Basic Forms Of Prophetic Speech:

Basic Forms of Prophetic Speech Claus Westermann, 1991 The prophetic message awakens the people of God and calls them back from their perverse ways But the history of the investigation of prophecy shows that the understanding of these messages has changed profoundly over time Claus Westermann provides indications of the astonishing differences in the conceptions of prophecy throughout the history of its interpretation He also summarises and analyses the works of the scholars over the last fifty years who have made major contributions to the development of prophetic research Translated into English by Hugh C White this provides a valuable introduction to some of the major problems that have been and still are at the heart of the study of Old Testament prophecy Basic Forms of Prophetic Speech Claus Westermann, 1991 *Basic Forms of Prophetic Speech* Claus Westermann, 1967 Basic Forms of Prophetic Speech Claus Westermann, 1991-01-01 The prophetic message awakens the people of God and calls them back from their perverse ways But the history of the investigation of prophecy shows that the understanding of these messages has changed profoundly over time Claus Westermann provides indications of the astonishing differences in the conceptions of prophecy in the history of its interpretation **Grundformen prophetischer Rede, Basic forms of prophetic speech** Claus Westermann, 1967 *The Changing Face of Form Criticism for the Twenty-first Century* Marvin Alan Sweeney, Ehud Ben Zvi, 2003 The approach to biblical interpretation known as form criticism has changed markedly at the beginning of the twenty first century Front ranking experts here survey the contemporary landscape of form criticism and explore significant patterns and trends now emerging in the field Together these essays point to the continuing dynamism and vitality of form critical theory as a significant tool for reading the Bible Contributors Bob Becking Ehud Ben Zvi Erhard Blum Sue Boorer Martin J Buss Antony F Campbell Michael H Floyd Hyun Chul Paul Kim Won Lee Tremper Longman III Roy F Melugin Martti Nissinen David L Petersen Margaret S Odell Thomas Romer Martin Rosel Marvin A Sweeney Patricia K Tull Raymond C Van Leeuwen **The Modern Preacher and the Ancient Text** Sidney Greidanus, 1989-01-19 A fusion of biblical hermeneutics and homiletics this thorough and well researched book offers a holistic contemporary approach to the interpretation and preaching of biblical texts using all the scholarly tools available and focusing especially on literary features Greidanus develops hermeneutical and homiletical principles and then applies them to four specific genres Hebrew narratives prophetic literature the Gospels and the Epistles **Prophecy in Early Christianity and the Ancient Mediterranean World** David Edward Aune, 1983 Aune's comprehensive study of early Christian prophecy includes a review of its antecedents Greco Roman oracles ancient Israelite prophecy prophecy in early Judaism a discussion of Jesus as prophet and analyses of Christian prophetic speeches from Paul to the middle of the second century A D Pillars in the History of Biblical Interpretation, Volume 3 Stanley E. Porter, Zachary K. Dawson, 2021-06-07 This third volume like its predecessors adds to the growing body of literature concerned with the history of biblical interpretation With eighteen essays on nineteen biblical

interpreters volume 3 expands the scope of scholars both traditional and modern covered in this now multivolume series Each chapter provides a biographical sketch of its respective scholar s an overview of their major contributions to the field explanations of their theoretical and methodological approaches to interpretation and evaluations and applications of their methods By focusing on the contexts in which these scholars lived and worked these essays show what defining features qualify these scholars as pillars in the history of biblical interpretation While identifying a scholar as a pillar is somewhat subjective this volume defines a pillar as one who has made a distinctive contribution by using and exemplifying a clear method that has pushed the discipline forward at least within a given context and time period This volume is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the field of biblical studies has developed and how certain interpreters have played a formative role in that development

Apocalypticism, Prophecy and Magic in Early Christianity David Edward Aune,2006 Collection of texts published previously

Prophets, Performance, and Power William Doan,Terry Giles,2005-10-26 Identifies and describes performance modes of thought imbedded in the prophetic literature through performance analysis

Prophetic Tradition and Radical Rhetoric in America James Darsey,1999-09 This expansive volume traces the rhetoric of reform across American history examining such pivotal periods as the American Revolution slavery McCarthyism and today s gay liberation movement At a time when social movements led by religious leaders from Louis Farrakhan to Pat Buchanan are playing a central role in American politics James Darsey connects this radical tradition with its prophetic roots Public discourse in the West is derived from the Greek principles of civility diplomacy compromise and negotiation On this model radical speech is often taken to be a symptom of social disorder Not so contends Darsey who argues that the rhetoric of reform in America represents the continuation of a tradition separate from the commonly accepted principles of the Greeks Though the links have gone unrecognized the American radical tradition stems not from Aristotle he maintains but from the prophets of the Hebrew Bible

Prophetic Oracles of Salvation in the Old Testament Claus Westermann,1991-01-01 Prophetic Oracles of Salvation in the Old Testament is a comprehensive and innovative assessment of these often ignored or misunderstood canonical texts Claus Westermann shows that these oracles occur in distinct forms and make up a coherent tradition He goes on to demonstrate that these texts often perceived only as a message of judgement and doom in fact proclaim hope and deliverance as well

In Search of History John Van Seters,1997 The primary concern of the book is to understand the origins and nature of history writing in ancient Israel The investigation is undertaken against the background of history writing in the Near Eastern and classical worlds Professor Van Seters begins with a broad survey of all the historiographic material relevant for the study of Israel s own writing of history He then turns his attention to the question of Israel s historiography by focusing particularly on the Deuteronomistic Historian the first Israelite historian

The Minor Prophets Craig G. Bartholomew,Heath A. Thomas,2023-09-19 In this unique introduction to the Minor Prophets two biblical scholars survey the

twelve books and explore the theological themes of each Filled with helpful exegetical insights this books is an invaluable guide for students pastors and scholars looking for a cohesive exploration of these often overlooked books of the Hebrew Bible

Jeremiah Under the Shadow of Duhm Joseph M. Henderson, 2019-11-14 Joe Henderson offers a critique of the assumption that poetic form in the book of Jeremiah indicates authenticity This assumption undergirds Bernhard Duhm's reconstructions 1901 of the prophet's biography and the book's composition the basic components of the dominant paradigm for twentieth century Jeremiah scholarship Henderson argues that Duhm's model is best understood as an attempt to bring the book into conformity with nineteenth century systems of aesthetics historiography and theology and with the Grafian reconstruction of the history of Israel's religion The accord between these systems and Duhm's assumption about poetic form has less to do with their common grasp of the historical reality of Hebrew prophecy than with their common roots in the Romantic theory of prophetic and poetic inspiration a theory forged by Robert Lowth in his exposition 1752 of the poetry he found in the prophetic books Henderson contends that continued adherence to Duhm's foundational assumption has held back recent attempts to move beyond Duhm and overcome the fragmentation of the book entailed by his model Rhetorical critics who maintain that Jeremiah 2-10 is unified by the structural devices of the historical prophet and redaction critics who maintain that Jeremiah 11-20 is unified by the theological agenda of Deuteronomistic editors both rely on the assumed authenticity of the poetry Henderson observes that although these scholars have uncovered evidence of dramatic presentation in Jeremiah 2-20 they have failed to see that the dramatic nature of these chapters undermines their use for Duhm's historical critical projects and reveals what actually unifies them narrative progression

Basic Forms Of Prophetic Speech Introduction

In today's digital age, the availability of Basic Forms Of Prophetic Speech books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Basic Forms Of Prophetic Speech books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Basic Forms Of Prophetic Speech books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Basic Forms Of Prophetic Speech versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Basic Forms Of Prophetic Speech books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Basic Forms Of Prophetic Speech books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Basic Forms Of Prophetic Speech books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system.

Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Basic Forms Of Prophetic Speech books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Basic Forms Of Prophetic Speech books and manuals for download and embark on your journey of knowledge?
