Bloody Practice:

The Return to Coatlicue Grisel Gomez Cano, 2010-09-13 Folklore yields important information about society and culture helping to propagate beliefs morals and values The study of Mesoamerican folklore offers a unique opportunity for understanding the religious syncretism occurring when powerful groups colonize others This work provides insight into a selected number of narratives rituals and artifacts originating from pre Conquest colonial and revolutionary periods The purpose is to disclose issues of militarism religious syncretism resistance and gender relations in Mexican society *Thicker Than Water* Lauren Weindling, 2023-04-17 The proverb goes that blood is thicker than water But do common bloodlines in fact demand special duties or prescribe affections Does this maxim presume that we can or should only love others biologically similar to ourselves Are we nobler if we do or somehow defective if we don't *Thicker than Water* examines the roots of this belief by studying the omnipresent discourse of bloodlines and kindred relations in the literature of early modern Europe specifically its role in the creation and maintenance of oppressive social structures Lauren Weindling examines how drama from England France and Italy tests these assumptions about blood and love exposing their underlying political function Among the key texts that Weindling studies are Shakespeare's *Romeo and Juliet* *Othello* and *The Merchant of Venice* Pierre Corneille's *Le Cid* Giambattista della Porta's *La Sorella* and its English analog Thomas Middleton's *No Wit Help Like a Woman* John Ford's *Tis Pity She's a Whore* and Machiavelli's *La Mandragola* Each of these plays in some way offers an extreme limit case for these beliefs in plots of love courtship and marriage e.g. blood feuds or incest They also illustrate that blood functions not as a biological basis for affinities but discursively Moreover they feature the voices of marginalized groups unprivileged by this ideology which present significant counterpoints to this bloody worldview Those outsiders reveal that finding alternative vocabularies to the bloody discourse of elite groups is both extremely difficult and often ineffectual further evidenced by their persistence today Much critical work on blood has examined this discourse as it manifests onstage as evidence of guilt the product of violence or in bleeding figures This book instead examines the work that blood does unseen in its connection to discourses of love and kinship arbitrating social and emotional connections between persons and thus underwriting our deepest forms of social organization **Secrets of Pompeii** Emidio De Albentis, 2009 This volume takes a fascinating look at how ancient Romans interacted in their public squares and marketplaces how they worshipped decorated their homes and spent their leisure time at the theatre in the gyms and in the baths and brothels *Caesar's Blood* Rose Williams, 2013 *A Lethal Deception* Rachel Amphlett, 2022-02-08 When a brutal attack on a business owner is followed by a suspicious death the police first suspect the beginning of a new underworld drugs war Then a second victim is found dead and the truth starts to look like something much worse With the death toll rising and her career under scrutiny from the media and her own superiors Kay Hunter is running out of time to unravel the deadly secrets hiding behind ruthless ambition and treachery But Kay isn't going to give up easily Because this time the first victim is closer to home *A Lethal*

Shallow Roots Jim Roberts,2007-04-22 Dr Zubeidi is a middle aged middle class Iraqi who has spent much of his adult life in the UK and who has become totally assimilated in the culture and way of life of Britain Married to an English woman and with two adult sons a chance meeting with a beautiful Arab woman and his ensuing obsession with her eventually leads to the destruction of his family job and ultimately his self esteem In essence the story charts how a mid life crisis driven by complacency and familiarity can provide fertile psychological soil for the seeds of infidelity to become implanted Once germinated the resulting visceral and passionate affair grows rapidly but tragically is not as vigorous as it first appears and inevitably withers The final chapter reveals how the events that preceded it may well have been predetermined Interwoven in the tale of destructive love are subsidiary themes covering medical malpractice and racism with the Iraqi crisis always present in the background *The National Encyclopaedia* ,1867 **Anita Brenner** Susannah Joel Glusker,Anita Brenner,1998 Journalist historian anthropologist art critic and creative writer Anita Brenner was one of Mexico s most discerning interpreters In this book her daughter Susannah Glusker traces Brenner s intellectual growth and achievements from the 1920s through the 1940s This intellectual biography brings to light a complex fascinating woman who bridged many

worlds the United States and Mexico art and politics professional work and family life Journalist historian anthropologist art critic and creative writer Anita Brenner was one of Mexico's most discerning interpreters Born to a Jewish immigrant family in Mexico a few years before the Revolution of 1910 she matured into an independent liberal who defended Mexico workers and all those who were treated unfairly whatever their origin or nationality In this book her daughter Susannah Glusker traces Brenner's intellectual growth and achievements from the 1920s through the 1940s Drawing on Brenner's unpublished journals and autobiographical novel as well as on her published writing Glusker describes the origin and impact of Brenner's three major books *Idols Behind Altars* *Your Mexican Holiday* and *The Wind That Swept Mexico* Along the way Glusker traces Brenner's support of many liberal causes including her championship of Mexico as a haven for Jewish immigrants in the early 1920s This intellectual biography brings to light a complex fascinating woman who bridged many worlds the United States and Mexico art and politics professional work and family life **A Southern Boy in Blue** Marcus Woodcock,2001

Woodcock's memoir has been meticulously annotated by Kenneth Noe who also provides an introduction that places Woodcock's experiences in historical context and describes his postwar career as a prominent Tennessee legislator attorney business administrator and Baptist layman The book is not only a compelling personal account but an important addition to the literature on Southern Unionism *The Broadview Anthology of Sixteenth-Century Poetry and Prose* Marie

Loughlin,Sandra Bell,Patricia Brace,2011-10-24 The Broadview Anthology of Sixteenth Century Poetry and Prose makes available not only extensive selections from the works of canonical writers but also substantial extracts from writers who have either been neglected in earlier anthologies or only relatively recently come to the attention of twentieth and twenty first century scholars and teachers Popular fiction and prose nonfiction are especially well represented including selections from popular romances merchant fiction sensation pamphlets sermons and ballads The texts are extensively annotated with notes both explaining unfamiliar words and providing cultural and historical contexts **The New Annual Register, Or, General Repository of History, Politics, and Literature for the Year ...** ,1818 *The New Annual Register, Or General Repository of History, Politics, and Literature* ,1818 *The Rage Against God* Peter Hitchens,2010-04-01

What if notorious atheist Christopher Hitchens bestselling author of *God Is Not Great* had a Christian brother He does Meet Peter Hitchens British journalist author and former atheist as he tells his powerful story for the first time in *The Rage Against God* In *The Rage Against God* Hitchens details his personal story of how he left the faith and dramatically returned Like many of the Old Testament saints whose personal lives were intertwined with the life of their nation so Peter's story is also the story of modern England and its spiritual decline The path to a secular utopia pursued by numerous modern tyrants is truly paved with more violence than has been witnessed in any era in history Peter invites you to witness firsthand accounts of atheistic societies specifically in Communist Russia where he lived in Moscow during the collapse of the Soviet Union Peter brings his work as an international journalist to bear as he shows that the twentieth century the world's bloodiest entailed nothing short

of atheism's own version of the Crusades and the Inquisition. The Rage Against God asks and answers the three failed arguments of atheism: Are conflicts fought in the name of religion really just conflicts about religion? Is it possible to determine what is right and what is wrong without God? Are atheist states not actually atheist? Join Hitchens as he provides hope for all believers whose friends or family members have left Christianity or who are enchanted by the arguments of the anti-religious intellectuals of our age.
