Blinded By The Right The Conscience Of An Ex Conservative

Hillary Rettig

Blinded By The Right The Conscience Of An Ex Conservative:

Blinded by the Right David Brock, 2002-04-24 In a powerful and deeply personal memoir David Brock the original right wing scandal reporter chronicles his rise to the pinnacle of the conservative movement and his painful break with it David Brock pilloried Anita Hill in a bestseller His reporting in *The American Spectator* as part of the infamous Arkansas Project triggered the course of events that led to the historic impeachment trial of President Clinton Brock was at the center of the right wing dirty tricks operation of the Gingrich era and a true believer until he could no longer deny that the political force he was advancing was built on little more than lies hate and hypocrisy In *Blinded By the Right* Brock who came out of the closet at the height of his conservative renown tells his riveting story from the beginning giving us the first insider's view of what Hillary Rodham Clinton called the vast right wing conspiracy Whether dealing with the right wing press the richly endowed think tanks Republican political operatives or the Paula Jones case Brock names names from Clarence Thomas on down uncovers hidden links and demonstrates how the Republican Right's zeal for power created the poisonous political climate that culminated in George W Bush's election With a new afterword by the author *Blinded By the Right* is a classic political memoir of our times

Culture Wars Roger Chapman, 2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today

The Neoconservative Revolution Murray Friedman, 2005 This book which will come as a surprise to many educated observers and historians suggests that Jews and Jewish intellectuals have played a considerable role in the development and shaping of modern American conservatism The focus is on the rise of a group of Jewish intellectuals and activists known as neoconservatives who began to impact on American public policy during the Cold War with the Soviet Union and most recently in the lead up to and invasion of Iraq It presents a portrait of the life and work of the original and small group of neocons including Irving Kristol Norman Podhoretz and Sidney Hook This group has grown into a new generation who operate as columnists in conservative think tanks like The Heritage and The American Enterprise Institute at colleges and universities and in government in the second Bush Administration including such lightning rod figures as Paul Wolfowitz Richard Perle and Elliot Abrams The book suggests the neo cons have been so significant in reshaping modern American conservatism and public policy that they constitute a Neoconservative Revolution

This is Today Eric Mink, 2003 A retrospective of the television program celebrates fifty years of news broadcasts interviews and commentary from early days to the present day

team of Katie Couric and Matt Lauer accompanied by a DVD *Magill's Literary Annual 2003* Salem Press, 2003-06 *Magill's Literary Annual 2003* is the fiftieth publication in a series that began in 1954 The philosophy behind the annual has been to evaluate critically 200 major examples of serious literature published during the previous year Our focus is to provide coverage for works that are likely to be of particular interest to the general reader that reflect the publishing trends of a given year that add to careers of authors being taught and researched in literature programs and that will stand the test of time By filtering the thousands of books published each year down to two hundred notable titles the editors have provided the busy librarian with an excellent reader's advisory tool and patrons with fodder for book discussion groups and a guide for selection The essay reviews in the Annual also provide a more academic reference review of a work than is typically found in newspapers and other periodical sources This year's works are drawn from such categories as anthropology autobiography biography current affairs diaries economics environment essays history language literary criticism medicine memoirs nature philosophy poetry psychology religion science short fiction sociology technology travel and women's issues The articles are arranged alphabetically by book title A complete list of included titles can be found at the beginning of volume 1 Each 2,000 word article begins with a block of top matter that indicates the title author publisher and price of the work When possible the year of the author's birth is also provided The top matter also includes the number of pages of the book the type of work and when appropriate the time period and locale represented in the text Next comes a capsule description of the work When pertinent a list of principal characters or personages with brief descriptions introduces the review These original essay reviews analyze intent and relative success of the author and the work under discussion To assist the reader further the articles are supplemented by a list of additional reviews for further study Every essay includes a brief biography of the author or authors and thumbnail photographs of the book covers and authors are included as available At the end of volume 2 are four cumulative indexes listing works covered from the years 1977 to 2003 an index of Biographical Works by Subject a Category Index a Title Index and an Author Index The index of Biographical Works by Subject is arranged by subject rather than by author or title **The Advocate**, 2002-03-19 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **Bill Clinton** Patrick J. Maney, 2021-04-15 Of the original Gilded Age historian Richard Hofstadter wrote There is no other period in the nation's history when politics seems so completely dwarfed by economic changes none in which the life of the country rests so completely in the hands of the industrial entrepreneur The era of William Jefferson Clinton's ascent to the presidency was strikingly similar nothing less Clinton himself said than a paradigm shift from the industrial age to an information technology age from the Cold War to a global society How Bill Clinton met the challenges of this new Gilded Age is the subject of Patrick J. Maney's book an in-depth perspective on the 42nd president of the United States and the transformative era over which he presided Bill Clinton New Gilded Age President goes beyond personality and politics to examine the critical issues of the day

economic and fiscal policy business and financial deregulation healthcare and welfare reform and foreign affairs in a post Cold War world But at its heart is Bill Clinton in all his guises the first baby boomer to reach the White House the natural the most gifted politician of his generation but one with an inexplicably careless and self destructive streak the Comeback Kid repeatedly overcoming long odds the survivor frequently down but never out and with Hillary Rodham Clinton part of the most controversial First Couple since Franklin and Eleanor Roosevelt Maney s book is in sum the most succinct and up to date study of the Clinton presidency invaluable not merely for understanding a transformative era in American history but presidential national and global politics today **The Rise of the Conservative Legal Movement** Steven M.

Teles,2012-01-16 Starting in the 1970s conservatives learned that electoral victory did not easily convert into a reversal of important liberal accomplishments especially in the law As a result conservatives mobilizing efforts increasingly turned to law schools professional networks public interest groups and the judiciary areas traditionally controlled by liberals Drawing from internal documents as well as interviews with key conservative figures *The Rise of the Conservative Legal Movement* examines this sometimes fitful and still only partially successful conservative challenge to liberal domination of the law and American legal institutions Unlike accounts that depict the conservatives as fiendishly skilled *The Rise of the Conservative Legal Movement* reveals the formidable challenges that conservatives faced in competing with legal liberalism Steven Teles explores how conservative mobilization was shaped by the legal profession the legacy of the liberal movement and the difficulties in matching strategic opportunities with effective organizational responses He explains how foundations and groups promoting conservative ideas built a network designed to dislodge legal liberalism from American elite institutions And he portrays the reality not of a grand strategy masterfully pursued but of individuals and political entrepreneurs learning from trial and error Using previously unavailable materials from the Olin Foundation Federalist Society Center for Individual Rights Institute for Justice and Law and Economics Center *The Rise of the Conservative Legal Movement* provides an unprecedented look at the inner life of the conservative movement Lawyers historians sociologists political scientists and activists seeking to learn from the conservative experience in the law will find it compelling reading *The View from Somewhere* Lewis Raven Wallace,2023-04-12 MeToo BlackLivesMatter NeverAgain WontBeErased Though both the right and left wing media claim objectivity in their reporting of these and other contentious issues the American public has become increasingly cynical about truth fact and reality In *The View From Somewhere* Lewis Raven Wallace dives deep into the history of objectivity in journalism and how it s been used to gatekeep and silence marginalized writers as far back as Ida B Wells At its core this is a book about fierce journalists who have pursued truth and transparency and sometimes been punished for it not just by tyrannical governments but by journalistic institutions themselves He highlights the stories of journalists who question objectivity with sensitivity and passion Desmond Cole of the Toronto Star New York Times reporter Linda Greenhouse Pulitzer Prize winner Rachel Kadzi Ghansah Peabody winning podcaster John Biewen Guardian

correspondent Gary Younge former BuzzFeed reporter Meredith Talusan and many others Wallace also shares his own experiences as a midwestern transgender journalist and activist who was fired from his job as a national reporter for public radio for speaking out against objectivity in coverage of Trump and white supremacy With insightful steps through history Wallace stresses that journalists have never been mere passive observers the choices they make reflect worldviews tinted by race class gender and geography He upholds the centrality of facts and the necessary discipline of verification but argues against the long held standard of objective media coverage that asks journalists to claim they are without bias Publisher s website

Reading and Writing for Civic Literacy Donald Lazere,2015-12-03 This brief edition of a groundbreaking textbook addresses the need for college students to develop critical reading writing and thinking skills for self defense in the contentious arena of American civic rhetoric Designed for first year or more advanced composition and critical thinking courses it is one third shorter than the original edition more affordable for students and easier for teachers to cover in a semester or quarter It incorporates up to date new readings and analysis of controversies like the growing inequality of wealth in America and the debates in the 2008 presidential campaign expressed in opposing viewpoints from the political left and right Exercises help students understand the ideological positions and rhetorical patterns that underlie such opposing views Widely debated issues of whether objectivity is possible and whether there is a liberal or conservative bias in news and entertainment media as well as in education itself are foregrounded as topics for rhetorical analysis

The Big Picture Peter W. Hauer,2011-10-13 What causes poverty Can poverty be eliminated Why do we keep moving towards global government Are world events controlled by a secret group of powerful insiders What will our society be like two or three generations from now The answers to all these questions are in this book Take a lightning fast trip through 2400 years of history Along the way youll discover why we live the way we do and what your childrens future will be Its an exciting ride and this book takes you all the way from the beginning of civilization to its endwhich is just around the corner

Radical Conservatism Robert Brent Toplin,2006 An unflinching look at the origins philosophy meanings and impact of the radical form of conservatism that currently dominates American politics Analyzing the literature books magazines newspapers and broadcast sources that define and promote conservatism Toplin leads the reader on a provocative tour of the conservative mind as viewed by a liberal tour guide

The Advocate ,2004-07-06 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States

Coming Out Republican Neil J. Young,2024-04-03 A revelatory and comprehensive history of the gay Right from incisive political commentator Neil J Young One of the most maligned misunderstood and even mocked constituencies in American politics gay Republicans regularly face condemnation from both the LGBTQ community and their own political party Yet they ve been active and influential for decades Gay conservatives were instrumental for example in ending Don t Ask Don t Tell and securing the legalization of same sex marriage but they also helped lay the groundwork for the rise of

Donald Trump In Coming Out Republican political historian and commentator Neil J Young provides the first comprehensive history of the gay Right From the 1950s up to the present day Young excavates the multifarious origins motivations and evolutions of LGBTQ people who found their way to the institutions and networks of modern conservatism Many on the gay Right have championed conservative values like free markets a strong national defense and individual liberty and believed that the Republican Party therefore offered LGBTQ people the best pathway to freedom Meanwhile that same party has actively and repeatedly demonized them With his precise and provocative voice Young details the complicated dynamics of being in and yet never fully accepted into the Republican Party Coming Out Republican provides striking insight into who LGBTQ conservatives are what they want and why many of them continue to align with a party whose rank and file largely seem to hate them As the Republican Party renews its assaults on LGBTQ rights understanding the significant history of the gay Right has never been more critical *New York State and the Rise of Modern Conservatism* Timothy J. Sullivan,2008-12-01 From the early 1960s until 1980 New York s Conservative and Republican Parties battled on the editorial page at the ballot box and in the courts over the ideology of the GOP New York State and the Rise of Modern Conservatism recounts the story of how New York reputedly the most liberal of all states played a critical role in conservatism s political ascendancy and in the redrawing according to ideology of the country s party lines Examining the colorful personalities central to the transformation including Governor Nelson Rockefeller William F Buckley Jr John Lindsay Roy Cohn Jackie Robinson Clare Booth Luce G Gordon Liddy and William Casey author Timothy J Sullivan recounts the details of the party s battle a battle that ultimately forced the state s liberal Republicans to choose between their party and their ideology resulting in a reliably conservative national GOP prepared to nominate Ronald Reagan *Rich People's Movements* Isaac William Martin,2015-02 Why do protesters sometimes take to the streets to demand lower taxes on the rich In this urgently relevant study sociologist Isaac William Martin examines how these protesters used tactics that they learned in movements of the poor and powerless and sometimes won big *The Lifelong Activist* Hillary Rettig,2006 Part IManaging Your Mission1 Part IIManaging Your Time69 Part IIIManaging Your Fears133 Part IVManaging Your Relationship with Self235 Part VManaging Your Relationship with Others263 Neoconservatism and the New American Century M. Ryan,2010-10-25 Situated at the intersection of political history intellectual history and the history of U S foreign policy this book offers an in depth examination of the development of neoconservative foreign policy from the end of the Cold War to the election of George W Bush in 2000 *A Tale of Two Factions* Joseph P. Raso,2020-09-03 Updated and now in its second edition this book explores the two power factions that have dominated US politics and society from the early postwar period to the present Their think tanks foundations and media are examined along with their powerful international networks Foreign interventions and recent factional conflict are also investigated in the final chapters before developments shaping the United States and the world including the threat of a neo totalitarian future are discussed in the concluding pages A scholarly yet

readable study the author tackles the topic with a nonpartisan approach but grounded in the values of democracy liberty and promotion of the public interest *God Willing?* David Domke, 2004-07-20 The political fundamentalism offered up by the Bush administration after 9 11 capitalised upon the fear felt by many Americans In essence it is a conservative religious ideology but via strategic communication choices it was transformed into a policy agenda that feels political rather than religious These communications dominated public discourse and public opinion for months on end and came at a significant cost for democracy The administration had help spreading its messages The mainstream press consistently echoed the administration s communications thereby disseminating reinforcing and embedding the administration s fundamentalist worldview and helping to keep at bay Congress and any substantive public questioning This book analyzes hundreds of administration communications and news stories from September 2001 to Iraq in spring 2003 to examine how this occurred and what it means for U S politics and the global landscape

Eventually, you will totally discover a other experience and talent by spending more cash. nevertheless when? reach you put up with that you require to get those all needs past having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to understand even more approaching the globe, experience, some places, later than history, amusement, and a lot more?
