Blue World:

Blue World Robert R. McCammon, 1990 There have been any number of books of interview with contemporary writers but none precisely like this one The author editor has somehow managed to get these very different poets to follow his lead and in many cases for the first time anywhere to reveal much about their intellectual habits assumptions and preconceptions In almost every case he has been able to get these poets to talk more openly and freely than anyone else has ever done George Garrett Navaho Indian Myths Aileen O'Bryan, 2012-05-04 Rich compilation of Navaho origin and creation myths recorded directly from a tribal elder The Creation of the Sun and Moon The Maiden who Became a Bear and many more

Keats and Philosophy Shahidha Bari, 2012-09-10 John Keats remains one of the most familiar and beloved of English poets but has received surprisingly little critical attention in recent years This study is a fresh contribution to Keats criticism and Romantic scholarship positioning Keats as a figure of philosophical interest who warrants renewed attention Exploring Keats's own Romantic accounts of feeling and thinking this study draws a connection between poetry and the phenomenological branches of modern philosophy The study takes Keats's poetic evocation of touching hands wandering feet beating hearts and breathing bodies as a descriptive elaboration of consciousness and a phenomenological account of experience The philosophical terms of analysis adopted here challenge the orthodoxies of Keats scholarship traditionally characterised by the careful historicisation of a limited canon The philosophical framework of analysis enhances the readings put forward while Keats's poems in turn serve to give fuller expression of those ideas themselves Using Keats as a particular case this book also demonstrates the ways in which theory and philosophy supplement literary scholarship **Linwae's Journal** Dennis Ruiz Jr., 2019-02-12 In the age of fairies Linwae is the sole survivor of a lost water fairy race and she narrates you through an extraordinary journey of how Princess Ethinia of the ice fairies and Prince Ardian of the fire fairies find each other fall in love and then learn that their two opposite worlds can coexist but they also realize that their love will also cause a war between the ice and fire fairies Linwae has envisioned this fairy tale in a dream and she writes down her visions in this book that accurately shows the future Since these visions haven't all happened yet she can only call this her story about two fairies who will determine the fate of their races They have the power to recreate a lost race of water fairies but at what cost Hopefully they won't suffer the same fate that the water fairies did and will make the right decision They will have to make the biggest choice of their young lives love for each other or life for their civilizations **Ski**, 2005-10 *Skiing*, 2006-11
