## **Blood Sweat And Tears The Hepatitis C Scandal:**

**Blood, Sweat and Tears** Glenys Spray,1998 Examines how 1600 people were infected by the state s own health service The author of this work talks to the women involved and recounts how their initial confusion and shock changed to anger at the way they had been treated The book also raises larger issues of accountability Catching Fire Beth Sundstrom,Cara Delay,2023 For more than a generation activists and advocacy organizations have been instrumental in agitating for women s health reforms in Ireland Over the last decade Irish activists have experienced a number of victories to improve women s health most notably in 2018 when Ireland passed a referendum to repeal the Eighth amendment a constitutional ban on abortion After years of unfavorable laws for women and successive scandals in women s health Ireland has taken transformative steps to redefine social norms surrounding women s health and reproduction The case of Ireland s women s health reform offers important insight toward furthering the modern global movement for women s autonomy Catching Fire narrates the rise of women s health activism in Ireland within a global reproductive justice framework which aims to understand and dismantle the systems of social inequality that shape oppress and restrict reproductive rights and bodily autonomy The volume focuses on attempts by Irish healthcare reformers and activists to improve Irish women s access to essential healthcare services and links key developments in Irish history to reproductive advocacy efforts in America and beyond Chapters offer historical context behind the modern reproductive justice movement through case studies on women s health issues such as contraception abortion and childbirth in Ireland Together these case studies celebrate the ingenuity of Irish activists who personalized reproductive justice through the stories of ordinary women on social media and established the Republic of Ireland as a model for future activist movements Reaching across groups and eras Catching Fire highlights the underrecognized historical feminist movements supporting recent women s health activism and the enduring lessons for achieving greater gender equity around the globe Last Best Gifts Kieran Healy,2010-08-15 More than any other altruistic gesture blood and organ donation exemplifies the true spirit of self sacrifice Donors literally give of themselves for no reward so that the life of an individual often anonymous may be spared But as the demand for blood and organs has grown the value of a system that depends solely on gifts has been called into question and the possibility has surfaced that donors might be supplemented or replaced by paid suppliers Last Best Gifts offers a fresh perspective on this ethical dilemma by examining the social organization of blood and organ donation in Europe and the United States Gifts of blood and organs are not given everywhere in the same way or to the same extent contrasts that allow Kieran Healy to uncover the pivotal role that institutions play in fashioning the contexts for donations Procurement organizations he shows sustain altruism by providing opportunities to give and by producing public accounts of what giving means In the end Healy suggests successful systems rest on the fairness of the exchange rather than the purity of a donor s altruism or the size of a financial incentive

**Insignis Sophiae Arcator** Gernot Rudolf Wieland,Carin Ruff,Ross Gilbert Arthur,2006 Some thirty years ago Michael

Herren burst on the medieval Latin scene with his edition and translation of the notoriously difficult *Hisperica Famina* and followed this a few years later with his translation of the prose works of Aldhelm. Notice was given that a junior scholar unafraid to tackle some of the most obscure complex and arcane Latin wished to make it accessible to non Latinists as well as to those Latinists who lacked his particular skills. Not content with labouring alone in that field Herren gathered scholars in Toronto to a conference on Insular Latin Studies the proceedings of which he published two years later. Over the years he shed considerable light on such obscure texts and authors as Virgilius Maro Grammaticus, John Scottus Eriugena and the *Cosmographia* by the pseudonymous Aethicus Ister. His research trail led him again and again to Ireland and the Irish contribution to early medieval Latinity and to English Carolingian and even Italian culture. Recognizing the rich diversity of medieval Latin Herren in 1990 founded *The Journal of Medieval Latin* and has as its editor provided a home for medieval Latinists of all stripes. The fourteen colleagues and former students who have contributed to the present volume wish to express their thanks to Herren for creating a venue in which medieval Latinists can come together exchange ideas learn from each other and teach each other. In their careers they have all learned from Herren who either supervised their theses or performed editorial magic on articles submitted to *The Journal of Medieval Latin*. The essays here gathered focus though not exclusively on the insular Latin of Ireland and England as well as on some Irish centres on the Continent such as St Gall. The *Hisperica Famina* so strongly associated with Herren though mentioned only in passing by some of the studies here provides the half line which was chosen as the title and the most suitable address to Herren: *insignis sophiae arcator* excellent teacher of wisdom.
