Chinese Legal Reform:

China's Legal Reform Keyuan Zou, 2006 China's entry into the World Trade Organization WTO has had a tremendous impact on the development and reform of China's legal system. This book focuses on the developments of China's legal system as well as its reform in the context of globalization. It covers various topics including constitutional changes, law-based administration, and more. China's Legal Reforms and Their Political Limits Eduard B. Vermeer, Ingrid d'. Hooghe, 2002. Papers from a workshop organized by the Sinological Institute of Leiden University Oct 1998. **China's Journey toward the Rule of Law** Dingjian Cai, Chenguang Wang, 2010-05-31. The thirty years since China's reform and opening have been very eventful for the country's legal reforms, and this volume presents a multi-disciplinary look at the current scholarship going on in China on the subject. The articles have been translated into English to assist scholars worldwide in understanding China's recent legal history and also to help familiarize them with the currents of contemporary Chinese scholarship. Individual subjects include commercial law, the evolving relationship between the Chinese government and its citizens, administrative law, and criminal justice. There are also chapters on newly emerging areas of the law that are crucial to China's future development, such as the chapters on environmental law and intellectual property. The volume also includes a chapter on legal education and the legal profession, judicial reform, and the development of law to protect the rights of the disadvantaged. *Modern Chinese Legal Reform* Qiang Fang, 2011. China's rapid socioeconomic transformation of the past twenty years has led to dramatic changes in its judicial system and legal practices. As China becomes more powerful on the world stage, the global community has dedicated more resources and attention to understanding the country's evolving democratization, and policymakers have identified the development of civil liberties and long-term legal reforms as crucial for the nation's acceptance as a global partner. *Modern Chinese Legal Reform* is designed as a legal and political research tool to help English-speaking scholars interpret. *Chinese Legal Reform and the Global Legal Order* Yun Zhao, Michael Ng, 2017-11-09. This volume critically evaluates the latest legal reform of China, covering major areas such as trade and securities law, online privacy law, criminal law, human rights, and international law. It represents a bold departure from the most recent works on Chinese legal reform by engaging the ideas of experts in contemporary Chinese law with the archival scholarship of Chinese legal historians. This unique interdisciplinary feature affords readers a more nuanced view of the complexities and specificities of how China has problematized legal reforms in various historical contexts when building a progressive yet sustainable legal system. This volume appraises the most current reform in Chinese law by considering China's engagement with globalisation, increasingly complicated domestic situation, and historical legal transplantation experiences. It will be of huge interest to students, researchers, and practitioners interested in Chinese law and policy, China and Asian studies, and Chinese legal history. Bird in a Cage Stanley B. Lubman, 1999. This book analyzes the principal legal institutions that have emerged in China and considers implications for U.S. policy of the limits on China's ability to develop.

Chinese Law Jianfu Chen,1999-07-14 Law in particular its actual functioning in any given society is above all a part of the culture of that society a part of its historical political social and intellectual creation If a black letter approach towards law in the West is under increasing criticism it is particularly unhelpful if not misleading in understanding Chinese law its nature and developments Rather to understand Chinese law its nature and developments we need to examine the Chinese legal traditions the prevailing political and economic situations Party policies on economic reform and tolerance towards political liberalisation and scholarly discussions and debate This is the approach of this book Its aim is to put Chinese law in context to outline the nature and present status of its development and to analyse the meaning of the law within the Chinese context However this monograph does not ignore the practical needs for determining the precise contents of the black letter law either A study of this kind necessarily involves a process of topic selection However to avoid over generalisation and over simplification it also demands a considerable degree of comprehensiveness in coverage For this reason the book covers what the Chinese scholars term fundamental law and basic branches of law while other topics are covered because they are either crucial for the understanding of the law such as legal traditions in China or of practical importance such as foreign investment and trade Chapter One provides an historical background to traditional Chinese legal culture and modern law reforms The historical background of specific topics is examined as the topics are analysed in the following chapters Chapter Two deals with the changing fate of law under Communist rule Its focus is on the underlying factors and justifications for such changes Chapter Three introduces discussions on specific branches of law from public law constitutional law law making administrative law criminal law criminal procedure law to private law civil law family law contracts law on business entities and law on foreign investment and trade Each of these is dealt with in a separate chapter After the analysis of these substantial topics certain conclusions are drawn which attempt to define the nature of Chinese law and its developments in present day China *Chinese Legal Reforms* Lu Xu,2024-04-22 This book explains the details and underlying thinking of

many major reforms to Chinese law and legal practice that have taken place since 2013 It draws widely on laws and regulations policies cases official statistics as well as the latest Chinese and foreign literature The informed analysis answers intriguing questions such as why China runs the world s largest database of court judgments without recognising any precedent or why the number of judges was cut by 40% despite a more than doubled caseload Ultimately it offers a new approach on how to understand Chinese law and legal reforms in the contemporary world

Legal Reform in the Contemporary Socialist World Ngoc Son Bui, 2024-08-12 Legal Reform in the Contemporary Socialist World explores four decades of legal reform in the socialist countries of China Vietnam Laos North Korea and Cuba from a comparative perspective Spanning the late 1970s to the present it examines various projects methods strategies contents driving forces and limitations of legislative reform administrative reform judicial reform and reform of the legal profession Legal reform in these countries is the project of the political elite to improve the legal system while retaining its core socialist principles It is carried out through legislative enactments amendments and replacements which the political elite adopt using incremental strategies to reform the legal system sporadically or systematically Socialist legal reform is animated by the political aspiration to create the rule of law the impact of social economic change and the influence of transnational and comparative law Despite significant reforms the socialist principles of the legal systems in these countries largely remain intact This legal reform however varies considerably by country Legal Reform in the Contemporary Socialist World offers a holistic view of understudied jurisdictions in comparative law essential for anyone studying or working in these areas in law politics or policy

China's Legal Reforms and Their Political Limits Ingrid Hooghe, Eduard B. Vermeer, 2012-12-06 Presents new insights into recent changes in China s legal framework in areas crucial to the modernisation process Topics include law reform to accommodate foreign interests and convert China to a market economy the judicial system and its treatment of human rights issues the introduction of non tariff barriers for foreign companies and the current privatisation process

The Evolution of Law Reform in China Stanley B. Lubman, 2012 This timely collection presents articles written by Chinese and Western authors on law reform in the People s Republic of China from its beginning in 1978 until the present day The first part presents differing perspectives on the history of law reform Separate sections are devoted to core institutions the Constitution the legislature administrative law courts criminal process the legal profession extra judicial dispute resolution and citizen petitions Alongside an original introduction the book will be of interest to readers with specialized interests in Chinese law but also to anyone interested in China s governance

The Changing Chinese Legal System, 1978-Present Bin Liang, 2007-12-12 This groundbreaking book examines the changing Chinese legal system since 1978 In addition to historical analyses of changes at the economic political legal and social levels Liang gives special attention to crime and punishment functions of the legal system and the current judicial system based on field research i e court observations in both Beijing and Chengdu The court system has been in a process of systemization both internally and externally seeking

more power and relative independence. However, traditional influences such as preference of mediation over litigation and substantive justice over procedural justice and lack of respect from the masses and guaranteed power from the political structure still have major impacts on the building and operation of the judicial system. Liang also shrewdly places the Chinese legal and political reform within the global system. This book, which reshapes our understanding of the economic, political, and essentially legal changes in China within the global context, will be crucial reading for scholars of Asia, law, criminal justice, and sociology.
