Apologetics after Lindbeck Jeremiah Gibbs,2015-11-04 Postmodern challenges to the reliability of Christian belief have left many pastors and theologians wondering whether Christian belief should be rationally defended at all Gibbs investigates this possibility by a case study of postmodern theologian George Lindbeck Lindbeck s modern classic The Nature of Doctrine is a prime example of theology that is both faithful to the church and highly critical of modern conceptions of faith and reason Gibbs s careful analysis of Lindbeck shows a way forward that embraces Christian apologetics while transforming it to answer postmodern criticisms of modern apologetics The result is a sure confidence that the truth of Christian belief is reasonable even if not able to be proven Not only is Christian truth shown reliable Gibbs argues that apologists can and should defend the reliability of the Christian narrative as the most beautiful and good account of the world as well Apologetics after Lindbeck is a transformation of apologetics that calls the church to faithfully form Christians who can tell a beautiful good and true story of the grace of Jesus Christ
