Robin Truth Goodman, 2010-07-02 Since the terrorist attacks of September 11 2001 world politics have increasingly mirrored plots of detective novels with high profile criminal investigations that cross multiple borders and the internationalized law enforcement practices associated with the War on Terror Policing Narratives and the State of Terror examines the relationship between domestic policing and international policy through an analysis of contemporary popular detective fiction police procedurals police autobiography security reports and chronicles of domestic spying Robin Truth Goodman connects these accounts of policing to the changing shape of the contemporary nation state marked by the denationalization of labor commercial and criminal laws that jump borders more quickly than civil law protections and the replacement of legal precedent by unrepeatable exceptional executive decisions Working at the intersection of literature international law and globalized commerce Goodman astutely pinpoints how policing has become an increasingly troublesome instrument of empire particularly in terms of national sovereignty and the growing numbers of mercenary private security forces *"Born in a Mighty Bad Land"* Jerry H. Bryant, 2003-04-03 The figure of the violent man in the African American imagination has a long history He can be found in 19th century bad man ballads like Stagolee and John Hardy as well as in the black convict recitations that influenced gangsta rap Born in a Mighty Bad Land connects this figure with similar characters in African American fiction Many writers McKay and Hurston in the Harlem Renaissance Wright Baldwin and Ellison in the 40s and 50s Himes in the 50s and 60s saw the bad nigger as an archetypal figure in the black imagination and psyche Blaxploitation novels in the 70s made him a virtually mythical character More recently Mosley Wideman and Morrison have presented him as ghetto philosopher and cultural adventurer Behind the folklore and fiction many theories have been proposed to explain the source of the bad man's intra racial violence Jerry H Bryant explores all of these elements in a wide ranging and illuminating look at one of the most misunderstood figures in African American culture **Finding a Way Home** Owen E. Mosley's work **Confluences** John Cullen Gruesser, 2007 *Confluences* looks at the prospects for and the potential rewards of breaking down theoretical and disciplinary barriers that have tended to separate African American and postcolonial studies. John Cullen Gruesser's study emphasizes the confluences among three major theories that have emerged in literary and cultural studies in the past twenty-five years: postcolonialism, Henry Louis Gates Jr.'s Signifying, and Paul Gilroy's *Black Atlantic*. For readers who may not be well acquainted with one or more of the three theories, Gruesser provides concise introductions in the opening chapter. In addition, he urges those people working in postcolonial or African American literary studies to attempt to break down the boundaries that in recent years have come to isolate the two fields. Gruesser then devotes a chapter to each theory, examining one literary text that illustrates the value of the theoretical model, a second text that extends the model in a significant way, and a third text that raises one or more questions about the theory. His examples are drawn from the writings of Salman Rushdie, Jean Rhys, V. S. Naipaul, Walter Mosley, Pauline Hopkins, Toni Morrison, Harry Dean Harriet Jacobs, and Alice Walker. Cautious not to conflate postcolonial and African American studies, Gruesser encourages critics to embrace the *Black Atlantic*'s emphases on movement through space, routes rather than roots, and intercultural connections, and to expand and where appropriate to emend Gilroy's efforts to bridge the two fields. **Walter Mosley's Detective Novels** Agustín Reyes Torres, 2011-11-28 Basat en la perspectiva de la identitat i la consciència i la subjectivitat dels estudiosos negres com Stuart Hall, bell hooks, Cornel West, Henry Louis Gates Jr i W. I. B. Du Bois, al costat de l'enfocament postcolonial de crítics com Bill Ashcroft, Gareth Griffiths, Helen Tiffin i Homi Bhabha, entre d'altres, aquest llibre proporciona el marc teòric necessari per a analitzar les novel·les d'Easy Rawlins escrites per Walter Mosley. L'autor s'apropia de les convencions de la novel·la detectivesca per tal de representar la societat americana dels cinquanta i seixanta des d'una perspectiva marginal. La subjectivitat d'Easy Rawlins està determinada pel seu paper com a detectiu, la seva consciència postcolonial com a home negre que ha crescut en una societat dominada pels blancs i per la seva inclinació i defensa d'una forta cultura afroamericana. **Books Out Loud**, 2007 **The Black Cultural Front** Brian Dolinar, 2012-04-27 This book examines the formation of a black cultural front by looking at the works of poet Langston Hughes, novelist Chester Himes, and cartoonist Ollie Harrington. While none of these writers were card-carrying members of the Communist Party, they all participated in the Left during their careers. Interestingly, they all turned to creating popular culture in order to reach the black masses who were captivated by movies, radio, newspapers, and detective novels. There are chapters on Hughes's *Simple* stories, Himes's detective fiction, and Harrington's *Bootsie* cartoons. Collectively, the experience of these three figures contributes to the story of a long movement for African American freedom that flourished during the 1930s, 1940s, and 1950s. Yet this book also stresses the impact that McCarthyism had on dismantling the Black Left and how it affected each individual involved. Each was radicalized at a different moment and for different reasons.
