## **Bad Judgment The Case Of Mr Justice Leo Landreville:**

Bad Judgment William Kaplan, Osgoode Society for Canadian Legal History, 1996 *Bad Judgment* is a quintessential fall from grace story about a man from humble beginnings who rose to the top of the legal profession only to be removed from the bench because of his bad judgment the intolerant attitudes of the elite bar and political necessity What did Leo Landreville really do And why were some of the most famous lawyers and politicians in Canada in the 1960s determined to end his judicial career Landreville was appointed one of Her Majesty's justices in 1956 After moving from Sudbury to Toronto to take up his job at Osgoode Hall he and his wife moved into the newly built and very fashionable Benvenuto Place and joined the best clubs But his elevated status was to be short lived As it turned out he had accepted a stock option from Northern Ontario Natural Gas when NONG obtained the gas franchise in Sudbury and he was the mayor Soon after settling into his chambers at Osgoode Hall he exercised the option and pocketed 117 000 without having laid out a cent Landreville was not the only politician to benefit from his dealings with NONG The Gas Scandal as it was called brought an early end to the careers of three provincial Conservative cabinet ministers and bruised the reputation of the Liberal leader another beneficiary Landreville was charged with municipal corruption and conspiracy but he managed to beat the accusations When the Law Society of Upper Canada convened a special committee found the judge guilty of misconduct and called upon the minister of justice to have him removed the Landreville affair began The character assassination of Landreville soon became a national sport and the judge found himself under investigation by a royal commission A joint parliamentary committee then recommended that Landreville be removed from the bench Instead he resigned in disgrace *Bad Judgment* is a probing account of judicial independence and of what should be done when the conduct of judges is brought into question A veritable Who's Who of Canadian legal and political history it provides an inside look at the workings of the judiciary the Law Society of Upper Canada and the Ontario and federal governments in their attempts to deal with a growing scandal that threatened to bring the administration of justice in Canada into disrepute BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

**Law of the Land** Greg Taylor, 2008-09-18 How was it that the Torrens system a mid nineteenth century reform of land titles registration from distant South Australia gradually replaced the inherited Anglo Canadian common law system of land registration In *The Law of the Land* Greg Taylor traces the spread of the Torrens system from its arrival in the far flung outpost of 1860s Victoria British Columbia right up to twenty first century Ontario Examining the peculiarity of how this system of land reform swept through some provinces like wildfire and yet still remains completely unknown in three provinces Taylor shows how the different histories of various regions in Canada continue to shape the law in the present day Presenting a concise and illuminating history of land reform he also demonstrates the power of lobbying by examining the influence of both moneylenders and lawyers who were the first to introduce the Torrens system to Canada east of the Rockies An exact and fluent legal history of regional law reforms *The Law of the Land* is a fascinating

examination of commonwealth influence and ongoing regional differences in Canada      *Essays in the History of Canadian Law* J. Phillips, R. Roy McMurtry, John T. **Dewigged, Bothered, and Bewildered** John McLaren, 2011-10-22 Throughout the British colonies in the nineteenth century judges were expected not only to administer law and justice but also to play a significant role within the governance of their jurisdictions British authorities were consequently concerned about judges loyalty to the Crown and on occasion removed or suspended those who were found politically subversive or personally difficult Even reasonable and well balanced judges were sometimes threatened with removal Using the career histories of judges who challenged the system *Dewigged Bothered and Bewildered* illuminates issues of judicial tenure accountability and independence throughout the British Empire John McLaren closely examines cases of judges across a wide geographic spectrum from Australia to the Caribbean and from Canada to Sierra Leone who faced disciplinary action These riveting stories provide helpful insights into the tenuous position of the colonial judiciary and the precarious state of politics in a variety of British colonies      *Deadly Swindle* Ian

 be more or less free of racial prejudice Although this conception has been challenged in recent years it has not been  
 completely dispelled In *Colour Coded* Constance Backhouse illustrates the tenacious hold that white supremacy had on our  
 legal system in the first half of this century and underscores the damaging legacy of inequality that continues today  
 Backhouse presents detailed narratives of six court cases each giving evidence of blatant racism created and enforced  
 through law The cases focus on Aboriginal Inuit Chinese Canadian and African Canadian individuals taking us from the  
 criminal prosecution of traditional Aboriginal dance to the trial of members of the Ku Klux Klan of Canada From thousands of  
 possibilities Backhouse has selected studies that constitute central moments in the legal history of race in Canada Her  
 selection also considers a wide range of legal forums including administrative rulings by municipal councils criminal trials  
 before police magistrates and criminal and civil cases heard by the highest courts in the provinces and by the Supreme Court  
 of Canada The extensive and detailed documentation presented here leaves no doubt that the Canadian legal system played a
