Basic Concepts in the Philosophy of Gottfried Keller Herbert W. Reichert, 1966      **Basic Concepts in the Philosophy of Gottfried Keller** Herbert W. Reichert, 2020-05-01 Originally published in 1949 this volume contains a skillful analysis of the concepts of Natur and Freiheit and their influence on Keller's ideas in the fields of ethics aesthetics and politics supported by pertinent passages from Keller's work Reichert divides Keller's works into two time periods and includes a discussion of Schiller's influence on Keller      **Basic Concepts in the Philosophy of Gottfried Keller** Herbert William Reichert, 1966      Studies in German Literature of the Nineteenth and Twentieth Centuries Siegfried Mews, 2020-05-01 Twenty one distinguished American Germanists pay tribute to F E Coenen previous longtime editor 1952 1968 of UNC Press Studies in Germanic Languages and Literatures series Their essays reflecting a variety of approaches deal with many major Goethe Kleist Droste H Lshoff Keller Nietzsche Rilke Kafka Hesse Brecht Thomas Mann Musil and some minor figures who have influenced the literary scene after 1800 and add significantly to both scholarship in and interpretation of modern German literature      Gottfried Keller and His Critics Richard R. Ruppel, 1998 Survey of the criticism devoted to Gottfried Keller the important nineteenth century writer in German The works of Gottfried Keller 1819 1890 rank alongside those of Goethe and Thomas Mann yet this volume is the first in any language to examine the critical assessment and scholarly expertise devoted to him ranging from the early stages of journalistic criticism to the present day Professor Ruppel begins by exploring the literary industry in the nineteenth century the literary market place the tastes of the reading public and the expectations of editors before going on to survey representative journalistic assessments of Keller's writing including critical correspondence from Keller's contemporaries Subsequent chapters examine in chronological order the most important milestones in Keller scholarship particularly twentieth century criticism and the Anglo American tradition There is also a brief history of the translations of Keller's works into English investigating some of the difficulties confronting English translators of Keller's poetically creative German The study concludes with an overview of recent scholarly assessments covering the past twenty five years      Friedrich Nietzsche's Impact on Modern German Literature Herbert W. Reichert, 2020-05-01 These previously published essays discuss Nietzsche's influence on Arthur Schnitzler Carl Sternheim Georg Kaiser Robert Musil and Hermann Hesse As a Festschrift it also contains a tribute to Herbert W Reichert and a bibliography of his writings      **Readers and Their Fictions in the Novels and Novellas of Gottfried Keller** Gail K. Hart, 2020-05-01 This study seeks to alter our understanding of Keller's realism by problematizing the act of reading within fiction The story of reading in Keller's fiction is a self conscious meditation on the schism between life and its literary representation and it emphasizes the incapacity of that representation to actually and substantially influence the life it is based on This has consequences for the didactic writer The act of reading here generally involves a collision between fiction and its other and a move or tragic failure to move toward an acceptance and affirmation of the non correspondence between

life and literature a process that renders moral didacticism a quixotic project This position runs counter to the prevailing view of Keller as a consciously didactic author who tried to create a credible copy of reality in order to revise and repair the real world by inspiring readers to make the depicted improvements in their nonfictional universe **German Literature:**
