countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators **The Facts on File**

**Encountering Cruelty: The Fracture of the Human Heart** Michael Trice, 2011-04-21 Drawing on Nietzsche's challenge to the western tradition this book is a theological exploration of cruelty in its personal communal and institutional encounters in human life Cruelty undermines care trust respect and justice and its study opens a window into the theological possibility of reconciliation today

**The Development of African Drama** Michael Etherton, 2023-08-18 Originally published in 1982 this book explores concepts such as traditional performance and African theatre It analyses the links between drama and ritual and drama and music and diagnoses the confusions in our thought The reader is reminded that drama is never merely the printed word but that its existence as literature and in performance is necessarily different The analysis shows that literature tends to replace performance and drama removed from the popular domain becomes elitist The

book's richness lies in the constantly stimulating analysis of art theatre as exemplified in protest plays in African adaptations and transpositions of such classical subjects as the Bacchae and Everyman in plays on African history on colonialism and neo colonialism The final chapters argue that the form of African drama needs to evolve as the content does      *Critical Perspectives on Wole Soyinka* Wole Soyinka, 1980 Distinguished scholars analyze the plays poetry and prose of Wole Smoyinka winner of the Nobel Prize for literature in 1986 Essays trace his career and place his work in the general context of African literature      *The Fortunes of Everyman in Twentieth-century German Drama* Brian Murdoch, 2022 Death still comes to Everyman but this study of three twentieth century German plays shows the harder challenge of living without salvation in an age of war and unprecedented mass destruction Death comes to everyone and in the late medieval morality play of Everyman the familiar skeleton forces the universalized central figure to come to terms with this Only his inner resources in the forms of Good Deeds and Knowledge ensure that he repents and is redeemed Three important twentieth century German plays echo Everyman Toller's Hinkemann Borchert's The Man Outside and Frisch's The Arsonists Firebugs but the unprecedented scale of killing in the First and Second World Wars changed the view of death while in the Cold War the nuclear destruction literally of everyone became a possibility Brian Murdoch traces the heritage of Everyman in the three plays in terms of dramatic effect changes in the image of Death and especially the problem of living with existential guilt Death now over fed still has to be faced but Everyman has the harder problem of living with the awareness of human wickedness without the possibility of salvation All three plays have tended to be viewed in their specific historical contexts but by viewing them less rigidly and as part of a long dramatic tradition Murdoch shows that all present a message of lasting and universal significance They pose directly to the theater audience questions not just of how to cope with death but how to cope with life      *Behold the Man!* J. Marc. Merrill, 2013-08-19 The Greek word translated as Socrates is actually a compound that means save from death and power over so the intent of the compound is to point to one who has power over life and death and that one is Christ Harold North Fowler in his introduction to The Apology says that the high moral character and genuine religious faith of Socrates are made abundantly clear throughout this whole discourse It would seem almost incredible that the Athenian court voted for his condemnation if we did not know the fact When we keep in mind the true intent of the compound translated as Socrates then we can be certain that it was not the Athenian court that voted for the condemnation and death of this man with a high moral character but rather a multitude of people who were influenced by the members of the Sanhedrin in Jerusalem BEHOLD THE MAN reveals how inaccurate and misleading English translations have been of ancient Greek literature and the author makes a compelling case for Christ being at the center of THE ILIAD
