**"Bad Girls"/"good Girls"** Nan Bauer Maglin, 1996 Agents or victims liberated or oppressed bad girls or good girls What do these labels mean and do they further or hinder women's progress How are today's visions of female sexuality and power like or unlike those of the past How do younger women define feminism Isn't the personal still political Dismayed by the media's tendency to reduce the feminist enterprise to labels and superstars Donna Perry and Nan Bauer Maglin decided to find out what a diverse group of feminists think about women sex and power in the nineties The result is a provocative and varied collection of twenty-four essays by second and third wave feminists artists and activists professors and graduate students professional journalists and just published writers mothers and daughters By focusing on society's construction containment and exploitation of female sexuality in particular these essays offer fresh perspectives on women's agency or lack of it The contributors focus on the oversimplifications and false dichotomies in current discussions of female sexuality as well as the privileged perspective and individualism that currently dominate the popularized feminist message Individual writers including Emma Amos bell hooks Ann Jones Lisa Jones Paula Kamen Matuschka Marge Piercy Katha Pollitt Anna Quindlen Elayne Rapping Lillian S Robinson and Ellen Willis reexamine women's empowerment in the light of issues like AIDS battering acquaintance rape narratives of childhood sexual abuse and pornography Several draw political conclusions from their personal struggles while others read stories and texts from history the art world the media popular culture and social science research in new and controversial ways

**Not My Mother's Sister** Astrid Henry, 2004-09-07 No matter how wise a mother's advice is we listen to our peers At least that's writer Naomi Wolf's take on the differences between her generation of feminists the third wave and the feminists who came before her and developed in the late 60s and 70s the second wave In *Not My Mother's Sister* Astrid Henry agrees with Wolf that this has been the case with American feminism but says there are problems inherent in drawing generational lines Henry begins by examining texts written by women in the second wave and illustrates how that generation identified with yet also disassociated itself from its feminist foremothers Younger feminists now claim the movement as their own by distancing themselves from the past By focusing on feminism's debates about sexuality they are able to reject the so-called victim feminism of Catherine MacKinnon and Andrea Dworkin Rejecting the orthodoxies of the second wave younger feminists celebrate a woman's right to pleasure Henry asserts however that by ignoring diverse older voices the new generation has oversimplified generational conflict and has underestimated the contributions of earlier feminists to women's rights They have focused on issues relating to personal identity at the expense of collective political action Just as writers like Wolf Katie Roiphe and Rene Denfeld celebrate a new feminist heterosexuality posited in generational terms queer and lesbian feminists of the third wave similarly distance themselves from those who came before Henry shows how 1970s lesbian feminism is represented in ways that are remarkably similar to the puritanical portrait of feminism offered by straight third wavers She concludes by examining the central role played by feminists of color

in the development of third wave feminism Indeed the term third wave itself was coined by Rebecca Walker daughter of Alice Walker Not My Mother's Sister is an important contribution to the exchange of ideas among feminists of all ages and persuasions

**Reconcilable Differences** Lynn S. Zinn, Pierrette Hondagneu-Sotelo, Michael A. Messner, 2016 *Gender Through the Prism of Difference* adopts a global transnational perspective on how race class and sexual diversity are central to the study of sex and gender In contrast with other books in this area which tend to focus on U S or European viewpoints this wide ranging anthology features many articles based on research done elsewhere throughout the world Now in its fifth edition the book opens with a revised and updated Introduction that sets the stage for understanding gender as a socially constructed experience Featuring twenty eight new readings this edition covers compelling subjects like transgendered people intersex issues men and masculinity sexual and gender violence disabilities obesity reproductive technologies educational testing aging and ageism and Occupy Wall Street

*Fearless Femininity by Women in American Theatre, 1910s to 2010s* Lynne Greeley, 2015-08-06 In this unprecedented fascinating book which covers women in theatre from the 1910s to the 2010s author Lynne Greeley notes that for the purposes of this study feminism is defined as the political impulse toward economic and social empowerment for females or the female identified a position perceived by many feminists as oppositional to ideas of femininity that they see as personally and politically constraining and that femininity comprises social behaviors and practices that mean as many different things as there are women some of which are empowering and others of which are not This book illuminates how throughout the twentieth century and into the twenty first playwrights and artists in American theatre both embodied and disrupted the feminine of their times Through approaches as wide ranging as performing their own recipes energizing silences raging against war and rape and inviting the public to inscribe their naked bodies theatre artists have used performance as a site to insert themselves between the physicality of their female presence and the liminality of their disrupting the role of the feminine Capturing that place of liminality a neither here nor there place that is often unsafe where the established order is overturned by acts as banal as raising a plant women have written and performed and disrupted their way through one hundred years of theatre history even within the constraints of a variably rigid and usually unsympathetic social order Creating a feminist femininity they have reinscribed their place in the culture and provided models for their audiences to do the same This comprehensive tome part of the Cambria Contemporary Global Performing Arts headed by John Clum Duke University is an essential addition for theater studies and women s studies

**Gender and U.S. Immigration** Pierrette Hondagneu-Sotelo, 2003-08 Publisher Description

*Catching a Wave* Rory Dicker, Alison Piepmeier, 2016-02-01 Young women today have benefited from the strides made by grassroots social activists in the 1960s and 1970s yet they are hesitant to identify themselves as feminists and seem apathetic about carrying the torch of older generations to redress persistent sexism and gender based barriers Contesting the notion that we are in a post feminist age this provocative collection of original essays identifies a third wave of feminism The

contributors argue that the next generation needs to develop a politicized collective feminism that both builds on the strategies of second wave feminists and is grounded in the material realities and culture of the twenty first century Organized in five sections that mirror the stages of consciousness raising this is an engaging often edgy look at a broad range of perspectives on the diversity complexity multiplicity and playfulness of the third wave It is also a call to action for new voices to redefine a feminism that is not only personally aware but also politically involved
