Backtalk Press Councils In America By:

Backtalk, Press Councils in America William L. Rivers, 1972 *Encyclopedia of journalism. 6. Appendices* Christopher H. Sterling, 2009-09-25 The six volume Encyclopedia of Journalism covers all significant dimensions of journalism including print broadcast and Internet journalism US and international perspectives history technology legal issues and court cases ownership and economics *American Studies* Jack Salzman, American Studies Association, 1986-08-29 A major three volume bibliography including an additional supplement of an annotated listing of American Studies monographs published between 1900 and 1988 *Hold the Press* John Maxwell Hamilton, George A. Krinsky, 1996-05-01 Long ago dubbed the fourth branch of government the American press remains to most of the general public an inscrutable enterprise whose influence and behavior are alternately welcomed and maligned yet the proper functioning of a democracy depends upon a media literate populace to act as the ultimate watchdog With wit and authority John Hamilton and George Krinsky lead readers through the whirl of print journalism They offer a curiosity satisfying blend of explanation and interpretation history anecdotes aplenty and statistical analysis to show what's wrong and what works with today's newspapers *Media Ethics and Accountability Systems* Claude-Jean Bertrand, 2018-04-17 Over the last few years the O J Simpson case then the Lewinsky Clinton affair and scores of minor scandals have dominated the US press often taking precedence over important domestic and international issues This tabloidization of the news media both here and abroad has proved that the market cannot insure media quality In a democracy for media to function well they must be free of both political and economic muzzling The only solution is to add self regulation or quality control by professionals and public to the other two forces the market and state regulation In this controversial volume Claude Jean Bertrand sets out to define a set of accountability systems democratic efficient and harmless to insure true freedom and quality of media This brief highly literate volume focuses not on philosophical foundations of media ethics or case stories but on what is now missing in the codes Many books deal with media ethics but few deal with accountability Media Ethics and Accountability Systems zeroes in on the many nongovernmental methods of enforcing quality control and on the difficulty of getting the media microcosm to accept such accountability To remedy this lack Bertrand proposes rethinking existing media accountability systems some 30 to 40 in number and creation of new ones He observes that existing systems are rooted in four basic approaches training the education of citizens in media use and the incorporation of ethics courses in journalistic education evaluation criticism positive and negative not only from politicians consumerists and intellectuals but from media professionals themselves monitoring by independent academic experts over extended periods of time into the long term effects and feedback giving ear to the various segments of media users and their needs and tastes rather than scrutinizing sales and ratings Media Ethics will be of particular interest to academics in the fields of communication and journalism as well as to the general reader with an interest in public issues and a civic concern for society **CBS's Don Hollenbeck** Loren Ghiglione, 2008 Loren

Ghiglione recounts the fascinating life and tragic suicide of Don Hollenbeck the controversial newscaster who became a primary target of McCarthyism s smear tactics Drawing on unsealed FBI records private family correspondence and interviews with Walter Cronkite Mike Wallace Charles Collingwood Douglas Edwards and more than one hundred other journalists Ghiglione writes a balanced biography that cuts close to the bone of this complicated newsman and chronicles the stark consequences of the anti Communist frenzy that seized America in the late 1940s and 1950s Hollenbeck began his career at the Lincoln Nebraska Journal marrying the boss s daughter before becoming an editor at William Randolph Hearst s rip roaring Omaha Bee News He participated in the emerging field of photojournalism at the Associated Press assisted in creating the innovative ad free PM newspaper in New York City reported from the European theater for NBC radio during World War II and anchored television newscasts at CBS during the era of Edward R Murrow Hollenbeck s pioneering prize winning radio program CBS Views the Press 1947 1950 was a declaration of independence from a print medium that had dominated American newsmaking for close to 250 years The program candidly criticized the prestigious New York Times the Daily News then the paper with the largest circulation in America and Hearst s flagship Journal American and popular morning tabloid Daily Mirror For this honest work Hollenbeck was attacked by conservative anti Communists especially Hearst columnist Jack O Brian and in 1954 plagued by depression alcoholism three failed marriages and two network firings and worried about a third Hollenbeck took his own life In his investigation of this amazing American character Ghiglione reveals the workings of an industry that continues to fall victim to censorship and political manipulation Separating myth from fact CBS s Don Hollenbeck is the definitive portrait of a polarizing figure who became a symbol of America s tortured conscience
