Back Toward The Future Hints For Interpreting Biblical Prophecy:

Back Toward the Future Walter C. Kaiser, 1989 **Back Toward the Future** Walter C. Kaiser Jr., 2003-12-31 Biblical prophecy comprises one of the most rewarding topics of Bible study. Difficulty of subject matter and unfamiliarity with the literary forms however deter many students. *Back Toward the Future* removes these obstacles and invites exploration of this exciting subject. The author, a respected expert in the field, presents an introductory guide to the issues and methods of interpreting prophetic literature. The principles he formulates, coupled with his mature insights, will help students avoid many exegetical pitfalls. Part I helps the reader to discern conditional and unconditional prophecies, comprehend apocalyptic symbols, and understand future events in expressions of the past. Part 2 provides specific steps for interpreting prophetic passages. And Part 3 discourages Bible students from finding double meanings in prophetic statements and encourages them to embrace the author's single truth intention. A Scripture index concludes *Back Toward the Future*. **Back Toward the Future** Walter Christian Kaiser (Jr.), 1989 **Answers to Common Questions about the End Times** Timothy J. Demy, Thomas Ice, Introducing a new series of quick reference guides that answer the most asked questions about the Christian faith **Biblical Hermeneutics** Bruce Corley, Steve Lemke, Grant Lovejoy, 2002 Biblical Hermeneutics is a textbook for introductory courses in hermeneutics **The Prophecy That Is Shaping History** Jon Mark Ruthven, Jon Ruthven, 2003 Millions of Jews, Christians, and Muslims believe that a 2,500-year-old prophecy is about to be fulfilled: a global apocalyptic jihad of many nations against the tiny state of Israel, whose recent re-emergence in its traditional land has sparked unrelenting rage and attack. Repeated resolutions passed in the United Nations reflect world-wide and nearly unanimous hostility against the so-called Zionist entity, even to the point of denying its right to exist. Most news media and political analysts seem unaware of the ancient prophecy that not only predicts this apocalyptic war but also amazingly how this prophecy by Ezekiel chapters 36-44 provides the scenario for numerous best-selling books in both the English-speaking and Muslim worlds. These best sellers not only describe this great conflagration but actually also motivate their readers to prepare for it. *The Prophecy That Is Shaping History* represents a major advance in research and scholarship in examining the historical and contemporary impact of Ezekiel's prophecy on world events. This academic monograph also offers a wealth of new evidence in tracing the identities, origins, and ultimate destinies of the key nations of Ezekiel's prophecy who are seen to participate in what millions believe will be the most horrific battle the world will ever witness. **Three Views on the New Testament Use of the Old Testament** Kenneth Berding, Jonathan Lunde, 2008 To read the New Testament is to meet the Old Testament at every turn. But exactly how do Old Testament texts relate to their New Testament references and allusions? Moreover, what fruitful interpretive methods do New Testament texts demonstrate? Leading biblical scholars Walter Kaiser, Darrel Bock, and Peter Enns each present their answers to questions surrounding the use of the Old Testament in the New Testament. Contributors address elements such as Divine and human authorial intent, the context of Old Testament references,

and theological grounds for an interpretive method Each author applies his framework to specific texts so that readers can see how their methods work out in practice Each contributor also receives a thorough critique from the other two authors A one stop reference for setting the scene and presenting approaches to the topic that respect the biblical text Three Views on the New Testament Use of Old Testament gives readers the tools they need to develop their own views on this important subject The Counterpoints series provides a forum for comparison and critique of different views on issues important to Christians Counterpoints books address two categories Church Life and Bible Theology Complete your library with other books in the Counterpoints series **How to Preach the Prophets for All Their Worth** Andrew G. M.

Hamilton,2022-05-24 The Old Testament prophetic books play a key role in revealing God's plan of salvation They occupy a significant portion of the biblical canon similar in size to the entire New Testament Yet most believers stay clear of this part of Scripture They avoid traveling through this forest of oracles and visions Many preachers also struggle to navigate this unfamiliar territory Preachers feel much more at ease unpacking the intricate arguments of the Pauline epistles or following the thrilling adventures of biblical narratives rather than exploring the prophetic books The church however needs to hear and respond to the beauty depth and relevance of the prophetic message This book not only provides convincing reasons for preaching the prophets today but also offers concrete guidelines to empower preachers small group leaders youth workers etc to communicate the message of the prophets with hermeneutical precision theological depth genre sensitivity and pastoral pulse This book motivates and equips preachers to travel with confidence through this uncharted territory and to help God's people enjoy the scenery of this part of God's word *The Messiah in the Old Testament* Walter C. Kaiser,1995 The Old Testament both tells the story of Israel and points to the coming Messiah Kaiser distinguishes between Old Testament passages that describe national Israel's glorious future and those that point to Christ and his kingdom Kaiser's chronological approach traces Israel's developing concept of Messiah through different time periods **Conquering Bible**

Interpretation Dade Ronan,2002-08 **Toward an Exegetical Theology** Walter C. Kaiser, Jr.,1998-08-01 Proposes a method of biblical interpretation consisting of contextual syntactical verbal theological and homiletical analysis **The Lord's Anointed** Philip E. Satterthwaite,Richard S. Hess,Gordon Wenham,2012-08-08 At the heart of the earliest Christian self understanding explicit or implicit in much Christian use of the Old Testament and crucial for Christian theology and interpretation the concept of messiah in the Old Testament has however been eclipsed by the pursuit of other goals in the Old Testament studies Few recent sustained treatments have appeared from any school of thought The Lord's Anointed aims to redress the balance It also recognizes that the study of this topic must always be contemporary Old Testament studies have changed dramatically in recent years giving rise to new challenges as well as new opportunities for Christian reading of it **Jews and the Gospel at the End of History** Jim Congdon,2009-11-01 Enlightened essays fill the pages of this tribute to MoisheRosen Using evangelism ethics and eschatology as dividing sections Jewsand the Gospel at the End of History

produces profound insights of the best theologians, exegetes and historians who especially understand the Jewish Christian tensions. Many Jewish Messianic Jew and Christian issues are seamlessly broached in this volume and are woven together expertly and beautifully. There are no easy solutions and this book can attest to the sensitivities of Jewish Christian dialogue but this book does a great service to the reader to bring them to a greater understanding of how, what and why of evangelism, ethics and eschatology.

Telling the Old, Old Story (Larsen) David L. Larsen, 2000

Introduction to the Old Testament, set of four books (Prophetic, Poetic, Pentateuch, Historical) C. Hassell Bullock, David Howard Jr., Herbert Wolf, 2007-09-01

This package contains all four books of An Introduction to the Old Testament set: An Introduction to the Old Testament Historical Books, An Introduction to the Old Testament Poetic Books, An Introduction to the Old Testament Prophetic Books, and An Introduction to the Old Testament Pentateuch. In An Introduction to the Old Testament Historical Books, incredible events, amazing love stories, larger than life personalities and deep theological implications and themes are just part of the treasure that awaits readers. These books tell the story of the nation of Israel and the God who loves her, punishes her and always brings this recalcitrant people back to Himself. In An Introduction to the Old Testament Poetic Books, C. Hassell Bullock, a noted Old Testament scholar, delves deep into the hearts of the five poetic books, offering readers helpful details such as hermeneutical considerations for each book, theological content and themes, detailed analysis of each book and cultural perspectives. In An Introduction to the Old Testament Prophetic Books, C. Hassell Bullock presents a clear picture of some of history's most profound spokesmen, the Old Testament prophets and the God who shaped them. Our generational distance from the age of the prophets might seem to be a measureless chasm. Yet we dare not make the mistake of assuming that passing years have rendered irrelevant not only the Old Testament prophets but also the God who comprehends, spans and transcends all time. In An Introduction to the Old Testament Pentateuch, Old Testament expert Herbert Wolf provides layreaders and scholars alike with a strong undergirding of understanding and knowledge in this introduction that reveals both the seriousness and excitement of the Pentateuch.
