The School for Bad Girls Madhurima Vidyarthi, 2024-10-14 Something strange is happening in the heart of the British Empire Nineteenth century Calcutta is abuzz with social reforms especially with regard to women's rights and education And in this time Kadambini Ganguly dreams of going to university and in the ultimate audacious hope wants to become a doctor But for many people the idea of girls studying is anathema And a school full of unmarried girls and widows getting an education in an environment where caste is disregarded and every student treated as an equal leads to charges of immorality And the battle to get the right to a college education is against overwhelming odds The fictionalised story of Kadambini one of the first women graduates of the British Empire and the first woman to get a degree from an Indian medical college is rivetingly told by Madhurima Vidyarthi in a fascinating portrait of nineteenth century life society and its arbitrary mores

Breaking the Gender Code Georgina Hickey, 2023-12-12 A history of the activism that made public spaces in American cities more accessible to women From the closing years of the nineteenth century women received subtle and not so subtle messages that they shouldn't be in public Or if they were that they were not safe Breaking the Gender Code tells the story of both this danger narrative and the resistance to it Historian Georgina Hickey investigates challenges to the code of urban gender segregation in the twentieth century focusing on organized advocacy to make the public spaces of American cities accessible to women She traces waves of activism from the Progressive Era with its calls for public restrooms safe and accessible transportation and public accommodations through and beyond second wave feminism and its focus on the creation of alternative women only spaces and extensive anti violence efforts In doing so Hickey explores how gender segregation intertwined with other systems of social control as well as how class race and sexuality shaped activists agendas and women's experiences of urban space Drawing connections between the vulnerability of women in public spaces real and presumed and contemporary debates surrounding rape culture bathroom bills and domestic violence Hickey unveils both the strikingly successful and the incomplete initiatives of activists who worked to open up public space to women

When Bad Times Were Good Times , Bad Girls and Boys Go to Hell (or not) Gloria Neufeld Redekop, 2012-07-26 To question the idea of hell as a default destination is to question the entire fundamentalist evangelical worldview This book does just that Fundamentalist evangelicalism holds that the Bible is an infallible authority and that all are born in sin Sinners go to hell but Jesus taking their place died to save them from hell How did this belief come to be What were the effects on people brought up with a belief in the reality of hell What has been the process of people leaving the fundamentalist evangelical movement In Bad Girls and Boys Go To Hell or not Gloria Neufeld Redekop takes us on her own personal journey as she engages a movement in which she was raised conducting a careful study of the history of fundamentalist evangelicalism the attachment to a literal factual interpretation of the Bible and an analysis of the experience of those who have left the movement

Graffiti Grrlz Jessica Nydia Pabón-Colón, 2018-06-22 An inside look at women graffiti artists around the world Since the dawn of Hip Hop graffiti writing on the streets of Philadelphia and New York City in the late 1960s writers have anonymously inscribed their tag names on trains buildings and bridges Passersby are left to imagine who the author might be and despite the artists anonymity graffiti subculture is seen as a boys club where the presence of the graffiti girl is almost unimaginable In Graffiti Grrlz Jessica Nydia Pabón-Colón interrupts this stereotype and introduces us to the world of women graffiti artists Drawing on the lives of over 100 women in 23 countries Pabón-Colón argues that graffiti art is an unrecognized but crucial space for the performance of feminism She demonstrates how it builds communities of artists reconceptualizes the Hip Hop masculinity of these spaces and rejects notions of girl power Graffiti Grrlz also unpacks the digital side of Hip Hop graffiti

subculture and considers how it widens the presence of the woman graffiti artist and broadens her networks which leads to the formation of all girl graffiti crews or the organization of all girl painting sessions A rich and engaging look at women artists in a male dominated subculture Graffiti Grrlz reconsiders the intersections of feminism hip hop and youth performance and establishes graffiti art as a game that anyone can play [Catalog of Copyright Entries](#) Library of Congress. Sociocultural Studies in Education Richard A Quantz,2016-01-08 Sociocultural Studies in Education Critical Thinking for Democracy fills a void in the education of educators and citizens in a democracy It explores some of the fundamentals around which disagreements in education arise It presents a process with which those new to these debates can understand often confusing and entwined sets of facts and logics This book leads the reader through some general concepts and intellectual skills that provide the basis for making sense out of the debates around public education in a democracy This book can be seen as a primer on how to read texts about education It acknowledges that good teachers must be not only trained to teach but also educated about education It presents the various themes and currents found within the arguments and narratives that people use to represent public education It assumes that the more those interested in education know about how to see through the rhetoric the better they will be at discerning whose interests are served by which texts

An American Girl in the Hawaiian Islands Sandra E. Bonura,Deborah Day,2012-09-30 When twenty three year old Carrie Prudence Winter caught her first glimpse of Honolulu from aboard the Zealandia in October 1890 she had never seen anything so beautiful She had been traveling for two months since leaving her family home in Connecticut and was at last only a few miles from her final destination Kawaiaha o Female Seminary a flourishing boarding school for Hawaiian girls As the daughter of staunch New England Congregationalists Winter had dreamed of being a missionary teacher as a child and reasoned that teaching for a few years among the Sandwich Islands seemed particularly attractive while her fianc pursued a science degree During her three years at Kawaiaha o Winter wrote often and at length to her beloved Charlie her lively and affectionate letters provide readers with not only an intimate look at nineteenth century courtship but many invaluable details about life in Hawai i during the last years of the monarchy and a young woman's struggle to enter a career while adjusting to surroundings that were unlike anything she had ever experienced In generous excerpts from dozens of letters Winter describes teaching and living with her pupils her relationships with fellow teachers and her encounters with Hawaiian royalty in particular Kawaiaha o enjoyed the patronage of Queen Lili uokalani whose adopted daughter was enrolled as a pupil and members of influential missionary families as well as ordinary citizens She discusses the serious health concerns

leprosy smallpox malaria that irrevocably affected the lives of her students and took a keen if somewhat naive interest in relaying the political turmoil that ended in the annexation of the Hawaiian Islands by the U S in 1898 The book opens with a magazine article written by Winter and published while she was still teaching at Kawaiaha o which humorously recounts her journey from Connecticut to Hawai i and her arrival at the seminary The work is augmented by more than fifty photographs four autobiographical student essays and an appendix identifying all of Winter s students and others mentioned in the letters A foreword by education historian C Kalani Beyer provides a context for understanding the Euro centric and assimilationist curriculum promoted by early schools for Hawaiians like Kawaiaha o Female Seminary and later the Kamehameha Schools and Mid Pacific Institute
