Back Lot Growing Up With The Movies:

The Marxist and the Movies Larry Ceplair, 2007-11-16 As part of its effort to expose Communist infiltration in the United States and eliminate Communist influence on movies from 1947 1953 the House Committee on Un American Activities subpoenaed hundreds of movie industry employees suspected of membership in the Communist Party Most of them including screenwriter Paul Jarrico 1915 1997 invoked the Fifth Amendment and refused to answer questions about their political associations They were all blacklisted In *The Marxist and the Movies* Larry Ceplair narrates the life movie career and political activities of Jarrico the recipient of an Oscar nomination for his screenplay for *Tom Dick and Harry* 1941 and the producer of *Salt of the Earth* 1954 one of the most politically besieged films in the history of the United States Though Jarrico did not reach the upper echelon of screenwriting he worked steadily in Hollywood until his blacklisting He was one of the movie industry's most engaged Communists working on behalf of dozens of social and political causes *Song of Russia* 1944 was one of the few assignments that allowed him to express his political beliefs through his screenwriting craft Though MGM planned the film as a conventional means of boosting domestic support for the USSR a wartime ally of the United States it came under attack by a host of anti Communists Jarrico fought the blacklist in many ways and his greatest battle involved the making of *Salt of the Earth* Jarrico other blacklisted individuals and the families of the miners who were the subject of the film created a landmark film in motion picture history As did others on the blacklist Jarrico decided that Europe offered a freer atmosphere than that of the cold war United States Although he continued to support political causes while living abroad he found it difficult to find remunerative black market screenwriting assignments On the scripts he did complete he had to use a pseudonym or allow the producers to give screen credit to others Upon returning to the United States in 1977 he led the fight to restore screen credits to the blacklisted writers who like himself had been denied screen credit from the late 1940s to the mid 1960s Despite all the obstacles he encountered Jarrico never lost his faith in the progressive potential of movies and the possibility of a socialist future *The Marxist and the Movies* details the relationship between a screenwriter's work and his Communist beliefs From Jarrico's immense archive interviews with him and those who knew him best and a host of other sources Ceplair has crafted an insider's view of Paul Jarrico's life and work placing both in the context of U S cultural history

The Animated Man Michael Barrier, 2007-04-30 Film and television **Forbidden Animation** Karl F. Cohen, 2013-10-18 Tweety Bird was colored yellow because censors felt the original pink made the bird look nude Betty Boop's dress was lengthened so that her garter didn't show And in recent years a segment of *Mighty Mouse* was dropped after protest groups claimed the mouse was actually sniffing cocaine not flower petals These changes and many others like them have been demanded by official censors or organized groups before the cartoons could be shown in theaters or on television How the slightly risqué gags in some silent cartoons were replaced by rigid standards in the sound film era is the first misadventure covered in this history of censorship in the animation industry The perpetuation of racial stereotypes in many

early cartoons is examined as are the studios efforts to stop producing such animation This is followed by a look at many of the uncensored cartoons such as Lenny Bruce s Thank You Mask Man and Ralph Bakshi s Fritz the Cat The censorship of television cartoons is next covered from the changes made in theatrical releases shown on television to the different standards that apply to small screen animation The final chapter discusses the many animators who were blacklisted from the industry in the 1950s for alleged sympathies to the Communist Party

Film and Ethics Jacqui Miller, 2014-08-26 This book forms part of the multi disciplinary Studies in Ethics Series from Liverpool Hope University It explores the slipperiness of ethics as a concept and demonstrates the multiplicity of intellectual inquiry within contemporary Film Studies At first glance ethics is not necessarily a subject conventionally associated with film Film is often regarded as a form of lowbrow popular culture either offering bland entertainment or deliberately setting out to shock or more cynically generate box office revenue through gratuitous inclusion of sex and violence Certainly there have always been a minority of films based on the stereotypically ethical subject of religion but these have often generated the most controversy from the studio system decree that it was blasphemous to represent the corporeal body of Christ to the furore surrounding Martin Scorsese s The Last Temptation of Christ 1988 This book shows that from the silent era to the present day film has been inherently concerned

with ethical issues In this light the definition of ethics that informs the volume and is taken as the starting point of each of the chapters is the notion of personal or institutional motivation most usually because a character or industry figure makes a decision or choice based on their own moral or ethical code Once this is defined the ethical dimension to films is immediately evident This book takes as its central theme the difficulty of decisions refracted through personal ethical codes and thus recognises that what counts as ethics or morality is always subjective Some of the chapters explore films which take conventionally good ethical standpoints others investigate why bad decisions were made at least one explores the celebration of practices invoking popular disgust but all the contributions study ethical decisions within film that represent the strongly felt convictions of those involved and moreover address aspects of filmmaking which force the spectator to be an active and reciprocal participant in the creation of meaning thus implicitly acknowledging that ethics are subjective and in perpetual flux rather than fixed objective truths

The Fixers E.J. Fleming, 2015-01-28 Eddie Mannix and Howard Strickling are virtually unknown outside of Hollywood and little remembered even there but as General Manager and Head of Publicity for Metro Goldwyn Mayer Studios they lorded over all the stars in Hollywood's golden age from the 1920s through the 1940s including legends like Garbo Dietrich Gable and Garland When MGM stars found themselves in trouble it was Eddie and Howard who took care of them solved their problems hid their crimes and kept their secrets They were the Fixers At a time when image meant everything and the stars were worth millions to the studios that owned them Mannix and Strickling were the most important men at MGM Through a complex web of contacts in every arena from reporters and doctors to corrupt police and district attorneys they covered up some of the most notorious crimes and scandals in Hollywood history keeping stars out of jail and more importantly their names out of the papers They handled problems as diverse as the murder of Paul Bern husband of MGM's biggest star Jean Harlow the studio directed drug addictions of Judy Garland the murder of Ted Healy creator of The Three Stooges at the hands of Wallace Beery and arranging for an unmarried Loretta Young to adopt her own child a child fathered by a married Clark Gable Through exhaustive research and interviews with contemporaries this is the never before told story of Eddie Mannix and Howard Strickling The dual biography describes how a mob related New Jersey laborer and the quiet son of a grocer became the most powerful men at the biggest studio in the world *The Final Victim of the Blacklist* Gerald Horne, 2006 John Howard Lawson was one of the most brilliant successful and intellectual screenwriters on the Hollywood scene in the 1930s and 1940s This biography of Lawson features many of his prominent friends and associates including John Dos Passos Theodore Dreiser F Scott Fitzgerald Charles Chaplin Gene Kelly Edmund Wilson and others

Lion of Hollywood Scott Eyman, 2008-06-23 Lion of Hollywood is the definitive biography of Louis B Mayer the chief of Metro Goldwyn Mayer MGM the biggest and most successful film studio of Hollywood's Golden Age An immigrant from tsarist Russia Mayer began in the film business as an exhibitor but soon migrated to where the action and the power were Hollywood Through sheer force of energy and foresight he turned his own modest studio into MGM where he

became the most powerful man in Hollywood bending the film business to his will He made great films including the fabulous MGM musicals and he made great stars Garbo Gable Garland and dozens of others Through the enormously successful Andy Hardy series Mayer purveyed family values to America At the same time he used his influence to place a federal judge on the bench pay off local officials cover up his stars indiscretions and on occasion arrange marriages for gay stars Mayer rose from his impoverished childhood to become at one time the highest paid executive in America Despite his power and money Mayer suffered some significant losses He had two daughters Irene who married David O Selznick and Edie who married producer William Goetz He would eventually fall out with Edie and divorce his wife Margaret ending his life alienated from most of his family His chief assistant Irving Thalberg was his closest business partner but they quarreled frequently and Thalberg's early death left Mayer without his most trusted associate As Mayer grew older his politics became increasingly reactionary and he found himself politically isolated within Hollywood's small conservative community

Lion of Hollywood is a three dimensional biography of a figure often caricatured and vilified as the paragon of the studio system Mayer could be arrogant and tyrannical but under his leadership MGM made such unforgettable films as The Big Parade Ninotchka The Wizard of Oz Meet Me in St Louis and An American in Paris Film historian Scott Eyman interviewed more than 150 people and researched some previously unavailable archives to write this major new biography of a man who defined an industry and an era

years later and by the mid 1930s was the most popular actress in America In the early 1940s Crawford's risky decision to move to Warner Bros was rewarded with an Oscar for *Mildred Pierce* This triumph launched a series of film noir classics In her fourth decade she teamed with rival Bette Davis in *Whatever Happened to Baby Jane* proving that Crawford whose career had begun by defining big screen glamour had matured into a superb dramatic actress Her last film was released in 1970 and two years later she made a final television appearance forty seven years after walking through the MGM gate for the first time Crawford made a successful transition into business during her later years notably in her long association with Pepsi Cola as a board member and the brand's leading ambassador Overlooked in previous biographies has been Crawford's fierce resolve in creating and then maintaining her star persona She let neither her age nor the passing of time block her unrivaled ambition and she continually reimagined herself noting once that for the right part she would play Wally Beery's grandmother But she was always the consummate star and at the time of her death in 1977 she was a motion picture legend and a twentieth century icon
