On Tragedy and Transcendence Khegan M. Delport, 2021-10-08 From the time of Plato s proposed

expulsion of the poets tragedy has repeatedly proposed a challenge to philosophical and theological certainties This is apparent already in early Christianity amongst leading figures during the patristic age But this raises the question Why was the theme of tragedy still accepted and deployed throughout the history of Christianity nevertheless Is this merely an accident or is there something more substantial at play Can Christian theology take the tragic seriously Must Christianity ultimately deny the tragic to be coherent or might it be able to sustain its negativity Some like George Steiner David Bentley Hart and John Milbank have doubts about such a coherency but others think differently This book aims to examine this debate laying out the lines of disagreement and continuing tensions Through a critical examination of the work of Donald MacKinnon and the eminent Christian thinker Rowan Williams the book aims to show that there is a path for reconciling the claims of Christian orthodoxy and the experience of tragedy one that is able to maintain a metaphysical foundation for both real transcendence and unfolding historicity without denying either

Antiquarian Book Monthly Review ,1991 **Brill's Companion to Anarchism and Philosophy** Nathan J. Jun, 2017-09-25 Despite the recent proliferation of scholarship on anarchism very little attention has been paid to the historical and theoretical relationship between anarchism and philosophy Seeking to fill this void Brill's Companion to Anarchism and Philosophy draws upon the combined expertise of several top scholars to provide a broad thematic overview of the various ways anarchism and philosophy have intersected Each of its 18 chapters adopts a self consciously inventive approach to its subject matter examining anarchism's relation to other philosophical theories and systems within the Western intellectual tradition as well as specific philosophical topics subdisciplines and methodological tendencies

Political Formation Jenny Leith, 2023-01-31 What might it mean us to be formed as disciples not only by the church but also by the world In Political Formation Being Formed by the Spirit in Church and World Jenny Leith argues that ethical and political formation of Christians takes place through the work of the Spirit both in the church and in civic life and the church too has something to learn from wider political practices and movements This account of formation places centre stage a reckoning with the forms of exclusion and marginalisation that mar the church and yields an understanding of the church as not only ethically formative but also in constant need of being formed itself Offering a fresh vision for ecclesiology which grapples with the ethical failings of the church and takes seriously the need for the church to keep on recognising and repenting of its sins the

book offers a major new contribution to discussions around Christian formation and the relationship between discipleship and ethics
