Letters to the (Would Be) President (9/09/08 to 8/29/09) Turnin A. Hausround, 2010-06-28 Our Backs were to the Wall Street that is and we were absolutely desperate to survive anyway we could and there was only one path one hope that had any chance if any to get out of this BLACK HOLE OF BEING TAXED TO DEATH IN THOSE 8 YEARS TO ELECT ANOTHER ONE OF THEM THAT HAD DONE THIS HORROR TO US JUST

WOULD NOT DO WE HAD AND HAVE NO OPTIONS LEFT THIS WAS IT NO OTHER WOULD DO AND IF IT WENT THE WRONG WAY NONE OF US OR NONE OF THE 300 MILLION OF THIS NATION COULD SURVIVE EVEN ONE MORE DAY OF THAT KIND OF ADMINISTRATION OR GROUP IN POWER THERE WAS NO OTHER OPTION IT HAD TO GO ONLY ONE WAY AND FORTUNATELY IT DID THANK GOD FOR SEEING US THROUGH TO THE RIGHT CONCLUSION **Letters to the (Trying to Be) President (9/9/08 to 12/25/09)** Turnin A. Hausround,2010-01-11 A TOTALLY VITAL BOOK about the contentious 2008 election and the first year of the New Audacity of Hope President The Insights in this book are staggeringly predictive and dead on in their accuracy This book will shake you up and reset your views on life and the election A MUST READ **Deciding Communication Law** Susan Dente Ross,2004 This clearly written and well focused volume combines concise decisions of the primary areas of communication law with the foundational case decisions in those domains Thus in one volume students of communication law constitutional law political science and related fields find both the key rulings that define each area of law and a detailed summary of the legal concepts doctrines and policies so vital to understanding the rulings within their legal context The text forgoes the tendency to provide encyclopedic treatment of all the relevant cases and focuses instead on the two or three cases most vital to an accurate and informed understanding of the current state of each field of communication law The chapters provide readers with the most salient concepts and the necessary depth to understand the law while permitting most reading time to be directed to the law itself Full text rulings allow readers to immerse themselves in the law itself to develop a feel for its complexity its flexibility and its language Useful as a quick reference to the landmark rulings and the jurisprudence of communication law this book also serves well as the primary text in related undergraduate courses or as a supplemental text in graduate classes in the field **School Board Battles** Melissa M. Deckman,2004-02-27 If there is a culture war taking place in the United States one of the most interesting if under the radar battlegrounds is in local school board elections Rarely does the pitch of this battle reach national attention as it did in Kansas when the state school board led by several outspoken conservative Christians voted to delete evolution from the state s science curriculum and its standardized tests in August 1999 That action rattled not only the educational and scientific communities but concerned citizens around the nation as well While the movement of the Christian Right into national and state politics has been well documented this is the first book to examine their impact on local school board politics While the Kansas decision was short lived during the past decade in school districts around the country conservative Christian majorities have voted to place limits on sex education to restrict library books to remove references to gays and lesbians in the classroom and to promote American culture as superior to other cultures School Board Battles studies the motivation strategies and electoral success of Christian Right school board candidates Based on interviews and using an extensive national survey of candidates as well as case studies of two school districts in which conservative Christians ran and served on local boards Melissa M Deckman gives us a surprisingly complex picture of these candidates She reveals

weaker ties to national Christian Right organizations and more similarities between these conservative candidates and their more secular counterparts than might be expected Deckman examines important questions Why do conservative Christians run for school boards How much influence has the Christian Right actually had on school boards How do conservative Christians govern School Board Battles is an in depth and in the trenches look at an important encounter in the culture war one that may well determine the future of our nation s youth **Left and Right** Ana Rita Ferreira, João Cardoso

Rosas, 2014-01-08 The great dichotomy between left and right has been a feature of pluralist politics since its emergence in modern times Left and right are also central to the understanding of the political history of the twentieth century and may be gaining renewed visibility in the context of the current economic crisis both in Europe and beyond Should scholars think once again with and within the dichotomy or can they think better beyond its strictures The contributions to this volume provide answers to these and other questions in ways that are theoretically sound and empirically informed Trainwreck Bill
