Blue Peter The Inside Story:

The History of Broadcasting in the United Kingdom: Volume V: Competition Asa Briggs, 1995-03-23 Part of a five volume history of the rise and development of broadcasting in the United Kingdom Childhood—The Inside Story Cedric Cullingford, 2021-04-16 This is a forensic analysis of the experience of childhood from the children's point of view. It demonstrates through case studies how the influences of home, the school and the neighbourhood are interpreted. The pupils reveal how they form their attitudes to life, to themselves and to society. They reveal how they learn to form their future conduct through their analysis of school. *Inside Stories* Judy Robertson, Rose Luckin, Lisa Gjedde, 2008-11-01 Five travellers meet on a train: a teacher, a technologist, an educational researcher and two children. As they travel across the continent towards the Future of Learning conference, they exchange their stories. This book explores the ways in which new technology can support storytelling skills in learners. Written in the form of discussions between teachers, learners and researchers, it is an accessible introduction to issues in educational storytelling and technology. A challengingly thoughtful book about narrative, daringly written in the narrative form. Bravo Jerome Bruner, New York University. This is the perfect introduction to the possibilities of narrative learning. I warmly recommend *Inside Stories: A Narrative Journey to creative educators of every variety*. Dr Donald Smith, Director of the Scottish Storytelling Centre. **IPL: An inside story. Cricket & Commerce** Alam Srinivas, TR Vivek, 2012-09-24 Much like its commissioner Mr Lalit Modi, IPL from the very beginning has always been mired in controversies of all imaginable kinds. From Vijay Malliyas sacking of the team coach Charu Sharma for the team's poor performance in season one to the grand auction of international players for season two in Fort Aguda Beach Resort in Goa, Modi has been able to keep the interest alive by successfully marrying money with sports. This is a new kind of cricket where players are auctioned and teams and players are owned by franchise owners. But this is also the cricket where players from U 19 get a chance to play with Sachin Tendulkar or Shane Warne. IPL: An Inside Story takes a look at almost all the aspects of IPL from who actually first thought of such a tournament to the process of choosing the franchise owners and from the socio-economic impact of the IPL on Indian society to the politics of shifting the venue of season two to South Africa.

Listener and BBC Television Review ,1989-05 Wreck Recovery In Britain Peter J Moran,2018-10-30 Whereas on the Continent the Missing Research and Enquiry Unit left no stone unturned to try to trace the thousands of airmen who still remained missing strangely enough no similar operation was carried out by the RAF on crash sites in the United Kingdom Many of these still contained the mortal remains of pilots whose names had been

added to the Memorial to the Missing unveiled at Runnymede in 1953 It is difficult to understand today how it took so long for the realization to sink in that aircraft wreckage still remained buried When it did there followed what can only be described as an unholy scramble to find crash sites and dig them up heavy plant being employed to make it easier and quicker At the height of this unfettered exploration period during the 1970s there were over 30 aviation archaeology groups at work particularly in the counties of Essex Kent and Sussex Unrecovered human remains were now being found which understandably raised criticism from some quarters Inevitably order had to be restored and the Ministry of Defence stepped in with a code of conduct for digging up crashed aircraft a measure that was reinforced by an Act of Parliament in 1986 Thereafter a process was introduced whereby the Ministry issued licenses before a wreck site could be excavated and every license application whether granted or refused is listed for the first time in this book **Headpress** ,1999 The Making of a Name Steve Rivkin, Fraser Sutherland, 2005-01-13 How do brand names differ from other names and what goes into making a good name great and a bad name ghastly Knowing this can spell the difference between bankruptcy and marketplace triumph In this indispensable guide the authors share the secrets of successful brand names how they've indelibly stamped cultures around the world who makes them why they're made and how they're compiled bought sold and protected The book outlines what kind of names exist the initialized descriptive allusive and coined How namers surf on brainwaves The do's don'ts and nevers of naming how the structure of names is built from the ground up and how their sounds are engineered Why names symbolize benefits Where in the world brands may be found and what will become of them Fast paced illustration packed gazing at the past and probing into the future this is the definitive book on naming The Making of A Name is the one book anyone interested in owned words must have **The Agony and the Ecstasy of Underground Culture!** David Kerekes, 1999 *Issues and Singularity in the British Media Volume 2* Renée Dickason, David Haigron, 2024-07-16 This book offers a historical cultural political and socio economic analysis of the British media It examines how facts and events are reported and interpreted but also how ideas and opinions circulate and are recycled with attention being paid to British traits and tropes in these domains This in depth study of issues and singularity aims at understanding how the British media have helped shape the country's culture and representations thereby providing its people with a sense of togetherness Volume 2 focuses on radio and mostly television broadcasting from the interwar period to the early 21st century In order to apprehend what is deeply engrained in British culture and thus contributes to shaping national identity it analyses the ideas disseminated and reflected not only in programmes but also within media institutions in the face of changing political contexts as well as providing a historiographical overview *People of Today* ,2002 **Theatres of Memory: Island stories: unravelling Britain** Raphael Samuel, 1994 The Railway Magazine ,1993
