would become the new power world Even so we will see that this will not be exactly the case despite the fact that it is now the global economic power and perhaps the second or third military power on our planet If we remove the dates that he is supposed to have mentioned and simply refer to his warnings then we do have logical citations and which coincide with a host of other prophecies Vanga is said to have prophesied that after China became the world power the subsequent thing would be that the Earth s orbit would change slightly I would also have argued that then Europe would have serious demographic problems that hunger would slowly become a problem for humanity that there would be polar melting and strong sea level rise and the like It is also said that he warned that later the world economy would improve remarkably while in Europe the Muslims dominate We already know that this has to do with the new currency and the Islamic invasion but Vanga adds something strange
