ISBN 1-86189-180-6** Matt Houlbrook, 2005 **Queer London** Matt Houlbrook, 2006-10-15 Queer London explores the underground gay culture of London during four decades when homosexual acts between consenting adults remained illegal The author discovers how queer men made sense of their sexuality and how their lifestyles were affected by and in turn influenced the life of the metropolis *Queer Behavior* David Getsy, 2023-01-13 Introduction Scott Burton's Queer Postminimalism Street and Stage Early Experiments Imitate Ordinary Life Self Works Literalist Theater and Being Otherwise in Public 1969-70 Languages of the Body Theatrical Feminist and Scientific Foundations 1970-71 Performance and Its Uses The Emotional Nature of the Number of Inches between Them Behavior Tableaux 1972-80 Acting Out Queer Reactions and Reveals 1973-76 Pragmatic Structures Sculpture and the Performance of Furniture 1972-79 Conclusion Homocentric and Demotic *The Passions of John Addington Symonds* Shane Butler, 2022 The first critical analysis to embrace a wide and representative selection of John Addington Symonds's work beyond his famous essays It explores Symonds as a complex thinker with an ambitious vision of the queerness of the world itself and follows his engagement with the art and literature of classical antiquity Race, Politics, and Irish America Mary M. Gothic Topographies Matti Savolainen, 2016-04-22 In demonstrating the global reach of Gothic literatures this collection takes up the influence of the Gothic mode in literatures that may be geographically remote from one another but still share related issues of minor languages nation building place and race Suggesting that there is a parallel between certain motifs and themes found in the Gothic of the North Scandinavia Northern Europe and Canada and South Australia South Africa and the US South the essays explore the transgressions and confusion of borders and limits whether they be linguistic literary generic class based gendered or sexual The volume includes essays on a wide diversity of authors and topics Jan Potocki Gustav Meyrink William Godwin Alan Hollinghurst Marlene van Niekerk John Richardson antislavery discourse and the Gothic imagination the Australian aboriginal Gothic vampires of Post Soviet Gothic society Danish Swedish and Finnish fiction and film and the Canadian female Gothic and the death drive What distinguishes this book from other collections on the Gothic is the coverage of themes and literatures that are either lacking in the mainstream research on the Gothic or are referred to only briefly in other book length studies Experts in the Gothic and those new to the field will appreciate the book's commitment to situating Gothic sensibilities in an international context *Reframing Decadence* Peter Jeffreys, 2016-02-19 During his sojourn in England during the 1870s a young Cavafy found himself enthralled by the aesthetic

movement of cosmopolitan London It was during these years that he encountered the canvases and personalities of Pre Raphaelite painters including Burne Jones and Whistler as well as works of aesthetic writers who were effecting a revolution in British literary culture and channeling influences from France that would gradually coalesce into an international decadent movement In Reframing Decadence Peter Jeffreys returns us to this critical period of Cavafy's life showing the poet's creative indebtedness to British and French avant garde aesthetes whose collective impact on his poetry proved to be profound In the process Jeffreys offers a critical reappraisal of Cavafy's relation to Victorian aestheticism and French literary decadence Foremost among the tropes of decadence that captivated Cavafy were the decline of imperial Rome the rise of Christianity and the lingering twilight of Byzantium The influence of Walter Pater on Cavafy's view of classical and late antique history was immense inflected as it was with an unapologetic homoerotic aesthetic that Cavafy would adopt as his own making Pater's imaginary portraits an important touchstone for his own historicizing poetry Cavafy would move beyond Pater to explore a more openly homoerotic sensuality but he never quite abandoned this rich Victorian legacy one that contributed greatly to his emergence as a global poet Jeffreys concludes by considering Cavafy's current popularity as a gay poet and his curious relation to kitsch as manifest in his ongoing popularity via translation and visual media
