Backcountry Housewife:

The Backcountry Housewife Kay Moss, Kathryn Hoffman, 1994 **The Backcountry Housewife** Kathryn Moss, 2001

Raised on Old-Time Country Cooking Bettye B. Burkhalter, 2012-10-26 Sixteen generations later the same old winding roads and blazed trails throughout the three novels lead us all back home to nostalgic dishes and the worlds from which they came Upon arrival at the old home place we quickly find our favorite room Mamas kitchen The familiar sounds of pots and pans and aromas of old time country cooking float in and out of our senses Suddenly visions of chocolate pies swirled high with meringues cooling on the kitchen window sill are as clear as yesterday The sizzling sounds of Mama frying chicken on the old wood stove remind us that her kitchen offered southern hospitality at its best The trip down memory lane of days gone by rekindles the true meaning of Home Sweet Home As we stop and reminisce hot tears blur our vision and we ask ourselves where did all the years go

Women of the American South Christie Farnham, 1997-11 Among the most prominent icons of the American south is that of the southern belle immortalized by such figures as Scarlett O Hara Dolly Madison and Lucy Pickens whose elegant image graced the Confederate 100 bill And yet the women of America s south have always defied pat generalization no more readily forced into facile categories than women in the country s other regions Never before has a book of southern history so successfully integrated the experiences of white and non white women Among the myriad subjects addressed in the book are black women s suffrage the economic realities of Choctaw women female kin and female slaves in planters s wills the northern myth of the rebel girl second wave feminism in the South and southern lesbians Bringing to light the lives of Cherokee women Appalachian coal daughters and Jewish women in the South the essays all but one published in this book for the first time ensure that monolithic representations of southern womanhood are a thing of the past Filling a crucial gap in southern history and women s history Women of the American South is a valuable reference and pedagogical aid for a wide range of scholars and students

From Barbycu to Barbecue Joseph R. Haynes, 2023-07-25 An award winning barbecue cook boldly asserts that southern barbecuing is a unique American tradition that was not imported The origin story of barbecue is a popular topic with a ravenous audience but commonly held understandings of barbecue are often plagued by half truths and misconceptions *From Barbycu to Barbecue* offers a fresh new look at the story of southern barbecuing Award winning barbecue cook Joseph R Haynes sets out to correct one of the most common barbecue myths the Caribbean Origins Theory which holds that the original southern barbecuing technique was imported from the Caribbean to what is today the American South Rather Haynes argues the southern whole carcass barbecuing technique that came to define the American tradition developed via direct and indirect collaboration between

Native Americans Europeans and free and enslaved people of African descent during the seventeenth century Haynes's *barbycu to barbecue* history analyzes historical sources throughout the Americas that show that the southern barbecuing technique is as unique to the United States as jerked hog is to Jamaica and barbacoa is to Mexico A recipe in each chapter provides a contemporary interpretation of a historical technique

Colonial Virginia's Cooking Dynasty Katharine E. Harbury,2004 Notable for their early dates and historical significance these manuals afford previously unavailable insights into lifestyles and foodways during the evolution of Chesapeake society One cookbook is an anonymous work dating from 1700 the other is the 1739 1743 cookbook of Jane Bolling Randolph a descendant of Pocahontas and John Rolfe In addition to her textual analysis that establishes the relationship between these two early manuscripts Harbury links them to the 1824 classic The Virginia House wife by Mary Randolph Jacket **Artisans in the North Carolina Backcountry** Johanna Miller Lewis,2021-12-14 During the quarter of a century before the thirteen colonies became a nation the northwest quadrant of North Carolina had just begun to attract permanent settlers This seemingly primitive area may not appear to be a likely source for attractive pottery and ornate silverware and furniture much less for an audience to appreciate these refinements Yet such crafts were not confined to urban centers and artisans like

other colonists were striving to create better lives for themselves as well as to practice their trades As Johanna Miller Lewis shows in this pivotal study of colonial history and material culture the growing population of Rowan County required not only blacksmiths saddlers and tanners but also a great variety of skilled craftsmen to help raise the standard of living Rowan County's rapid expansion was in part the result of the planned settlements of the Moravian Church Because the Moravians maintained careful records historians have previously credited church artisans with greater skill and more economic awareness than non church craftsmen Through meticulous attention to court and private records deeds wills and other sources Lewis reveals the Moravian failure to keep up with the pace of development occurring elsewhere in the county Challenging the traditional belief that southern backcountry life was primitive Lewis shows that many artisans held public office and wielded power in the public sphere She also examines women weavers and spinsters as an integral part of the population All artisans Moravian and non Moravian male and female helped the local market economy expand to include coastal and trans Atlantic trade Lewis's book contributes meaningfully to the debate over self sufficiency and capitalism in rural America
