Mapping the Modern Mind: Virginia Woolf's Parodic Approach to the Art of Fiction in "Jacob's Room" Lindy van Rooyen, 2012-05 In this study the author conducts a close reading of Virginia Woolf's first experimental novel *Jacob's Room* 1922 Her reading is based on the fundamental premise that the novel is an exploration of fictional form rather than an exposition of any preconceived idea *Jacob's Room* is an essentially modernist text and is characterised by extensive genre mixing typical of the art of fiction in the early 20th century Throughout her study the author analyses the extent to which the novel transgresses the boundaries of the novelistic genre She explores the generic interface between the novel and those genres which are deemed to be innate to Virginia Woolf's sensibility i.e. the journalistic essay biography and impressionist painting The premise of this study leads the author to read the novel on two levels of significance On the narrative surface level of the novel Woolf constructs the tragic life of a promising young Englishman Jacob Flanders who dies in the First World War Simultaneously on the metafictional level of significance Woolf through her garrulous narrator mocks and evaluates the actions of her characters experimenting with various points of view in an attempt to define the character of her protagonist *Jacob's Room* is thus conceived as a mental space in which a modern writer's mind is mapped The central aesthetic question which is debated in this room or forum relates to the essential art of modern fiction in general and the efficiency of characterisation in fiction in particular It is argued that Virginia Woolf probes into the epistemic question of the essence of modern man and in an attempt to capture the essence of her protagonist speculates on the corresponding literary question how and to what extent the soul of man can be represented in fiction The author uses this generic approach to the novel as a broad structuring principle for her study of *Jacob's Room* After discussing the socio political context of modernism in the early 20th century including the impact of the First World War on modernist writing she focuses her study on those aspects of Woolf's fiction which are deemed fundamental to the narrative strategy in *Jacob's Room* i.e. the role and nature of Woolf's humour within the context of modernism the nodes or clusters of metaphors and symbols recurring in the text the role of the narrator as toastmaster of the debate on character and fiction in *Jacob's Room* the extent to which the novel parodies the new biography of the early twentieth century and the extent to which Woolf transvaluates the tools of impressionist painting into modernist fiction **Empowering Readers** Garry Gillard, 2003 This useful guide to

incorporating prominent literary theories into the reading process provides students with a substantial introduction to a wide range of ideas and practices Each chapter covers a text from the international canon and suggests how that text can also be interpreted by employing a particular literary theory Links are made between *A Passage to India* and postcolonialism *Heart of Darkness* and Marxism and *The Turn of the Screw* and psychoanalysis among others **Radio Modernism** Todd

Avery,2016-12-05 Radio Modernism marries the fields of radio studies and modernist cultural historiography to the recent ethical turn in literary and cultural studies to examine how representative British writers negotiated the moral imperative for public service broadcasting that was crafted embraced and implemented by the BBC's founders and early administrators Weaving together the institutional history of the BBC and developments in ethical philosophy as mediated and forged by writers such as T S Eliot H G Wells E M Forster and Virginia Woolf Todd Avery shows how these and other prominent authors involvement with radio helped to shape the ethical contours of literary modernism In so doing Avery demonstrates the central role radio played in the early dissemination of modernist art and literature and also challenges the conventional assertion that modernists were generally elitist and anti democratic Intended for readers interested in the fields of media and cultural studies and modernist historiography this book is remarkable in recapturing for a twenty first century audience the interest fascination excitement and often consternation that British radio induced in its literary listeners following its inception in 1922

Exploring the Frontiers of Fiction: Humour, Modernism and Narrative Form in Virginia Woolf's "Jacob's Room" (1922) Lindy van Rooyen,2012-02-15 Inhaltsangabe Introduction Virginia Woolf is not a popular writer Despite a fierce pride in her work it was never her ambition to be one Most people have heard of her work vaguely associating it with the second wave of the women's liberation movement in the 1970s and the type of fiction that is commonly called difficult and few people unfamiliar with her work would associate her reputation with humour These are some of the first impressions of a writer who is now hailed by scholars of English literature as one of the icons of modernism To speak of first impressions of Virginia Woolf's work is not as fatuous as it may seem After all Woolf's fiction was initially founded on

impressions and I hope to show that one of the distinctive characteristics of her oeuvre compared to other modernists like T S Eliot W B Yeats or James Joyce is the intensely visual nature of her art Furthermore she is often associated with a movement of modern painting in the early twentieth century known as Post Impressionism including painters like C zanne Picasso and Georges Braque Finally laughter in all its registers whether merry cruel or parodic runs like a golden thread throughout the texture of her essays short stories and novels as satire does more generally throughout modernism I have chosen Virginia Woolf s third novel Jacob s Room 1922 as the focus of my study of Woolf s modernism It is not her best known novel as most critical acclaim is reserved for Mrs Dalloway 1925 or To the Lighthouse 1927 She started writing fiction in 1915 just as the First World War started and for four reasons I believe that Jacob s Room is the perfect starting point from which to survey Woolf s particular contribution to the Modernist Movement Firstly the social catastrophe associated with the First World War is widely considered to be the decisive historic event in the collective consciousness of early twentieth century Europe its effects reverberating throughout the literary and visual arts in the 1920s Secondly Jacob s Room was published in a year which falls nicely within the boundaries of the period of High Modernism which culminated in the decades between 1910 and 1930 Indeed the year of 1922 marks the publication of two other seminal modernist works T S Eliot s Wasteland and James Joyce s Ulysses Thirdly Jacob s Room is commonly regarded as Virginia Woolf s first experimental novel in which she in her own phrase
