**Resolve and Fortitude** Joachim Kempin, 2012-10-30 This is the story of a German born executive JK who immigrated to the United States to aid Bill Gates and Steve Ballmer Microsofts top honchos to build a commanding software empire He led Microsofts OEM division that was responsible for sales to PC manufacturers and drove the deals that made Microsoft Windows the worlds dominating operating system Find out how much resolve fortitude and perseverance were needed to make that part of the PC revolution come true what strategies were employed to win the Internet browser war how IBM was beaten what drove Apple to the brink of disaster and how shady politicians and hapless competitors eventually goaded the Feds to ensnare Microsoft in a web of antitrust accusations Peek behind the curtain and be the first ever outsider to glimpse into Microsofts power nexus Understand how Microsofts nearly mystical marketing shrewdness and tech prowess are intensely propelled by paranoia and fear of missing the next computing paradigm shift The press labeled JK Bill Gatess enforcer No wonder he was called upon as a pivotal antitrust trial witness to defend what loathing competitors labeled Microsofts evil empire Follow what experts believe was the most protracted and fierce trial of the century Relive the courtroom drama and read the authors critical analysis of the judicial proceedings and their aftermaths Losing that trial partially started Microsofts demise and power struggles from within quickened it Get to know the real forces that altered Microsofts resolve and fortitude dominated leadership style Find out if Windows 8 could be an inflection point conjuring enough magic to ring in a renaissance and attract the Facebook generation to a born again modern Microsoft

Gender Equality and Work-Life Balance Sarah Blithe, 2015-06-05 Pressure to achieve work life balance has recently become a significant part of the cultural fabric of working life in United States A very few privileged employees tout their ability to find balance between their careers and the rest of their lives but most employees face considerable organizational and economic constraints which hamper their ability to maintain a reasonable balance between paid work and other life aspects and it is not only women who struggle Increasingly men find it difficult to do it all Women have long noted the near impossibility of balancing multiple roles but it is only recently that men have been encouraged to see themselves beyond their breadwinner selves Gender Equality and Work Life Balance describes the work life practices of men in the United States The purpose is to increase gender equality at work for all employees With a focus on leave policy inequalities this book argues that men experience a phenomenon called the glass handcuffs which prevents them from leaving work to participate fully in their families homes and other life events highlighting the cultural institutional organizational and occupational conditions which make gender equality in work life policy usage difficult This social justice book ultimately draws conclusions about how to minimize inequalities at work Gender Equality and Work Life Balance is unique as it laces together some theoretical concepts which have little previous association including entrepreneurialism leave policy occupational identity and the economic necessities of families This book will therefore be of particular interest to researches and academics alike in the disciplines of
