Patients and Agents Alyson Callan, 2012 Sylhet the area of Bangladesh most closely associated with overseas migration has seen an increase in remittances sent home from abroad introducing new inequalities Social change has also been mediated by the global forces of Western biomedicine and orthodox Islam This book examines the effects of these modernizing trends on mental health and on local traditional healing as the new inequalities have exacerbated existing social tensions and led to increased vulnerability to mental illness It is the young women of Sylhet who are most affected The global economy has increased competition for resources and led to marriage being seen as a route to economic advancement Parents prefer to give their daughters in marriage to families that will widen their social contacts and enhance their economic and social standing Accordingly the young wife's outsider status and hence vulnerability to mental illness has increased as it is no longer customary to give daughters in marriage to local kin Yet patients and their families do not work out tensions passively They are active agents in the construction of their own diagnosis The extent to which patients act or are acted upon is an investigation that runs throughout the book

Children of the Second Spring John Furnival, 2005 Father Nugent founded many Institutions for the poor and needy in his native town of Liverpool and was instrumental in the scheme to take orphaned children to the New World to find a new home He spearheaded the campaign to Save the Child from the temptations and dangers of the streets and he provided shelter to the marginalized and despised He worked ecumenically with his colleagues from other churches in a town that was largely Protestant and made education and the reform of the young his special concern for over fifty years Much of what he pioneered still bears fruit today and his work and name are perpetuated by the Nugent Care Society he founded in 1881 originally the Liverpool Catholic Children's Protection Society This book is a timely reminder of Father James Nugent's work and his significance for us today both for the Church and for society as a whole setting his life in the context of his era which contained the seeds of so much that has borne fruit in our time It is an encouragement to priests and potential priests in the mission of the Church today
